Connecting Children with Classics Meagan Lacy, Pauline Dewan, shady radical, 2018-03-14 This guide identifies hundreds of books that can help children develop into engaged readers. Children's librarians collection development specialists in public libraries as well as K-8 school librarians and teachers will choose from the best in children's titles. This unique readers advisory and collection development guide for librarians and others who work with children focuses on readers and their needs rather than simply categorizing books by their characteristics and features as traditional literature guides do. Taking this unusual perspective brings forth powerful new tools and curricular ideas on how to promote the classics and how to best engage with young readers and meet their personal and emotional needs to boost interest and engagement. The guide identifies seven reader driven appeals or themes that are essential to successful readers advisory awakening new perspectives providing models for identity offering reassurance comfort strength and confirmation of self worth connecting with others giving courage to make a change facilitating acceptance and building a disinterested understanding of the world. By becoming aware of and tapping into these seven themes librarians and other educators can help children more deeply connect with books thereby increasing the odds of becoming lifelong readers. The detailed descriptions of each book provide plot summaries as well as notes on themes subjects reading interest levels adaptations and alternative formats translations and read alikes. This informative guide will also aid librarians in collection development and bibliotherapy services.

En él se ofrece un panorama global de la narrativa infantil y juvenil de todas las pocas se propone una forma de agrupar los libros según criterios físicos de reconocer se apuntan rasgos de géneros y subgéneros y se señalan cuáles son los primeros y mejores representantes en cada uno se ofrecen relaciones entre libros que forman como itinerarios temáticos y de lectura. Desde otro punto de vista el libro tiene igual función que la que puede cumplir una guía con mapas donde vienen señalados itinerarios y lugares en los que

detenerse y que a la vez tambi n sirven para preguntarse por rutas y sitios que no figuran en ella El subtulo un panorama de la narrativa infantil y juvenil queda un poco corto no todas las historias de las que se habla pertenecen a la literatura infantil y juvenil pues cuando se trata de aquellos libros que abordan problemas infantiles y juveniles serios el autor con frecuencia pasa de los libros para ni os y j venes a los libros sobre ni os y j venes **Una arruga en el tiempo - Kit de Literatura Gr.**
