

STEPS TO CREATING A FAMILY EMERGENCY PLAN

There are some things people naturally don't like to discuss. What your family should do in case of an emergency should not be one of them. Be prepared, teach your children to be prepared, and take comfort in knowing that if disaster should strike, you and your family will know what to do.

GETTING STARTED

To get started with planning a family emergency plan, you and your family should consider the following:

- Create a family emergency kit
- Create a pet emergency kit
- Maintain your family emergency kits
- Complete this printout

Keep a copy of this completed printout on your fridge and give one to each member of your family to keep on their person – be it in a backpack, wallet, or the glovebox of a car.

Consider putting together a disaster kit with essentials your family would need in case of emergency.

OUT OF STATE CONTACT

It's important to identify a friend or family member outside of your immediate location to act as a point of contact in case of emergencies. During a disaster, it may be easier to make a long-distance phone call than a local one.
