Jerome Pohlen, 2014-05-01 There's more to Michigan than beautiful forests shuttered factories and miles and miles of stunning shoreline Armed with this offbeat travel guide you'll soon discover the strange underbelly of the Great Lakes State Michigan has monuments to fluoridation snurfing the designer of the Jefferson nickel and the once famous Mr Chicken as well as festivals honoring tulips Christmas pickles and a 38 acre fungus It's where you'll find the World's Largest Lugnut the Nun Doll Museum Joe's Gizzard City the Teenie Weenie Pickle Barrel Cottage Howdy Doody and Thomas Edison's last breath The state also has its share of weird history it's where Harry Houdini perished on Halloween night in 1926 where skater Tanya Harding's posse whacked Nancy Kerrigan and where the Kellogg brothers invented popular breakfast cereals and less popular yogurt enemas Along with humorous histories and witty observations **Oddball Michigan** provides addresses websites hours fees and driving directions for each of its 450 entries **Walloodsac**

Slavitt, David, 2015-03 If a novel is a work of prose of some length this is a novel but different in that it is more like life which has no plots and does not reward virtue or punish vice and in which characters appear and then if the author doesn't kill them off remain to the end Life is messier than Tolstoy and Henry James were willing to admit Here in David R Slavitt's farrago one thing leads to another but without discernible direction until at the end there is a kind of resolution a vision however unreliable and approximate of what the life of the speaker has been It is a deeply thoughtful book but also laugh out loud funny Like life if we're lucky **Life on the Level**

Jon Lands, 2013-08-15 Many years ago the Flying Wallendas were performing with the Circus and were quite a attraction wherever they performed their high wire act In one city in which they performed the local weather reporter asked the patriarch Karl Wallenda May I give the weather report on the high wire Karl agreed The big moment came the reporter stepped out balanced and gave a quick weather forecast In an instant the commercial break came and the reporter asked Mr Wallenda How do I step back right foot or left foot In his haste to make high viewer ratings rather than be safe the reporter was completely unaware of his new difficulty Karl Wallenda said Son you can't back up you have to step forward The nervous reporter said Mr Wallenda I can't do that I have never walked the high wire beside I am one step back from where I started Wallenda said You've got thirty three steps in front of you and it is safer to take thirty three steps forward than one step back Don't be afraid I'll be right behind you The principle is true if you are going to live life on the level Don't be afraid and step forward The Epistle of James teaches us about balance so we may walk forward with Jesus no matter where He guides you This book and its study of James will help you keep your balance as you walk across the high wire of the Christian life

Remember it is easier to keep your balance walking forward rather than stepping backward Can t you hear Christ whispering in your ear words of encouragement Take another step and trust Him as you live Life on the Level Death in Dyker Heights Stephan Saks,2012-08 Hal Silver is back and he s crankier than ever But who can blame him He s been hired by a mob kingpin who wants him to find out who murdered his son Vinny Viano and he doesn t have a clue where to start And his only help is the dim witted gangster s assistant whose only concern is how many pieces he wants to break Hal into should he fail to solve the case Wandering the south Brooklyn streets of Dyker Heights Hal meets neighborhood characters and cronies babes and bumlbers No one has a bad thing to say about Vinny but someone clearly didn t like him as much he let on And if Hal doesn t find the killer soon the next corpse may be his own **She Flies Through The Air** Lee Stath (Marilees),2013-10-31 Lee Marilees Stath at the age of 88 sits quietly in the saddle of his custom built Desperado motorcycle No longer doing wheelies he is content pumping iron at the gym and on the other days tearing up the turf at Scott Schreiner the local golf course at his adopted home in Kerrville Texas That still leaves too much time in the evenings remembering and missing Mary But he says that is the best part of the day **The Spoken Word Revolution** Mark Eleveld,2005-03-01 A dynamic and clarifying volume chock full of fresh and informative commentary and an exciting array of knock out poems Booklist Starred Review Accompanied by a terrific CD that showcases the great variety of styles performance poetry embraces from the purest of recitations to seductive musical presentations this dynamic anthology embodies the thrilling and mutually beneficial rapprochement between the traditionalists and the slammers something that seemed about as likely 10 years ago as that proverbial cold day in hell Chicago Tribune The Spoken Word Revolution brings to life the written and performed works of more than 40 of the most influential slam hip hop performance art and contemporary poets in the world today This defining collection of spoken word poetry captures today s electrifying words and voices in text and immediately live on one audio CD Falling Wallendas Michael R. first year of this tumultuous decade reflect the dramatic changes that were taking place around the country. Nowhere was this more evident than in college football where the University of Texas became the last all white national champion in 1970 even as a freshman still ineligible to play was standing by to bring about integration. In Lombardi Dies Orr Flies Marshall Cries The Sports Legacy of 1970 Brad Schultz covers the most significant and momentous sports stories from this single year in American history reflecting on the deeper impact of these events both on the sporting world and on society as a whole. Integration, homosexuality, drugs, lawsuits and tragedy all crossed the sporting landscape in 1970 including pivotal moments such as student athlete protests against racism in college football, the debut of Monday Night Football, a challenge to baseball's reserve clause and the plane crash carrying Marshall University's football team that killed everyone on board. Schultz tells these stories and more thoughtfully placing them within the context of the political, social and cultural events taking place across the country and around the world. Many of the athletes from 1970 may no longer be with us, their records may have been broken and younger athletes may have taken their place, but forty five years later it is time to look back and reflect on the significance of the events that took place in this unforgettable sports year. Chronicling a remarkable time in the history of American sports, this book will interest historians, sports fans and those wanting to learn more about the impact of sports on culture and society.
