Antler on the Sea Anna M. Kerttula, 2000 *Antler on the Sea* is a fascinating important and near unique study of a threatened culture Colin Thubron author of *In Siberia* Anna M Kerttula an anthropologist offers a vivid portrayal of life in Sireniki a Siberian village on the Bering Sea Once a traditional Yup ik community it was by the final years of the Soviet Empire home to three cultural groups the Yup ik native hunters of sea mammals the Chukchi nomadic reindeer herders who had been required by the state to turn their animals over to cooperative farms and Russians of European ancestry enticed to the region by incentive programs designed to colonize the Russian Far East Kerttula who lived among the villagers for eighteen months draws on her experiences to explore how each group's beliefs and customs have transformed those of the other two Her book shows the endurance of the indigenous cultures of Far Eastern Russia despite years of intrusion by the Soviet state The author describes in rich detail how the Yup ik the Chukchi and the Russian newcomers developed a sense of cultural difference because of their separate symbolic systems and yet cohered as a community She explains that relations among the groups have become tenuous since the breakup of the Soviet Union and the subsequent collapse of the local economy Kerttula's research provides a unique perspective on today's ethnic rivalries within the former USSR She maintains that these conflicts not always expressions of ancient animosities may be efforts toward mutual understanding during times of economic and social change
