Family In Mourning:

The Family in Mourning Charles E. Hollingsworth, Robert O. Pasnau, 1977 **A Child Dies** Joan Hagan Arnold, Penelope Buschman Gemma, 1994 **Death and the Family** Lily Pincus, 1974 **Death in the Victorian Family** Patricia Jalland, 1996 This enthralling book explores the experience of dying death grieving and mourning in the years between 1830 1920 Victorian letters and diaries reveal a deep preoccupation with death because of a shorter life expectancy a high death rate for infants and children and a dominant Christian culture Drawing upon the private correspondence diaries and death memorial of fifty five middle and upper class families Pat Jalland shows us how dying death and grieving were experience by Victorian families and how the manner and rituals of death and mourning varied with age gender disease religious belief family size and class She examines deathbed scenes good and bad deaths funerals and cremations mourning rituals widowhood and the roles of religion and medicine **A Parent's Guide to Raising Grieving Children** Phyllis R. Silverman, Madelyn Kelly, 2009-04-02 When children lose someone they love they lose part of their very identity Life as they knew it will never be quite the same The world that once felt dependable and safe may suddenly seem a frightening uncertain place where nobody understands what they re feeling In this deeply sympathetic book Phyllis R Silverman and Madelyn Kelly offer wise guidance on virtually every aspect of childhood loss from living with someone who s dying to preparing the funeral from explaining death to a two year old to managing the moods of a grieving teenager from dealing with people who don t understand to learning how and where to get help from friends therapists and bereavement groups from developing a new sense of self to continuing a relationship with the person who died Throughout the authors advocate an open honest approach suggesting that our instinctive desire to protect children from the reality of death may be more harmful than helpful Children want you to acknowledge what is happening to help them understand it the authors suggest In this way they learn to trust their own ability to make sense out of what they see Drawing on groundbreaking research into what bereaved children are really experiencing and quoting real conversations with parents and children who have walked that road the book allows readers to see what others have learned from mourning and surviving the death of a loved one In a culture where grief is so often invisible and misunderstood the wisdom derived from such first hand experience is invaluable Filled with compassion and common sense A Parent s Guide to Raising Grieving Children Rebuilding Your Family after the Loss of a Loved One offers readers a wealth of solace and sound advice and even where one might least expect it a measure of hope

Family Mourning After War and Disaster in Twentieth-Century Britain Ann-Marie Foster, 2024-08-12 Across the twentieth century the families of people who died in war and disaster were left to make sense of their sudden loss and navigate newfound grief This book focuses the families of people who died in the First World War and in mining disasters in the early twentieth century These bereaved families were often denied access to bodies and choice over burial rights all while dealing with the increased bureaucracy of death Families created domestic memorials which took on additional

meaning because of this lack of memorial agency elsewhere Although the ways that these families were bereaved each took place in different circumstances the ways that families grieved were recognizable to one another they drew on common memorial practices augmented to take on special meaning after sudden death This memorial material provided a vehicle for families to navigate their loss but also to communicate the memory of the dead both externally through donation to museums and linearly through ancestral lines Drawing on a nuanced reading of a wide range of sources from ephemera to administrative museum paperwork this book explores family reactions to mass death events in early twentieth century Britain The result is a comparative and domestic perspective on mourning at the turn of the century that makes important contributions to the growing field of death studies and will be of interest to those working on the First World War interwar Britain the history of work the social history of the family and the history of memorialization 6 b w illustrations

Family Transitions Celia Jaes Falicov, 1991-07-01 Of all concepts used by family therapists the family development framework is among the least studied in spite of its relevance to understanding spontaneous family change and to facilitating therapeutic intervention The notion that a developmental difficulty underlies the appearance of clinical symptoms has become a time honored tradition in family therapy just as it has been in individual therapy Yet unlike the well established and well researched models of child and adult development those in family development are rudimentary Despite increasing interest in the family life cycle as a framework for family therapy relatively little has been done to elucidate the specific dimensions and processes of spontaneous and therapeutically induced change over the family life cycle This volume gathers original contributions of some of the most prominent family theorists researchers and clinicians of our time to improve our understanding of these important and hitherto neglected domains The book opens with a comprehensive overview by the editor that outlines contributions to the family life cycle framework from family sociology and crisis theory This is followed by a comparative analysis of developmental thinking explicit or implicit in the theory and interventions of the major family therapy approaches Then divided into four parts FAMILY TRANSITIONS introduces new conceptual models that integrate the temporality of the life cycle approach with systems theory By their very nature these models cut across therapeutic orientations and have important clinical applications In Part II family therapy s views of development are freed from the confines of the therapist s office and placed in the context of other disciplines Chapters provide analysis of changing or static sociocultural values that can affect conceptions of development potential misuse of the concept of cultural identity in health mental health and education how family identity operates as a vehicle for cultural transmission over generations and family therapists assumptions about women s development The role of expected and unexpected events in the family life cycle is the focus of Part III Chapters on clinical approaches geared to dislocations of life cycle occurrences due to unexpected crises chronic illnesses loss or drug abuse provide illustrations of interventions that utilize enhance or potentially detract from the family s developmental flow Part IV explores the articulation of the life cycle framework within four major family therapy

