mistrustful of people Next to writing his favorite things were drinking and womanizing and getting married which he did three times And while he claimed indifference about success his mid career books and movie deals made him a lot of money which passed through his hands as quickly as it came in And yet Steinbeck also took aim at the corrosiveness of power the perils of income inequality and the urgency of ecological collapse all of which drive public debate to this day Steinbeck remains our great social realist novelist the writer who gave the dispossessed and the disenfranchised a voice in American life and letters Eloquent nuanced and deeply researched *Mad at the World* captures the full measure of the man and his work
