Families And Frontiers:

Families and Frontiers Kathryn Edwards, 2021-10-01 The frontier of the Early Modern Burgundies In this book Edwards applies in reverse the American frontier concept in order to understand the local changes in family and community in a Burgundy torn in two after the death of Charles the Bold in 1477 During the late fifteenth and early sixteenth centuries residents of the eastern duchy and the western county of Burgundy were in a place and time of transition and transformation a veritable frontier While France and the Holy Roman Empire vied for political control of the region residents struggled to define their social cultural political and economic relationships to each other In the region of the Sa ne River valley detailed case studies and family reconstruction of specific elites from the cities of Dijon Dole and Besan on are discussed The river ironically acted as a roadway not a barrier and facilitated the fluidity of the residents relationships Thus the Burgundian frontier was marked by a tacit acceptance of permeable boundaries and the ensuing choices interchanges negotiations and flexibility inherent to the region Edwards successfully argues that a frontier develops when a previously united region is divided and offers a provocative alternative interpretation to contrast with the national historiography most frequently used by scholars This book enhances our understanding of how pre modern societies created regional identities [Families and Frontiers](#) Kathryn A. Where Cultures Meet David J. Weber, Jane M. Rausch, 1997-08-01 In Where Cultures Meet editors Weber and Rausch have collected twenty essays that explore how the frontier experience has helped create Latin American national identities and institutions Using frontier to mean more than border Weber and Rausch regard frontiers as the geographic zones of interaction between distinct cultures Each essay in the volume illuminates the reciprocal influences of the pioneer culture and the frontier culture as they contend with each other and their physical environment The transformative power of frontiers gives them special interest for historians and anthropologists Delving into the frontier experience below the Rio Grande Where Cultures Meet is an important collection for anyone seeking to understand fully Latin American history and culture

Frontier Cities Jay Gitlin, Barbara Berglund, Adam Arenson, 2012-12-18 Macau New Orleans St Louis Pittsburgh and San Francisco All of these metropolitan centers were once frontier cities urban areas irrevocably shaped by cross cultural borderland beginnings Spanning a wide range of periods and locations and including stories of eighteenth century Detroit nineteenth century Seattle and twentieth century Los Angeles Frontier Cities recovers the history of these urban places and shows how from the start natives and newcomers alike shared streets buildings and interwoven lives Not only do frontier cities embody the earliest matrix of the American urban experience they also testify to

the intersections of colonial urban western and global history The twelve essays in this collection paint compelling portraits of frontier cities and their inhabitants the French traders who bypassed imperial regulations by throwing casks of brandy over the wall to Indian customers in eighteenth century Montreal Isaac Friedlander San Francisco's Grain King and Adrien de Pauger who designed the Vieux Carré in New Orleans Exploring the economic and political networks imperial ambitions and personal intimacies of frontier city development this collection demonstrates that these cities followed no mythic line of settlement nor did they move lockstep through a certain pace or pattern of evolution An introduction puts the collection in historical context and the epilogue ponders the future of frontier cities in the midst of contemporary globalization With innovative concepts and a rich selection of maps and images *Frontier Cities* imparts a crucial untold chapter in the construction of urban history and place

The Frontiers of Baluchistan George Passman Tate, 1909 George Passman Tate was an assistant superintendent employed by the Survey of India who headed the surveys undertaken by two missions that determined large parts of the borders of Afghanistan the Baluch Afghan Boundary Commission of 1895-96 and the Seistan Arbitration Mission of 1903-5 The first of these surveys was carried out to delimit the so called Durand Line the border

between Afghanistan and British India present day Pakistan that was negotiated during the 1893 mission to Kabul by Sir Mortimer Durand of the Indian government and codified in an agreement signed by Durand and the ruler of Afghanistan Amir Abd al Rahman Khan The second survey was to Seistan or Sistan a region that straddles eastern Iran and southern Afghanistan and parts of Pakistan It was undertaken after the governments in Kabul and Tehran asked Great Britain to arbitrate the border between the two countries in this region The book contains an introduction by Colonel Sir Henry McMahon the British commissioner on both missions Most of the book is taken up by Tate s account of the Seistan Mission He describes the journey overland from Quetta in present day Pakistan to eastern Iran and the region of the marshy Hamun i Helmand present day Daryacheh ye Hamun fed by the Helmand River Tate offers vivid descriptions of the harsh and forbidding climate the famous Wind of 120 Days and the people economy and social conditions of the region The final chapter is devoted to the Helmand River The book includes illustrations and two fold out maps one showing the route of Tate s travels and another the region of the Daryacheh ye Hamun Tate describes the work of the surveying parties but he offers little insight into the politics surrounding the determination of the borders a topic which as Sir Henry McMahon phrased it in his introduction he felt himself debarred from touching Tate filed a number of official reports in which these topics were discussed

Kudzma, 2021-11-12 Health Promotion Throughout the Life Span E Book *On the Borders of Love and Power* David Wallace Adams, Crista DeLuzio, 2012-07-09 Embracing the crossroads that made the region distinctive this book reveals how American families have always been characterized by greater diversity than idealizations of the traditional family have allowed His essays show how family life figured prominently in relations to larger struggles for conquest and control **Families and Frontiers** Kathryn A. Edwards, 1993 Frontier's End Robert Gish, 1988-01-01 The western frontier was officially pronounced closed in 1890 the year Harvey Fergusson was born in Albuquerque He spent his life reopening it in a series of novels stretching from the classic *Wolf Song* to the belatedly acclaimed *Grant of Kingdom* and *The Conquest of Don Pedro* In this first full biography and critical study Robert F Gish sees Fergusson as a modern frontiersman in love with the outdoors women and writing The scion of New Mexico family prominent in business and politics Fergusson moved restlessly from one new frontier to another always seeking to recreate in his life and work the adventure and freedom enjoyed by his ancestors After a strenuous open air life by the Rio Grande he went east to raise a ruckus as a journalist and then to Hollywood as a screenwriter all the while testing his sexual mettle Finally freelance writing was the only frontier available to one of his imaginative energy Fergusson s early novel *Wolf Song* is still

considered one of the best ever written about the mountain man Gish shows the writer embracing the gloriously masculine and atavistic role of a lone rider even as he scorned the worship of the primitive Fergusson struck up a friendship with H L Mencken and Theodore Dreiser who influenced his literary style and played a part in the development of Taos and Santa Fe as meccas for artists and writers Based on extensive research including Fergusson s diaries and correspondence Frontier s End goes a long way toward reconciling the regional with the mainstream in American literature in the person of a serious novelist whose importance is finally being recognized
