wisdom of Jesus sayings in the gospels in words and images McCollough examines Jesus wisdom in the context of the political

and economic world of the Roman Empire and then applies it to our own time for both personal growth and social action. Original works of art by McCollough illustrate the texts of these sayings and can be used in private reflection, worship, and educational settings. In addition, readers may use the images for newsletters, church bulletins, and program announcements. A DVD with color images of many more illustrations of the book is available from the author. The short wisdom sayings of Jesus are almost always interpreted as private or interpersonal instruction and ignore the political, economic context of his time. The result is often sentimental piety or otherworldly speculation. Yet it is hard to imagine that Jesus and his followers were blind to the tyranny of Rome and the economic exploitation of a tiny minority over the vast majority of people living desperate lives in the Roman colonies. This book uses the insights of formerly colonized Bible readers in the non-Western world to understand the postcolonial meanings of Jesus' time and our own.

Light Calvary In Interstellar Xiao Zu, 2020-01-08 As the humans continued to expand their horizons, the Star Alliance, which was formed by the humans, began to fight against the other races in the universe. And the Pang Great Emperor, which was formed by the Talambo people, became the strongest opponent for the human race. Having just joined the light cavalry army, An Chunhua relied on the military training he received when he was young to quickly display his skills in battle. In the many battles that followed, An Chunhua was able to see the ugliness of war. After abandoning the idea of building a career, He Chunhua only wanted his comrades to survive in this seemingly endless war under his leadership.

Matthew and Empire Warren Carter, 2001-10-01 In *Matthew and Empire*, Warren Carter argues that Matthew's Gospel protests Roman imperialism by asserting that God's purposes and will are performed not by the empire and emperor but by Jesus and his community of disciples. Carter makes the claim for reading Matthew this way against the almost exclusive emphasis on the relationship with the synagogue that has long characterized Matthean scholarship. He established Matthew's imperial context by examining Roman imperial ideology and material presence in Anitoch, the traditional provenance for Matthew. Carter argues that Matthean Christology, which presents Jesus as God's agent, is shaped by claims and protests against those claims that the emperor and the empire are God's agents. He pays particular attention to the Gospel's central irony: namely, that in depicting God's ways and purposes, the Gospel employs the very imperial framework that it resists.

Matthew and Empire challenges traditional readings of Matthew and encourage fresh perspectives in Matthean scholarship
