

The Last Man?

The Lozi were small, intelligent, vicious... and insatiably hungry. They sprang seemingly from nowhere; one day the world was quiet, peaceful, the next Lozi colonies were discovered in every major nation, and on every continent. They built their cities beneath the surface, away from prying eyes, and it wasn't until the food began to disappear that they were discovered. Only one man stood between the end of the world and the Lozi... Dr. Stanislaus Alexander Palfrey.

But this time it seemed that even the resources of Z5, the international organization he headed, must fail...
