Barron,Eric Murphy Selinger,2000 A rich and provocative overview of Jewish American poetry *The New American Poetry of Engagement* Ann Keniston,Jeffrey Gray,2012-07-31 This anthology of poetry collects 21st century American works by both established and emerging poets that deal with the public events government policies ecological and political threats economic uncertainties and large scale violence that have largely defined the century to date But these 138 poems by 50 poets do not simply describe lament or bear witness to contemporary events they also explore the linguistic temporal and imaginative problems involved in doing so In this way the anthology offers a comprehensive look at contemporary American poetry demonstrating that poets are moving at once toward a new engagement with public concerns and toward a focus on the problems of representation A detailed introduction by the editors along with poetics statements by many of the poets add depth and context to a book that will appeal to anyone interested in the state and evolution of contemporary American poetry Instructors considering this book for use in a course may request an examination copy here *The Cradle of the Real Life* Jean Valentine,2000-04-14 The poems ride lightly on the waves of thought more textures than statements The cradle of the real life is divided into two sections the shorter first section dealing with loss and death and the longer second section entitled *Her lost book* which weaves memories

with various metaphors for writing and deals specifically with the problem of women's writing Cover **American and British Poetry** Harriet Semmes Alexander, 1984 Certain Solitudes, on the Poetry of Donald Justice (c) William Logan, 1997 *Mysticism in Postmodernist Long Poems* Joe Moffett, 2014-10-28 Written from a literary critic's perspective *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman's *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine *Reading, Learning, Teaching James Dickey* William B. Thesing, 2009 William B Thesing James Dickey's colleague at the University of South Carolina for twenty years has a unique and complex perspective on the life and writing of this great twentieth century American author Dickey offers readers students and teachers a variety of energized and imaginative texts and Thesing provides original and perceptive readings of his life and his novels as well as his most popular poems about animals in nature man in nature social and sexual relationships women and civilian and wartime death This is the only introductory teaching study guide available on Dickey's poems and novels Chapters are conveniently organized around essential thematic categories The author employs various modern critical approaches from feminist criticism to deconstruction to the poems and novels The book will be useful in college or high school courses on Southern literature American poetry and twentieth century literature Questions of Possibility: Contemporary Poetry and Poetic Form David Caplan, 2006-09-26 *Questions of Possibility* examines the particular forms that contemporary American poets favor and those they neglect The poets' choices reveal both their ambitions and their limitations the new possibilities they discover and the traditions they find unimaginable By means of close attention to the sestina ghazal love sonnet ballad and heroic couplet this study advances a new understanding of contemporary American poetry Rather than pitting closed verse against open and traditional poetry against experimental *Questions of Possibility* explores how poets associated with different movements inspire and inform each other's work Discussing a range of authors from Charles Bernstein Derek Walcott and Marilyn Hacker to Agha Shahid Ali David Caplan treats these poets as contemporaries who share the language not as partisans assigned to rival camps The most

interesting contemporary poetry crosses the boundaries that literary criticism draws synthesizing diverse influences and establishing surprising affinities In a series of lively readings Caplan charts the diverse characteristics and accomplishments of modern poetry from the gay and lesbian love sonnet to the currently popular sestina      **The Christian miscellany, and family visitor** ,1859      **James Dickey** Henry Hart,2001-09-08 A fascinating biography of one of the most popular colorful and notorious American poets of our century The legendary Southern poet James Dickey never shied away from cultivating a heroic mystique Like Norman Mailer and Ernest Hemingway he earned a reputation as a sportsman boozier war hero and womanizer as well as a great poet novelist screenwriter and essayist But James Dickey made lying both a literary strategy and a protective camouflage even his family and closest friends failed to distinguish between the mythical James Dickey and the actual man Henry Hart sees lying as the central theme to Dickey s life and in this authoritative immensely entertaining biography he delves deep behind Dickey s many masks Letters anecdotes tall tales and true ones as well as the reluctant but finally candid cooperation of Dickey himself animate Hart s narration of a remarkable life Readers of Dickey s National Book Award winning poetry his bestselling novel Deliverance and anyone who witnessed his electrifying readings of his work will savor this book      *Directory of American Poetry Books* ,1995
