Help for the Hurting Family Larry E. Banta M.D., 2022-09-14  
Families are the foundation of our culture and an integral part of our churches, but they face attacks from the world, the flesh, and Satan. Larry E. Banta, M.D., an experienced psychiatrist subspecialized in child and adolescent psychiatry, explores how to build a strong family in a chaotic world. He answers questions such as: Why is building a strong family an essential component of the Christian experience? How can we structure and maintain a family that will withstand the pressures of life and come out strong? Why should ministry to the family be one of the main activities of the local church? Often parents are unable to fulfill the purpose of a family or do not know how to build a strong family. This leaves children unable to secure a firm identity and self concept. They often don't see the purpose of leaving home and being on their own, taking on the adult responsibilities of family and a job. Learn to build the family on the strong foundation of the Word of God and take on family challenges that the church sometimes misses with the wisdom in Help for the Hurting Family.
