Family Formation In An Age Of Nascent Capitalism:

Servants in Husbandry in Early Modern England Ann Kussmaul, 1981-11-12 This book explores servants in husbandry and considers the wider historiographical implications *Family History*, 1985 An ambitious volume of studies of the origins and trends in family history of major geographical areas *Family Formation in an Age of Nascent Capitalism* David Z. Levine, 2013-09-11 Family Formation in an Age of Nascent Capitalism deals with the impact of early capitalism on the strategies of family formation among four sets of English villagers in the period before the wholesale switch over to factory industry This era roughly speaking from 1550 to 1850 has been variously described as traditional preindustrial and more recently protoindustrial However the author sees it as a stage in the transition from feudalism to capitalism a halfway house The book begins by placing the study in the context of the larger debate concerning nascent capitalism early rural industrialization and the growth of population Separate chapters then discuss the growth and structure of the framework knitting industry in Shepshed and the social implications of this economic change the patterns of immigration population turnover and generational replacement in Shepshed and Bottesford and industrial involution and domestic organization in 1851 Subsequent chapters deal with the demographic implications of rural industrialization the relationship between economic opportunity and family formation and relationships among the expectation of marriage bridal pregnancy and illegitimacy **The English Family 1450 - 1700** Ralph A. Houlebrooke, 2014-06-11 The history of the family has become the source of lively controversy and Ralph Houlbrooke's study has made a major contribution to the debate Thorough investigations reveal the attitudes and aspirations of all levels of society set within economic political and religious contexts and developments within the period *Novel Relations* Ruth Perry, 2004-08-05 Ruth Perry describes the transformation of the English family as a function of several major social changes taking place in the eighteenth century including the development of a market economy and waged labor enclosure and the redistribution of land urbanization the rise of the middle class and the development of print culture In particular Perry traces the shift from a kinship orientation based on blood relations to a kinship axis constituted by conjugal ties as it is revealed in popular literature of the second half of the eighteenth century Perry focuses particularly on the effect these changes had on women's position in families She uses social history literary analysis and anthropological kinship theory to examine texts by Samuel Richardson Charlotte Lennox Henry MacKenzie Frances Burney Jane Austen and many others This important study by a leading eighteenth century scholar will be of interest to social and literary historians *Romantic Periodicals and Print Culture* Kim Wheatley, 2004-11-23 Building on a revival of scholarly interest in the cultural effects of early 19th century periodicals the essays in this collection treat periodical writing as intrinsically worthy of attention not a mere backdrop to the emergence of British Romanticism but a site in which Romantic ideals were challenged modified and developed Contributors to the volume discuss a range of different periodicals from the elite Quarterly and Edinburgh Reviews through William Cobbett's populist weekly newspaper Two Penny

Trash to the miscellaneous monthly magazines typified by Blackwood's While some contributors to the volume approach the phenomenon of Romanticism within periodical culture from a more materialist standpoint than others several elaborate upon recent intersections between Romantic studies and gender studies

The Changing American Family Scott J South, Stewart Tolnay, 2019-06-26 In this book leading authorities on the family show how families parents and children have been affected by changing patterns of marriage and cohabitation Taking a long historical perspective some authors consider trends such as the decline of multigenerational families and group differences in the relationships between economic opportunity and the timing of marriage But the focus is predominantly on questions of current interest patterns of union formation differences between marriage and cohabitation contact between divorced fathers and their children the division of household labor and the transmission of attitudes and behavior across generations Intended for scholars and advanced students this book offers essential analysis of the changing dimensions of the American family

Domestic Strategies Stuart Woolf, 2003-12-04 Research on historical processes such as commercialisation traditionally concentrated on the motors of change and measurement of their impact and considered the labouring classes as the passive objects of such changes Developments in the social sciences in recent years have stimulated a new reading of the historical sources in terms of the social relations and strategies of families in interpreting and adapting to their own use institutional settings and economic resources The essays presented in this 1991 book explore the relationship between the historical experiences of social relations and the demands and opportunities offered by the economy in early modern Europe through a focus on the strategies of labouring families Critical discussion of the historian's use of sources characterises the essays which provide case studies of social groups in north central Italy and the French Alps They relate to three specific themes the exploitation of non agricultural resources in the countryside urban guilds and charitable provision

Spinning the Threads of Uneven Development Jane Gray, 2005-01-01 Using the history of the Irish linen industry as a substantive case study Spinning the Threads of Uneven Development shows how gendered variations in the division of labor within and between households affected the economic development of the local and regional textile industry beginning with industrialization through to the transition to industrial capitalism Drawing on a wide range of sources from census records to folk poetry Jane Gray develops a dynamic model of gender that links the allocation of labor within households to macro socioeconomic change Expanding on recent literature of the salience of gender in the Irish political economy Spinning the Threads of Uneven Development is important reading for social and economic historians as well as those interested in the role of gender in economic development and Irish history

Family Forms in Historic Europe Cambridge Group for the History of Population and Social Structure,1983-03-10 The family forms of historic Europe have been fascinating in their variety Their importance for the historical development of our continent would be difficult to exaggerate for our relationship with the peoples of the other continents of the world as well This book is an attempt to recover the different familial systems and compare them with one another The studies range from Russia Poland Hungary and Austria to Scandinavia Flanders and Britain All the influences which have affected the character and composition of European households are taken into account The analysis covers their function as productive work groups in the procreation and bringing up of children and in the support of the elderly and their relationship with the wider society and its norms along with its political organization central and local Claims that inheritance customs and inheritance practice and the occupation of the household head exerted a powerful influence on the size and composition of households are subjected to rigorous and systematic investigation The Family in Question Diana Gittins,2017-03-01 After a decade of

Thatcherism rising illegitimacy and the moral panic over child sexual abuse the family is more of a political issue than ever But is it the family that is in crisis or family ideology In this revised edition of an important and controversial book Diana Gittins adds to a broad range of historical anthropological and feminist evidence a new chapter on child sexual abuse

Land, Kinship and Life-Cycle Richard M. Smith,Jan De Vries,Paul Johnson,2002-08-08 Essays on land transfer in English rural communities over the period 1250 1850 **The Family and Family Relationships, 1500-1900** Rosemary

O'Day,1994-10-26 While historians have written with ease about the state and the church the family has so far defied historical analysis As the primary cell of human social organisation upon which both state and church depend it is of crucial importance In this concise informative and stimulating book Rosemary O'Day seeks to explain the difficulties facing the

historian of the family and to suggest strategies for their solution She compares families and households in time space and economy over the period 1500 1914 and draws together the important existing work *Domestic Violence and the Law in Colonial and Postcolonial* Emily S.
