Fearless Dialogues Gregory C. Ellison II, 2017-11-10 Drawing on all the community's collective voices from doctors to drug dealers Fearless Dialogues is a groundbreaking program that seeks real solutions to problems of chronic unemployment violence and hopelessness In cities around the United States and now the world the program's founder Gregory C Ellison and his team create conversations among community members who have never spoken to one another the goal of which are real implementable and lasting changes to the life of the community These community transformations are based on both face to face encounters and substantive analysis of the problems the community faces In Fearless Dialogues A New Movement for Justice Ellison makes this same kind of analysis available to readers walking them through the steps that must be taken to find common ground in our divided communities and then to implement genuine and lasting change **Presumed**

Intimacy: Parasocial Interaction in Media, Society and Celebrity Culture Chris Rojek, 2015-12-18 Presumed intimacy refers to a relationship that requires instant trust confidence disclosure and the recognition of vulnerability Chris Rojek investigates the impact of relationships of presumed intimacy where audiences form strong identifications with mediated others whether they be celebrities political personae or online friends Arguing that the way the media are able to manage these relationships is a significant aspect of their power structure the core of the book is an investigation into the complicity of the media in encouraging presumed intimacy and the cultural social and political consequences arising from this Beyond this it examines how intimacy is performed as a masquerade in many social settings the scripts we follow in social settings that try to manufacture a shortcut to intimacy A compelling look into mediated relationships in the network society Presumed Intimacy will be a key contribution to the critical analysis of society media and culture **Transforming Legal Education**

Paul Maharg, 2007 Maharg presents a critical inquiry into the identity and possibilities of legal education and an exploration of transformational alternatives to our current theories and practices of teaching and learning the law This book analyses and challenges curren

From Social Butterfly to Engaged Citizen Marcus Foth, Laura Forlano, Christine Satchell, Martin Gibbs, 2011-11-18 Studies from around the world show how the social media tools of Web 2.0 are shaping engagement with cities communities and spaces Web 2.0 tools including blogs wikis and photo sharing and social networking sites have made possible a more participatory Internet experience Much of this technology is available for mobile phones where it can be integrated with such device specific features as sensors and GPS From Social Butterfly to Engaged Citizen examines how this increasingly open collaborative and personalizable technology is shaping not just our social interactions but new kinds of

civic engagement with cities communities and spaces It offers analyses and studies from around the world that explore how the power of social technologies can be harnessed for social engagement in urban areas Chapters by leading researchers in the emerging field of urban informatics outline the theoretical context of their inquiries describing a new view of the city as a hybrid that merges digital and physical worlds examine technology aided engagement involving issues of food the environment and sustainability explore the creative use of location based mobile technology in cities from Melbourne Australia to Dhaka Bangladesh study technological innovations for improving civic engagement and discuss design research approaches for understanding the development of sentient real time cities including interaction portals and robots

Location-Based Mobile Games Davide Spallazzo, Ilaria Mariani, 2018-02-21 This book approaches Location Based Mobile Games from a design perspective investigating the peculiar traits that make them compelling contemporary practices and challenging fields of investigation Relying on an interdisciplinary theoretical background and empirical studies it delves into LBMGs intertwining theoretical assumptions and describes their translation into practice The authors examine these games from different perspectives exploring how they can impact the way we look at our surroundings their influence on our social dimension their ability to translate a wide range of information into a game experience and the negotiations they activate by intertwining two realities Each issue is addressed from a twofold perspective that of the designers who craft the games and that of the users who interpret the designers choices and take part in the game experience In so doing the book covers the relationship between processes of designing and playing investigating games that communicate through meaningful interactions share perspectives as forms of narratives and integrate physicality and surroundings in the play activity The reasoning advanced throughout the chapters will benefit researchers designers and entrepreneurs in the field as it provides a novel perspective on LBMGs seeks to increase designers awareness of often neglected issues and suggests interpretations and practices that can impact how commercial games are designed

