Enemies of Your Marriage Dr. Matthew N.O. Sadiku, 2018-08-20 The divorce rate in America affects about half of all marriages This indicates that building a successful long lasting marriage is not easy But according to God s plan marriage is to be enjoyed not endured Your marriage will thrive and succeed if you do things God s way In this book Enemies of Your Marriage I am sharing with you what will not make your marriage thrive I have identified twelve enemies of your marriage There are forces working against the success of the marriage These common problems can be avoided fixed or resolved using many tips offered in this book If you address them or avoid them you will enjoy your marriage and be happy

Handbook of Family Violence Alan S. Bellack, Michel Hersen, R.L. Morrison, Vincent B. Van Hasselt, 2013-06-29 In the last decade there has been heightened clinical and investigative activity in the area of family violence This of course is partly attributable to recent surveys showing a high incidence of family violence in the United States For example there are indications that nearly 30% of married women in this country are victims of physical abuse by spouses at some point in their marriage Further FBI statistics show that approximately 13% of all homicides are husband wife killings Moreover it has been projected that such figures are likely to increase over the next several years Consistent with these trends funding of family violence research by both federal and private agencies has increased Indeed federal agencies such as the National Institute of Mental Health and the National Institute of Law Enforcement and Criminal Justice have provided considerable support for work in this area In addition family violence particularly wife battering child abuse and sexual abuse of children has been the focus of media attention at the national level and has generated intensive interest in both lay and professional publications Moreover there have been several recent governmental hearings and investigations regarding the prevalence of these problems

House. Banking and Currency Committee, 1975 Kingdom Family Trevecca Okholm, 2012-02-09 There is a lot of talk these days about how churches need to become more missional and Kingdom focused but what about the families that make up our churches and often reflect the surrounding culture more than the Kingdom of God Christian families know that God has a better purpose for marriage and family but often don't have the slightest idea how to get there And while many books on Christian marriage and family are inwardly focused on simply getting along better this book addresses the cultural influences that have taken our focus away from God's intended purpose for marriage and family and through analysis and practical suggestions recalls marriages and families to the purpose for which God intended them in the first place namely to serve God's Kingdom as witnesses to a world desperately seeking deeper purpose and authenticity *Families and Communes* William Smith, 1999-08-27 What is life like in contemporary American communes How do families fit into communal life What are communal families and what impact do families have on how communes are run and how they develop As the only contemporary exploration of communal families this book investigates the assumptions that scholars and others have made regarding the status of the family within communes and debunks current myths about communes and communal families While some groups are predisposed to families other communal groups become replacements or substitutes for the nuclear family William L Smith investigates a variety of practices including monogamy polygamy pantagamy and celibacy as implemented by intentional communities in

dealing with family life Drawing on the history of communes in the United States Smith discusses various communal groups such as the Shakers the Mormons the Oneida Community the Amana Colonies as well as contemporary rural and urban communal groups such as Twin Oaks Jesus People USA and the Hutterites Families and Communes provides students and researchers with an intriguing study of a unique social group that is often overlooked **Federal Register** ,1992

Summaries of Laws Relating to the Commitment and Care of the Insane in the United States John Koren,1912

Eternity Commitment Todd I. Stephenson,2006-10 There is a relationship structure available to everyone in America today called Eternity Commitment The EC is all about love and sharing your lives together The relationship structure is in every way like getting married however no marriage license is required In addition you may have your lifelong commitment blessed in a faith based ceremony and you may celebrate your lifelong commitment with a reception following your ceremony There is an Eternity Ring you may wear to express your bond and commitment And yes you have your honeymoon Normally we don't think of marriage as a financial business partnership however we should When you cut through the myriad of legalese and the way in which the different states define marriage it all comes down to one thing marriage is a partnership of money possessions and joint liability This is not what our religious forefathers intended State lawmakers have hijacked marriage from its faith based origins and desecrated it The book explains how Marriage today is an immoral institution promoting self serving aberrant behavior and greed When the love is gone all that remains in a marriage are the monies and possessions The divorce business is a multi billion dollar industry for attorneys State marriage laws do not enforce the primary commitment of marriage until death do us part If one person desires a divorce the courts will grant it In many cases the person breaking the commitment of marriage will profit financially Thus state lawmakers have created immoral incentives for divorce People marry for money stay married for money manipulate their spouse over money and divorce for money Where is the love Where is the commitment **Before You Divorce: Read This** Matthew N. O. Sadiku,Janet O. Sadiku,2022-05-17 This is a must read before you consider divorcing your partner The book can help you create a happy lasting and successful marriage and prevent divorce Marriage is not a fairytale and divorce is not always the best solution Every marriage goes through hard times and yours is not an exception Divorce is common but it can be prevented or avoided As William Shatner rightly said Divorce is probably as painful as death It comes as no surprise that God hates divorce It does not matter where you are what you have been through or the current situation of your marriage there is hope When a person is considering divorce they typically want to know if one really can prevent divorce Yes you can prevent the divorce There is still time to save your marriage This book will help you know what to do to prevent divorce Let God not culture or selfishness have the final say in your marriage Matthew N O Sadiku is a professor emeritus at Prairie View A M University Prairie View Texas He is the author of over 970 professional articles and over 95 books including Secrets of Successful Marriages Enemies of Your Marriage and commentaries on all the books of the New Testament Bible His books are used worldwide and

Changing Your Paradigm and Shifting your Mindset in 21 Days By Joel L Joseph MPA Most textbooks of this nature go through the theory and inundate the reader with historical perspectives and unrelated information to fill up space I have learned that KISS Keep it Simple Sweetie is something that works better when trying to reach a larger group of people The Follow up 21 Days of Accountability power packs knowledge practice and application in a manner that is palatable and inspiring to the intended audience Overview Being that this is my 3rd Book 1st The Sweat off My Back 2nd Journey 2 Greatness I wanted to do something different I wanted to create a book that addressed the gaps that many of us have and that is with commitment and follow through I myself have had to gain an accountability partner or partners that were on the same path with me trying to attain similar goals to keep me on track This book s caveat statement of disclaimer is that I do NOT try and present a perfect solution There are no perfect solutions because we are not perfect people In fact no book can guarantee your success without YOU putting the work or effort in to produce the results that you desire Many experts and top consultants can agree that there are no shortcuts to success In fact the journey to the place in which the person inside of you becomes the very best version of you experts say that it takes 21 days to change a behavior or form a new habit I encourage you to take that as a challenge to look at the next 21 days and thereafter as a time to put in the arduous work that it takes to change your lifestyle As a producer of change you must know that the process of change takes accountability and the ability to measure your progress This is how you will adjust stabilize or reduce those things that are necessary to promote the BEST results At the end of this book I suggest that you look deeply at what you have accomplished and judge it heavily don t be easy on yourself Don t let yourself off the hook take the tough approach to be honest about the change that you need to make and simply do it Journaling is an important part of any process So purchase a journal or the detailed journal for this book which is available at www.jljoeph.com and reflect as much as possible of the journey Enjoy the results reflect on the ups and down and celebrate often Financial institutions and the Nation's economy (FINE) United States.
