Rethinking Work and Learning Peter Willis, Stephen McKenzie, Roger Harris, 2008-11-02 Rethinking a Sustainable Society Alan Mayne The world has already passed the midway point for achieving by 2015 the eight Millennium Development Goals for a more peaceful prosperous and just world that were set by the United Nations in the wake of its inspirational Millennium Declaration in 2000. These goals range from combating poverty hunger and disease to empowering women and ensuring environmental sustainability. However Ban Ki Moon the United Nations Secretary General conceded in 2007 that progress to date has been mixed. During 2008 the head of the United Nations World Food Programme cautioned that because of the surge in world commodity prices the program had insufficient money to stave off global malnutrition and the World Health Organization warned of a global crisis in water and sanitation. Depressing news accounts accumulate about opportunities missed to achieve a fairer world order and ecology.

cal sustainability the manipulation of election results in Africa human rights abuses in China 4000 Americans dead and another nation torn apart by a senseless and protracted war in Iraq and weasel words by the world's political leadership in the lead up to negotiations for a climate change deal in 2009 that is supposed to stabilize global carbon dioxide emissions It is clear that the parameters of the debates that drive progressive policy change urgently require repositioning and energizing As is shown by the contributors to Rethinking work and learning experts in the humanities and social sciences HASS could have an important role to play in this process
