Latin Inscriptions in the Kelsey Museum Steven Tuck,2010-03-23 The Latin inscriptions in the Kelsey Museum are among the best primary sources we have for documenting the lives of the lower classes in the Roman world They provide unique evidence of the details of Roman daily life including beliefs occupations families and attitudes toward death The 400 entries in this volume include all of the Latin inscriptions on stone or metal in the Kelsey Museum of Archaeology at the University of Michigan they represent the largest and arguably the most important collection of Latin inscriptions in the Western Hemisphere The collection is notable not just for its size but for the fact that almost all the inscriptions were acquired by purchase for their scholarly and educational value to the members of the university community Because of this the collection is also an important testimony to a seminal phase in the development of the study of Classics at the University of Michigan For the first time ever this project makes the Latin inscriptions of the Kelsey available in one volume and has provided an opportunity to reexamine some texts that have not been edited in over a century The commentaries for this edition have benefited from a wealth of recent scholarship resulting in some amended readings and reidentification of texts Steven L Tuck is Assistant Professor of Classics at Miami University of Ohio The Kelsey Museum Studies series edited by University of Michigan professors Elaine Gazda Margaret Cool Root and John Pedley is designed to publish unusual material in the Museum s collections together with reports of current and past archaeological expeditions sponsored by the University of Michigan
[The Roman Family in Italy](#) Beryl Rawson,Paul Richard Carey Weaver,1999 The family continues to be seen as a central institution in Roman as well as modern Western society The Roman family is often used as a stereotype sometimes of severity sometimes of decadence with its decline often cited as a cause of wider decline and fall Definitions and concepts continue to be modified and nuanced however as the availability of new evidence and new methodologies make possible a much less simplistic picture In this volume the study of family draws on a wide range of disciplines to develop the intertwined themes of status sentiment and space For example on status there are contributions about Junian Latins and a survey of senators monuments while sentiment is represented by a gloomy but convincing picture of old age and a paper on the sentimental ideal which argues that conflict as well as concord is a feature of family life Space is represented among others by the contribution on who commemorates whom in Roman Italy pointing up the regional variations in custom and the difficulties in tracing complete families The final contributions focus on the house how people lived in the Roman house the use of rooms and the artefacts that might indicate this use The book makes use of many types of evidence from the legal and

literary to the iconographical and archaeological Visual and material evidence play an important role in reconstructing real lives in considerable colour and variety The book moves beyond the city of Rome to the rest of Roman Italy and even into the provinces just as Roman culture moved outwards and mingled with other cultures Chronologically too there are new directions towards the later Empire and Christianity So although the contributors do not abandon any of the territory already gained in Rome nor literary and epigraphical sources nor the late Republic or early Empire there is an exciting sense of new discovery

Women's History and Ancient History Sarah B. Pomeroy, 2014-03-01 This collection of essays explores the lives and roles of women in antiquity A recurring theme is the relationship between private and public and many of the essays find that women's public roles develop as a result of their private lives specifically their family relationships Essays on Hellenistic queens and Spartan and Roman women document how women exerted political power usually but not always through their relationship to male leaders and show how political upheaval created opportunities for them to exercise powers previously reserved for men Essays on the writings of Sappho and Nossis focus on the interaction between women's public and private discourses The collection also includes discussion of Athenian and Roman marriage and the intrusion of the state into the sexual lives of Greek Roman and Jewish women as well as an investigation of scientific opinion about female physiology The contributors are Sarah B Pomeroy Jane McIntosh Snyder Marilyn M Skinner Cynthia B Patterson Ann Ellis Hanson Lesley Dean Jones Natalie Boymel Kampen Mary Taliaferro Boatwright and Shaye J D Cohen

Seeking the Mothers in Ovid's "Heroides" Simona Martorana, 2024-09-15 Seeking the Mothers in Ovid's Heroides explores Ovid's reconceptualization of the heroines maternal experience Rather than aligning them with the stereotypical roles of Roman women motherhood enables the Ovidian heroines to challenge traditional norms with irreverent perspectives on gender categories and familial relationships To confront these perspectives and overcome the dialectic between the male voice of the poet and the female voice of the heroines Seeking the Mothers in Ovid's Heroides argues for a form of polyphonic cooperation between the two voices thus providing new angles on ironical discourse and gender fluidity within the Heroides By reading the Heroides both through feminist theory and against Ovid's poetic production Simona Martorana provides a novel approach to describe how motherhood enhances the heroines agency drawing on works of Kristeva Irigaray Butler Mulvey Cavarero Braidotti and Ettinger The application of theory is flexible throughout Seeking the Mothers in Ovid's Heroides and tailored to the nuances of specific passages rather than being uniformly imposed on the ancient text Seeking the Mothers in Ovid's Heroides reveals how the irony ambiguity and polyphony intrinsic to Ovid's poetry are amplified by the heroines poetic voices Martorana breaks new ground by incorporating contemporary feminist theories within the analysis of the Heroides and provides an original comprehensive analysis of motherhood that encompasses other Ovidian works Latin poetry and classical literature more broadly