Building New China, Colonizing Kokonor Gregory Rohlf, 2016-03-04 Building New China Colonizing Kokonor Resettlement to Amdo and Qinghai in the 1950s examines rural resettlement to the Sino Tibetan cultural borderlands in the 1950s More than 100 000 eastern Han and Hui Chinese were sent to Qinghai province known in Mongolian as Kokonor and Amdo to Tibetans to plow up new fields in areas that were being incorporated into the Chinese state for the first time The settlers were to bring their skilled labor literacy and modern thinking to backward Qinghai to fully exploit its natural resources of oil natural gas gold and empty lands for the benefit of the industrializing nation The book is a social and political history of resettlement focusing on the people who were moved and the overall impact the program had on the province It is a frontier history but it also narrates a story of state building in modern China that spans the twentieth century and the opening years of the twenty first

The Routledge Companion to Digital Ethnography Larissa Hjorth, Heather Horst, Anne Galloway, Genevieve Bell, 2017-01-20 With the increase of digital and networked media in everyday life researchers have increasingly turned their gaze to the symbolic and cultural elements

of technologies From studying online game communities locative and social media to YouTube and mobile media ethnographic approaches to digital and networked media have helped to elucidate the dynamic cultural and social dimensions of media practice The Routledge Companion to Digital Ethnography provides an authoritative up to date intellectually broad and conceptually cutting edge guide to this emergent and diverse area Features include a comprehensive history of computers and digitization in anthropology exploration of various ethnographic methods in the context of digital tools and network relations consideration of social networking and communication technologies on a local and global scale in depth analyses of different interfaces in ethnography from mobile technologies to digital archives

Negotiating Identity Susie Scott, 2016-02-19 Identity is never just an individual matter it is intricately shaped by our experiences of social life Taking a Symbolic Interactionist approach and drawing on Goffman's dramaturgical theory Susie Scott explores the micro social processes of interaction through which identities are created maintained challenged and reinvented With a focus on empirical studies as illustrations classic sociological theory is applied to contemporary examples Each chapter focuses on a key dimension of how identities are negotiated in the drama of everyday life from politeness and face saving rituals to secrecy lies and deception Goffman's ideas are explored in relation to self presentation role making group interaction and public behaviour while language and discourse are shown to help people to give credible identity performances and to frame social situations The book reveals how social selves change over the life course through stigma labelling and deviant careers and how life in a total institution can radically transform its members identities Through all of these processes self and society are shown to be intertwined This insightful approach will appeal to students taking a range of courses in the sociology of the self identity interaction and everyday life

The Experimental Study of Freudian Theories (Psychology Revivals) Hans J. Eysenck, Glenn D. Wilson, 2013-11-26 Originally published in 1973 the editors of this book collected together those studies which had been considered at the time to yield the best evidence in support of Freudian theory and found on close examination that they failed to provide any such proof Each paper is printed in full and is followed by a critical discussion which raises questions of statistical treatment sufficiency of controls and alternative interpretations The particular usefulness of this format is that it allows readers to form their own opinions while providing helpful suggestions and guidelines on how to approach experimental studies with a critical mind

Mobile Media Practices, Presence and Politics Kathleen M. Cumiskey, Larissa Hjorth, 2013-08-29 As an example of convergence the mobile phone especially in the form of smartphone is now ushering in new promises of seamlessness between engagement with technology and everyday common experiences This seamlessness is not only about how one transitions between the worlds of the device and the physical environment but it also captures the transition and convergences between devices as well i.e. laptop to smartphone smartphone to tablet This volume argues however that these transitions are far from seamless We see divisions between online and offline virtual and actual here and there taking on different cartographies emergent forms of seams It is these

seams that this volume acknowledges challenges and explores socially culturally technologically and historically as we move to a deeper understanding of the role and impact of mobile communication s saturation throughout the world
