**Conversions** Hugh Thomson Kerr, John M. Mulder, 1996 Conversions Hugh Thomson Kerr, John M. Mulder, 1987

**Turning to Jesus** Scot McKnight, 2002-01-01 Scot McKnight's careful study of Jesus' relationship with his followers reveals that elements of all three contemporary models of conversion the personal decision the sociological and the liturgical are present within the Gospel accounts But because the Gospel narratives themselves are insufficiently explicit to support only one contemporary model of conversion McKnight suggests that an enhanced reading of the Gospels should engender an appreciation for each of the models in the church today **Christian Theology in the Pluralistic World** Veli-Matti

Kärkkäinen, 2019-06-20 Kärkkäinen's acclaimed five volume constructive theology abridged in one accessible volume Providing a new and unique way of doing theology in our pluralistic world Veli-Matti Kärkkäinen presents historic Christian doctrines in relation to the natural sciences and four other living faiths Judaism Islam Buddhism and Hinduism This textbook covers all systematic topics along with a host of current issues such as violence colonialism inclusivity sociopolitical liberation environmental care and more Accessible and student friendly Christian Theology in the Pluralistic World is the ideal text for exploring a theological vision at once rooted in the Christian tradition and constructive in its engagement with the complexities of our global pluralistic world **The Conversion of Igbo Christians to Islam** Chinyere Felicia

Priest, 2020-04-30 Often considered a Christian heartland in Nigeria Igboland has recently seen a dramatic increase in Igbo Christians converting to Islam Yet despite this rapid change there has been minimal research into the growth of Islam in the area and the implications this has for Christianity in the region Addressing this need Dr Chinyere Felicia Priest provides a detailed exploration of Igbo converts' reasons for conversion through skilful analysis of in depth ethnographic interviews with thirty converts considering their social religious and familial backgrounds This unique study sheds much needed light on the role of intellectual factors in the conversion experiences of many newly Muslim Igbos and challenges previous ideas of monetary and social influences as primary motivations for conversion As a result of her examination of these conversion experiences Dr Priest calls for serious intellectual engagement of biblical doctrine within the Igbo church and highlights the need for ministers and missiologists to better disciple and equip Christians to adequately engage with Muslim objections to the gospel and give a reasoned defence of their faith The vulnerability of many Igbo Christians will continue to result in converts to Islam unless the church heeds the lessons learned from this research and outlined in this book *Jonathan Edwards's Philosophy of History* Avihu Zakai, 2009-07-26 Avihu Zakai analyzes Jonathan Edwards's redemptive mode of historical thought in the context of the Enlightenment As theologian and philosopher Edwards has long been a towering

figure in American intellectual history Nevertheless and despite Edwards's intense engagement with the nature of time and the meaning of history there has been no serious attempt to explore his philosophy of history Offering the first such exploration Zakai considers Edwards's historical thought as a reaction in part to the varieties of Enlightenment historical narratives and their growing disregard for theistic considerations Zakai analyzes the ideological origins of Edwards's insistence that the process of history depends solely on God's redemptive activity in time as manifested in a series of revivals throughout history reading this doctrine as an answer to the threat posed to the Christian theological teleology of history by the early modern emergence of a secular conception of history and the modern legitimation of historical time In response to the Enlightenment refashioning of secular historical time and its growing emphasis on human agency Edwards strove to re-establish God's preeminence within the order of time Against the de-Christianization of history and removal of divine power from the historical process he sought to re-enthrone God as the author and lord of history and thus to re-enchant the historical world Placing Edwards's historical thought in its broadest context this book will be welcomed by those who study early modern history American history or religious culture and experience in America *The Christian Tradition in Anglo-Saxon England* Paul Cavill, 2004 Essays exploring a wide array of sources that show the importance of Christian ideas and influences in Anglo Saxon England A unique and important contribution to both teaching and scholarship Professor Elaine Treharne Stanford University This is a collection of essays exploring a wide array of sources that show the importance of Christian ideas and influences in Anglo Saxon England The range of treatment is exceptionally diverse Some of the essays develop new approaches to familiar texts such as Beowulf The Wanderer and The Seafarer others deal with less familiar texts and genres to illustrate the role of Christian ideas in a variety of contexts from preaching to remembrance of the dead and from the court of King Cnut to the monastic library Some of the essays are informative providing essential background material for understanding the nature of the Bible or the distinction between monastic and cleric in Anglo Saxon England others provide concise surveys of material evidence or genres others still show how themes can be used in constructing and evaluating courses teaching the tradition Contributors GRAHAM CAIE PAUL CAVILL CATHERINE CUBITT JUDITH JESCH RICHARD MARSDEN ELISABETH OKASHA BARBARA C RAW PHILIPPA SEMPER DABNEY BANKERT SANTHA BHATTACHARJI HUGH MAGENNIS MARY SWAN JONATHAN M WOODING *Doing the Work of Comparative Theology* Veli-Matti Kärkkäinen, 2020-01-28 In a world that is more religiously diverse than ever before our coworkers and neighbors may well be adherents of other faiths But how many of us really grasp the similarities and differences between the major world religions Comparative theology is one increasingly important way to bridge this gap especially for Christian leaders and professors but also for lay people and students Veli Matti Kärkkäinen introduces the nature and work of comparative theology then delves into a detailed doctrine by doctrine comparison of Christian teachings with those of historical and contemporary Judaism Islam Buddhism and Hinduism With every doctrine he first presents a summary of consensual

Christian belief and then orients the reader to the distinctive teachings of other faith traditions highlighting parallels and differences Ideal for students ministers instructors and lay people interested in interfaith dialogue Doing the Work of Comparative Theology distills the comparative theological rigor of K rkk inen s Constructive Christian Theology for the Pluralistic World series into an accessible and user friendly textbook Readers will not only learn basic methodology but also begin to undertake the actual work of comparative theology *Edward Irving Reconsidered* David Malcolm

Bennett,2014-11-04 Samuel Taylor Coleridge called Edward Irving a minister of Christ after the order of Paul Edward Irving was a great preacher probably the best in Georgian Britain He was also a profound theologian and a caring pastor Yet it is a strange fact of history that this Paul like minister of Christ was eventually removed from the church he had made famous unfairly expelled from his denomination for heresy and at the end of his brief life was demoted in the sect that emerged from his ministry Towards the end of Irving s life charismatic gifts emerged in his church amidst great controversy He had already developed a theological rationale for such gifting and his extensive teaching on spiritual gifts is still widely consulted today Edward Irving was and is a controversial figure It is time that his life ministry and teaching were reconsidered Who was Edward Irving How did he live What made him outstanding What made him so controversial What is his legacy These are the questions answered in *Edward Irving Reconsidered* It is a compelling story as sad as it is powerful **Is Your Child Ready**

Kendall,2016-04-05 Have you ever seen God move tangibly in a powerful worship service Have you also been unmoved or unaffected by a lively sermon or worship experience How can you discern when the Holy Spirit is authentically moving or

when a counterfeit spirit is producing manipulation If the dove is the symbol of the authentic Holy Spirit then the pigeon is a symbol of the counterfeit spirit Unfortunately many of the claims to the presence of the dove among us are nothing but pigeon religion Don't settle for a substitute Respected theologian Dr R T Kendall explains eight main differences between the dove and the pigeon and then applies each to our relationship with the Holy Spirit Readers will come away with a refreshed sensitivity to the move of the Spirit a renewed knowledge of who He is and a keen perception on how to identify counterfeit spirits
