Strengthening Families for America's Children Richard M. Lerner,Elizabeth E. Sparks,Laurie D. McCubbin,2013-03-09 Family Diversity and Family Policy describes the dimensions of diversity which characterize the contemporary American family and discusses the implications for public policy and associated intervention programs linked to this diversity The authors contend that if the programs and policies available to support families are to be most useful they need to reflect the diversity of the families they intend to help Beginning with a discussion of the historical and contemporary context of the American family Family Diversity and Family Policy focuses on child poverty and argues that this topic may be usefully studied within the context of developmental systems theory This theory systematically links the development of individuals to variations in their physical and social ecology and is used as a framework for discussing Contemporary challenges faced by parents charged with rearing adolescents and the familial and societal issues that arise when the adolescents being reared

are parents themselves Current policy issues that arise from welfare debates in the United States and from recently enacted welfare reform legislation The importance for our nation of developing a comprehensive national youth policy The authors draw implications for the design delivery and evaluation of diversity sensitive policies and programs for families and youth and offer a vision of how to link scholars policy makers and community members in multi professional and multi institutional collaborations promoting the positive development of American families and youth Family Diversity and Family Policy is relevant to scholars and policy makers interested in human development particularly of children and adolescents In addition it should be essential reading for practitioners and policy makers in government private industry and public and private social service organizations

International Approaches to Prevention in Mental Health and Human Services

Robert Hess, Wolfgang Stark, 1995 Here is a new book devoted to prevention efforts outside of the United States Chapters present prevention efforts from a variety of countries including Costa Rica Israel Italy the Netherlands and Poland and reflect the diversity in the cultures of the authors Despite cultural differences common themes emerge mainly an orientation toward the community and a focus on empowerment International Approaches to Prevention in Mental Health and Human Services increases knowledge of differences and similarities in prevention strategies from around the world and stimulates international relationships which can enrich the field of prevention for all

Adolescent Health Care John W. Wodarski, 1997-02-21 The problems adolescents face in the U S are staggering the rates of teenage pregnancy substance abuse depression suicide violent behavior and unemployment are higher than in any other industrialized democracy Adolescent Health Care Program Designs and Services is devoted to helping practitioners address the problems of our adolescents through the use of preventive interventions based on sound empirical data As a practitioner you cannot assume a passive role instead you must use your professional knowledge expertise and understanding of human behavior theory and personality development in the construction and implementation of intervention strategies This book shows you how to utilize prevention efforts geared toward the adolescent developmental period The main strength of Adolescent Health Care lies in the empirical database upon which the text rests Reliable scholarly information with a practical delivery is seldom seen in the literature The book's approach is mass oriented rather than individual oriented and it seeks to build health from the start rather than to repair after damage is done Specific topics you learn about to improve your level of care include peer and parent communication issues personal social economic and political benefits of prevention the Life Skills Training approach as a preventive model HIV prevention for inner city adolescent females individual interpersonal and institutional risk factors associated with substance abuse community coalitions and collaborative partnerships as substance abuse prevention strategies an assessment of Intensive Family Preservation Services IFPS the use of an ecological model and preventive intervention for juvenile delinquents Adolescent Health Care is a valuable resource for middle and high school teachers service providers who work in human service agencies and college level instructors of courses such as the psychology of

adolescence and social work practice with children and adolescents This book utilizes curriculum materials and background information from a number of university workshops and courses resulting in an up to date reference that facilitates helping adolescents overcome their problems and acquire valuable life skills **Concepts and Theories of Human Development**