orientations intergenerational structural systemic and symbolic experiential Each of these chapters endeavors to elucidate what is the place of family development in each orientation concepts of continuity and change use of the concept of stages transitions or developmental tasks the specific dimensions that change in most families over time and the links between family dysfunction and life cycle issues Finally each chapter illustrates through clinical example assessment strategies formulation of treatment goals and interventions as these emerge from a particular life cycle model FAMILY TRANSITIONS presents a significant advance in our understanding of functional and dysfunctional family development and offers a range of interventions to promote developmental change It is an invaluable resource for clinical psychologists psychiatrists social workers and counselors that will also interest human development professionals family sociologists and family researchers FAMILY TRANSITIONS can serve as a developmentally oriented textbook for teaching family therapy in academic and professional settings

Families Making Sense of Death Janice Winchester Nadeau, 1998 Through interviews and analysis Janice Winchester Nadeau takes a look at the dynamics at work in families in which a member has died She shares stories which show how families gradually come to terms with their grief and make sense of the death

Grief as a Family Process Ester R. Shapiro, 1994-08-05 Grief as a Family Process draws on many sources such as developmental psychology psychoanalytic and family systems theory and cultural anthropology Using examples from a wide variety of cultural traditions this book argues for a transformation of attachment to instead of detachment from the deceased family member to sustain and enhance family development

Grief Counseling and Grief Therapy, Fourth Edition J. William Worden, 2008-08-11 Named a 2013 Doody's Core Title In the fields of death education research and counseling psychology surely Bill Worden is a giant ALL of us personally and professionally are indebted to J William Worden From his work we may be just a bit wiser a bit healthier a bit more competent and a lot more in touch with meaning our own and those of others for the sake of all who mourn Illness Crisis Loss Every helping professional will profit from Worden's treatment of uncomplicated and complicated mourning Especially hopefully is his material on the many types of loss I highly recommend Worden's book Ministry Recipient of The International Work Group on Death Dying and Bereavement Herman Feifel Award Dr Worden presents the highly anticipated fourth edition to Grief Counseling and Grief Therapy the gold standard of grief therapy handbooks The previous editions translated into 12 languages received worldwide acclaim for their sensitive insightful and practical approach to grief counseling In this updated and revised fourth edition Dr Worden presents his most recent thinking on bereavement drawn from extensive research clinical work and the best of the new literature Key Features The task model has been modified to account for new thinking and research findings in the field including meaning making resilience and continuing bonds A new chapter on the Mediators of Mourning helps clinicians to understand what accounts for individual differences in adapting to the death of a loved one Looks at recent controversies in the field including the best way to understand complicated bereavement and the efficacy of grief counseling and therapy Presents the vital distinction between

