*Our Lives are But Stories* Esther Schely-Newman, 2002 A rich analysis of how four Tunisian Israeli women tell the stories of their lives and a look at the implications for our own understanding of stories and the behavior of communication *Our Lives Are But Stories* explores the crucial role of personal storytelling in the lives of a unique generation of women Jewish women who left the Muslim country of Tunisia to settle in the newly created Israeli state To this day the older generation of Tunisian Israelis continues to rely on storytelling as a form of education entertainment and socialization But for women this art has taken on new dimensions especially as they seek to impart their values to the young Here Esther Schely Newman expertly interweaves the personal accounts of the private lives of four Tunisian Israeli women to analyze the rich complexities of communication She considers how various approaches to narration reflect storytelling as a cultural phenomenon and highlights the need to understand stories in the contexts in which they are told The four narrators grew up in a culture in which women's stories were confined to the private sphere were usually told to other women and were supposedly fiction or at least metaphors masking their real lives Forced migration to farming communities in Israel and the shock of being uprooted created new identities for women and new outlets for storytelling

Women narrators increasingly began to tell more openly of their personal lives Schely Newman organizes her narrators accounts by the themes of childhood marriage motherhood immigration and old age and considers a wide range of factors that shape the narration including audience intent choice of language and Jewish Muslim culture The result is a fascinating blend of analysis narration and history *Cumulated Index Medicus* ,2000 **Handbook of Feminist Family Studies** Sally A.
