*One in a Thousand* Graham Broad, 2017-03-20 This short microhistory details the life and death of Eddie McKay a varsity athlete at Western University who flew with the Royal Flying Corps in the First World War Graham Broad switches creatively from telling McKay s fascinating story to teaching valuable lessons on how to do history why the past matters why historians take different approaches how to pose historical questions how to identify relevant source materials and the importance of thoughtful intelligent and respectful treatment of historical subjects The book includes a timeline of the subject s life a map of relevant combat areas in the Battle of the Somme and nine illustrations It concludes with four unsolved events in McKay s life a mysterious woman a strange advertisement for batteries an empty envelope and an unknown grave demonstrating that even a detailed history about one person s life is never really complete

The Compact Timeline of Aviation History Anthony A. Evans, David Gibbons, 2008 The Compact Timeline of Aviation History encompasses the entire history of flight from the days of legends balloons and gliders to the latest high tech aircraft

The Necessary War, Volume 1 Tim Cook, 2014-09-09 Co winner of the 2014 2015 Charles P Stacey Award Tim Cook Canada s leading war historian ventures deep into World War Two in this epic two volume story of heroism and horror of loss and longing sacrifice and endurance Written in Cook s compelling narrative style this book shows in impressive detail how soldiers airmen and sailors fought the evolving tactics weapons of war logistics and technology It gauges Canadian effectiveness against the skilled enemy whom they confronted in battlefields from 1939 to 1943 from the sweltering heat of Sicily to the frigid North Atlantic and from the urban warfare of Ortona to the dark skies over Germany The Necessary War examines the equally important factors of morale discipline and fortitude of the Canadian citizen soldiers The war was an engine of transformation for Canada With a population of fewer than twelve million Canada embraced its role as an arsenal of democracy exporting war supplies feeding its allies and raising a million strong armed forces that served and fought in nearly every theatre of war The nation was mobilized like never before in the fight to preserve the liberal democratic order The six year long exertion caused disruption provoked nationwide industrialization ushered in changes to gender roles exacerbated the tension between English and French and forged a new sense of Canadian identity Canadians were willing to bear almost

any burden and to pay the ultimate price in the pursuit of victory As with his award winning two volume series on WWI Tim Cook uses original sources letters from soldiers rare documents and maps of battlefields to illustrate the contributions and sacrifices made by what is often called the greatest generation Magisterial in its scope *The Necessary War* illuminates Canada's past as never before From the Western Front to the home front Canadians served many roles in a war that had to be fought and won *Irish Aces of the RFC and the RAF in the First World War* Joe Gleeson, 2017-05-17 The First World War had an enormous impact on Ireland Over 240 000 Irish men and women volunteered to serve with the Allied forces suffering almost 40 000 casualties The Irish contribution to the air war remains overlooked not just in Ireland but also by historians generally Although just 6 000 Irish served with the Allied flying services at a cost of 500 casualties their impact was out of all proportion to their numbers The contribution of Irish aces of the RFC and RAF to the Allied cause was enormous just over thirty of whom accounted for 400 enemy aircraft Irishmen such as Mannock McElroy and Hazell were among the highest scoring pilots of the war Some were revered by their men others were controversial figures reckless with their own lives and those under their command but many of their stories remain untold This book seeks to restore all those who were written out of Irish history while also providing for their achievements to be considered in the overall context of the first air war Illustrations 24 black and white photographs **Spitfire Aces of North Africa and Italy** Andrew Thomas, 2013-02-20 Essential coverage of the key part played by the iconic Spitfire in the desert campaign during 1942-43 and in the destruction of the Luftwaffe in Sicily Italy and the Balkans from mid 1943 through to VE Day Although most famous for their role in the Battle of Britain many Spitfire squadrons also served in the Mediterranean theatre aiding the Allied victories in North Africa and later in the invasion of Italy Numerous pilots both Royal Air Force and South African Spitfire squadrons made ace during these engagements This book tells their story **Index of Model Periodicals, 1971-75** Paul Cardwell, 1977 [Aces High, Volume 1](#) Christopher Shores, Clive Williams, 2008-09-18 First in the Aces High series a military reference of the fighter pilots who had five or more confirmed victories while serving in the Royal Air Force Introduced by the French quite early in World War I the term ace was used to describe a pilot credited with five or more aerial victories But in the United Kingdom the term was never officially recognized Becoming an ace was partly luck especially considering the campaigns in which they flew and the areas of combat There are three distinct kinds of aces the defensive ace the offensive ace and the night fighter This book is a revised collection of the biographies of the highest scoring Allied fighter pilots of World War II including those with the confirmed claims of shooting down five aircraft and those pilots with lower scores but whose wartime careers prove them worthy of inclusion All details of their combat are arranged in tabular form Included are a selection of photographs from hitherto private collections There are some authors whose name alone is sufficient reason to buy a book and Christopher Shores is surely one of these By profession a chartered surveyor he served in the Royal Air Force in the 1950s so his writing bears the stamp of authenticity HistoryNet **American Book Publishing Record Cumulative, 1950-1977** R.R.