grief and trauma and highlights different intervention approaches for each Comprehensive and highly organized this text is useful to therapists just beginning to work in the field as well as seasoned practitioners *Living Beyond Loss* Froma Walsh, Monica McGoldrick, 2004 Walsh and McGoldrick have fully revised and expanded this landmark work on the impact of death on the family system *A Death in the Family* Jean Richardson, 1985 **Death, Bereavement, And Mourning** Samuel C. Heilman, An encounter with the death of another is often an occasion when the bereaved need to be sustained in their loss relieved of the anxiety that the meeting with death engenders and comforted in their grief It is a time when those left behind often seek to redress wrongs in themselves or in the relationships that death has shaken and upset In both collective and individual responses to the trauma of encountering death we witness efforts to counter the misfortune and to explain the meaning of the loss to turn memory into blessing to reconcile life with death to regenerate life and redeem both the bereaved and the dead Sometimes loss may transform the bereaved in ways that lead to growth and maturity other times a loss leads to unrelenting anger or melancholia There may be a variety of spiritual expressions that the bereaved experience in their time of loss but there appears to be some common elements in all of them Overtime survivors feelings are transformed into growing exploration of the spiritual a profound sense of rebirth newfound feelings of self mastery or confidence and a deeply held conviction that life goes on The contributions to this volume are based on a conference held in New York on the first anniversary of September 11 2001 Contributors include Peter Metcalf Robert Jay Lifton Ilana Harlow Robert A Neimeyer Samuel Heilman and Neil Gillman This sensitive and heartfelt volume relates specifically to issues of death bereavement and mourning in the aftermath of the attack on the World Trade Center but the applications to other individual and catastrophic events is obvious The contributions do not simply explore how people deal with bereavement or are psychologically affected by extreme grief they address how people can try to find meaning in tragedy and loss and strive to help restore order in the wake of chaos The multidisciplinary perspectives include those of anthropology psychology theology social work and art Samuel Heilman is the Distinguished Professor of Sociology and holder of the Harold Proshansky Chair in Jewish Studies and Sociology at the City University of New York and has also taught at the University of Illinois at Chicago the Hebrew University in Jerusalem Tel Aviv University and the Universities of New South Wales and Melbourne He is the author of several books including *Synagogue Life and The People of the Book* both published in paperback by Transaction *The Family of Guru St K.P. Panggabean* Binsar Panggabean, 2015-05-14 The author tells his familys story with information from his parents and inspiration from the Spirit who urged him to understand his dads calling the family sufferings his individual calling and other family tasks When he noticed the storys similarities with Scripture he was inspired by vision and dream to write it all down St KP Panggabean was called by God through his parents actions to leave his fatherland go to the Promised Land and found a church He was true to God and succeeded in the tests of his calling and he finally received children and the promised grandsons This book is intended for those who find it difficult to believe the

stories in the Bible it is intended to prove that the Bible contains true living stories that are not just fairy tales of human invention God exists and he continues his work today in the lives of modern people

Death and Chronic Illness in the Family Peter Titelman, Sydney K. Reed, 2018-07-27 What does it mean to be present and accounted for when a family member is facing chronic illness or death How does one define a self in relation to the ill or dying member and the family Rooted in Murray Bowen's family systems theory this edited volume provides conceptual ideas and applications useful to clinicians who work with families facing chronic illness or the death of a member The text is divided into four parts Part I provides a detailed overview of Bowen's theory perspectives on chronic illness and death and includes Murray Bowen's seminal essay Family Reaction to Death In Parts II and III chapter authors draw upon Bowen theory to intimately explore their families reactions to and experiences with death and chronic illness The final part uses case studies from contributors clinical practices to aid therapists in using Bowen systems perspectives in their work with clients The chapters in this volume provide a rich and broad range of clinical application and personal experience by professionals who have substantial knowledge of and training in Bowen theory Death and Chronic Illness in the Family is an essential resource for those interested in understanding the impact of death and loss in their professional work and in their personal lives

Family and Household Religion in Ancient Israel and the Levant Rainer Albertz, Rüdiger Schmitt, 2012-04-12 During the past several decades family and household religion has become a topic of Old Testament scholarship in its own right fed by what were initially three distinct approaches the religious historical approach the gender oriented approach and the archaeological approach The first pursues answers to questions of the commonality and difference between varieties of family religion and describes the household and family religions of Mesopotamia Syria Ugarit Israel Philistia Egypt Greece and Rome Gender oriented approaches also contribute uniquely important insights to family and household religion Pioneers of this sort of investigation show that although women in ancient Israelite societies were very restricted in their participation in the official cult there were familial rituals performed in domestic environments in which women played prominent roles especially as related to fertility childbirth and food preparation Archaeologists have worked to illuminate many aspects of this family religion as enacted by and related to the nuclear family unit and have found evidence that domestic cults were more important in Israel than has previously been understood One might even conceive of every family as having actively partaken in ritual activities within its domestic environment Family and Household Religion in Ancient Israel and the Levant analyzes the appropriateness of the combined term family and household religion and identifies the types of family that existed in ancient Israel on the basis of both literary and archaeological evidence Comparative evidence from Iron Age Philistia Transjordan Syria and Phoenicia is presented This monumental book presents a typology of cult places that extends from domestic cults to local sanctuaries and state temples It details family religious beliefs as expressed in the almost 3 000 individual Hebrew personal names that have so far been recorded in epigraphic and biblical material The Hebrew

onomasticon is further compared with 1 400 Ammonite Moabite Aramean and Phoenician names These data encompass the vast majority of known Hebrew personal names and a substantial sample of the names from surrounding cultures In this impressive compilation of evidence the authors describe the variety of rites performed by families at home at a neighborhood shrine or at work Burial rituals and the ritual care for the dead are examined A comprehensive bibliography extensive appendixes and several helpful indexes round out the masterful textual material to form a one volume compendium that no scholar of ancient Israelite religion and archaeology can afford not to own
