**Forthcoming Books** Rose Army, 2003-12 *Biography of an Idea* Edward L. Bernays, 2015-04-07 The father of public relations looks back on a landmark life spent shaping trends preferences and general opinion A twentieth century marketing visionary Edward L. Bernays brilliantly combined mastery of the social sciences with a keen understanding of human psychology to become one of his generation's most influential social architects In *Biography of an Idea* Bernays traces the formative moments of his career from his time in the Woodrow Wilson administration as one of the nation's key wartime propagandists to his consultancy for such corporate giants as Procter Gamble General Electric and Dodge Motors While working with the American Tobacco Company Bernays launched his now infamous Lucky Strike campaign which effectively ended the long standing taboo against

women smoking in public With his vast knowledge of the psychology of the masses Bernays was in great demand advising high profile officials and counseling the tastemakers of his generation His masterful and at times manipulative techniques had longstanding influences on social and political beliefs as well as on cultural trends Biography of an Idea is a fascinating look at the birth of public relations an industry that continues to hold sway over American society A Certain Idea of France Julian Jackson, 2018-06-18 A SUNDAY TIMES THE TIMES DAILY TELEGRAPH NEW STATESMAN SPECTATOR FINANCIAL TIMES TLS BOOK OF THE YEAR Masterly awesome reading an outstanding biography Max Hastings Sunday Times The definitive biography of the greatest French statesman of modern times In six weeks in the early summer of 1940 France was overrun by German troops and quickly surrendered The French government of Marshal Pétain sued for peace and signed an armistice One little known junior French general refusing to accept defeat made his way to England On 18 June he spoke to his compatriots over the BBC urging them to rally to him in London Whatever happens the flame of French resistance must not be extinguished and will not be extinguished At that moment Charles de Gaulle entered into history For the rest of the war de Gaulle frequently bit the hand that fed him He insisted on being treated as the true embodiment of France and quarrelled violently with Churchill and Roosevelt He was prickly stubborn aloof and self-contained But through sheer force of personality and bloody-mindedness he managed to have France recognised as one of the victorious Allies occupying its own zone in defeated Germany For ten years after 1958 he was President of France's Fifth Republic which he created and which endures to this day His pursuit of a certain idea of France challenged American hegemony took France out of NATO and twice vetoed British entry into the European Community His controversial decolonization of Algeria brought France to the brink of civil war and provoked several assassination attempts Julian Jackson's magnificent biography reveals this the life of this titanic figure as never before It draws on a vast range of published and unpublished memoirs and documents including the recently opened de Gaulle archives to show how de Gaulle achieved so much during the War when his resources were so astonishingly few and how as President he put a medium rank power at the centre of world affairs No previous biography has depicted his paradoxes so vividly Much of French politics since his death has been about his legacy and he remains by far the greatest French leader since Napoleon **The Transformation of the Year One Thousand** Guy Bois, 1992 This is a study of the village of Lournand near Cluny which lies at the heart of the little territory that is probably the best documented in the whole of the West in the late 10th and 11th centuries In tracing the development of the community from antiquity to feudalism the author creates a new model for the European context of feudalism challenging existing interpretations of medieval social and economic development Originally published in French in 1989 Heralded by Georges Duby as a landmark in the study of feudalism Catalog of Copyright Entries.
