Evaluating the Twenty-First Century Library Donald L. DeWitt,2013-10-31 Explore the ARL s initiatives for identifying formulating and testing new criteria for evaluating academic libraries in the digital age The proliferation of electronic information resources in the past decade has changed the ways in which research libraries evaluate their service and holdings This collection of articles thirteen of which previously appeared in ARL s bimonthly newsletter report on research issues and actions examines new measures for library evaluation that are being developed by the Association of Research Libraries It presents an overview of how the Association of Research Libraries new measures initiative developed

plus insightful reports on the details of the SERVQUAL LibQUAL and E metrics projects Handy flow charts and tables make the information easily accessible and understandable From the editor The profound changes in library management and collection development brought about by digital technology in the closing decade of the twentieth century have changed the way we think about libraries If we were to ask librarians who have been in the profession for more than a decade how they evaluated a library we probably would hear statistics about the number of volumes held and added annually the number of serial subscriptions how much money a library has to spend and how many professionals are on staff These are the traditional criteria by which libraries have been judged throughout much of the twentieth century Newer librarians however especially those who entered the profession in the late 1980s and 1990s use a different yardstick and frequently recite different statistics that include terms such as user satisfaction spending on electronic resources and services document delivery services numbers of databases and electronic journals available and services provided to distance learners In Evaluating the Twenty First Century Library you ll find valuable information on current performance measures for academic libraries the continuing search for accurate new performance measures the uses of learning outcomes assessment SERVQUAL LibQUAL and the ARL LibQUAL Pilot Project the results of the 2000 Symposium on Measuring Library Service Quality the uses of E metrics in assessing the academic networked environment and accurately measuring use users services resources and other factors an insightful discussion of the rise in spending on electronic information by research libraries

Strategic Human Resource Planning for Academic Libraries Michael A. Crumpton, 2015-07-10 Strategic Human Resources Planning for Academic Libraries Information Technology and Organization provides an in depth discussion of human resources as a strategic element of a library organization especially as staffing needs and competencies change The book focuses on the impact of human resource

practices in a library setting discussing several aspects including the role of human resources when the library is part of a larger organization along with information on how to identify strategic objectives that are expected and related to workforce issues. In addition, the book reviews hiring practices, reorganizations of staff, use of temps or time-limited positions, and how students, volunteers, and internships can make a strategic difference overall. Chapters address competencies across different levels of employment within different library types and consider how those competencies are changing. Presents how leadership and library leaders must utilize human resources as a valuable tool for developing a strong and healthy organization. Addresses human resource tools such as job tasks analysis and the creation of equitable payroll structures. Demonstrate the use and benefit of multiple employee statuses that provide flexibility and resourcefulness to end users.

Managing Multiculturalism and Diversity in the Library Mark Winston, 2014-06-23 Discover ways to raise staff awareness regarding diversity. *Managing Multiculturalism and Diversity In the Library* Principals and Issues for Administrators is an academic guide to diversity issues such as affirmative action, career development of minorities in the library science profession, racism and scholarship solutions to increase the diversity of people in the library and information science profession. From this manual, you will gain a deeper understanding of diversity and its implementation in your library. Scholarly and poignant, this book is recommended to academics, administrators, library professionals, and students who want to improve the diversity of libraries and the profession of library information science. In *Managing Multiculturalism and Diversity In the Library*, you will explore the continued need to keep diversity growing in our libraries as a learning tool to boost the creativity and broaden the knowledge base of libraries as a whole. This informative guide provides you with studies on the diversification efforts of Australia, Canada, China, and the United Kingdom, showing you how each nation differently defines diversity yet values diversity with an agenda that accepts and encourages cultural differences. You will find suggestions on how to bring in the talents of traditionally excluded groups into your library and examine affirmative action and its dismantling from different angles. *Managing Multiculturalism and Diversity In the Library* illustrates the importance of cultural diversity in contrast to a melting pot that does not allow for distinct flavors. Some pertinent areas of diversity that you will read about are raising staff awareness of diversity through training seminars, a diversity program focused closely on your library's missions and strategic plans, integrating diversity into every aspect of the library activities, looking to colleges and universities as the leaders of cross-cultural understanding. American Library Association and the diversity agenda. *Managing Multiculturalism and Diversity In the Library* is an enlightening and helpful resource to foster multicultural understanding and to plan a diversity agenda that is right for your library organization. From this book, you will find many interesting and informative methods on creating a culturally pluralistic library. *Academic Library Metamorphosis and Regeneration* Marcy Simons, 2017-11-08 *Academic Library Metamorphosis and Regeneration* continues the discussions around change and transformation that are taking place in the library profession today.