Augustus and the Family at the Birth of the Roman Empire Beth Severy,2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus rise to sole power into the early reign of his successor Tiberius Augustus and the Family at the Birth of the Roman Empire is an outstanding example of how if we examine private issues such as those of family and gender we gain a greater understanding of public concerns such as politics religion and history Discussing evidence from sculpture to cults and from monuments to military history the book pursues the changing lines between public and private family and state that gave shape to the Roman imperial system

Lois McMaster Bujold Janet Brennan Croft,Donald E. Palumbo,C.W. Sullivan III,2013-01-28 Lois McMaster Bujold has won a shelf full of awards Hugos Nebulas and others for both her science fiction and fantasy writing She is one of the most respected names in the field always delivering polished thoughtful and well crafted writing She consistently addresses great issues and problems on a human level where they are faced by quirky prickly and very real characters and her exploration of the theory of reader response is an important critical contribution Yet there has been a surprising dearth of serious critical writing about her output in part because she resists neat and easy classification by genre politics or subject matter This collection of fresh essays aims to correct that situation by presenting critical insights into many aspects of her writing Attention is given to both her Miles Vorkosigan science fiction series and her Chalion and Sharing Knife fantasy series as well as the books that fall outside these series

Birthing Salvation Anna Rebecca Solevåg,2013-10-09 In Birthing Salvation Anna Rebecca Solevåg

explores the theme of childbearing in early Christian discourse The book maps the importance of women s childbearing in Greco Roman culture and shows how childbearing discourse interfaces with salvation discourse in three early Christian texts the Pastoral Epistles the Acts of Andrew and the Martyrdom of Perpetua and Felicitas Issues of gender and class are explored through an intersectional analysis In particular the institution of slavery and its implications for ideas about salvation in these texts are drawn out Birthing Salvation offers fresh interpretations of these texts including the peculiar statement in 1 Tim 2 15 that women will be saved through childbearing

Luke's Christology of Divine Identity Nina Henrichs-Tarasenkova, 2015-11-19 Henrichs Tarasenkova argues against a long tradition of scholars about how best to represent Luke s Christology When read against the backdrop of ancient ways of constructing personal identity key texts in the Lukan narrative demonstrate that Luke indirectly characterizes Jesus as the one God of Israel together with YHWH Henrichs Tarasenkova employs a narrative approach that takes into consideration recent studies of narrative and history and enables her to construct characters of YHWH and Jesus within the Lukan narrative She employs Richard Bauckham s concept of divine identity that she evaluates against her study of how one might speak of personal identity in the Greco Roman world She engages in close reading of key texts to demonstrate how Luke speaks of YHWH as God in order to demonstrate that Luke Acts upholds a traditional Jewish view that only the God of Israel is the one living God and to eliminate false expectations for how Luke should speak of Jesus as God This analysis establishes how Luke binds Jesus identity to the divine identity of YHWH and concludes that the Lukan narrative in fact does portray Jesus as God when it shows that Jesus shares YHWH s divine identity

Metaphors and Social Identity Formation in Paul's Letters to the Corinthians Kar Yong Lim, 2017-05-05 Why did Paul frequently employ a diverse range of metaphors in his letters to the Corinthians Was the choice of these metaphors a random act or a carefully crafted rhetorical strategy Did the use of metaphors shape the worldview and behavior of the Christ followers In this innovative work Kar Yong Lim draws upon Conceptual Metaphor Theory and Social Identity Theory to answer these questions Lim illustrates that Paul employs a cluster of metaphors namely sibling familial temple and body metaphors as cognitive tools that are central to how humans process information construct reality and shape group identity Carefully chosen these metaphors not only add colors to Paul s rhetorical strategy but also serve as a powerful tool of communication in shaping the thinking governing the behavior and constructing the social identity of the Corinthian Christ followers
