Scott Duvall, 2009-11-01 How do we conform to the image of Jesus Christ How do we grow in maturity as believers How do we truly live out and experience all that God is and all that He offers to us The Experiencing God's Story series answers these questions and more through an examination of twelve essential topics of spiritual formation Presented through the three step process of spiritual development believing behaving and becoming each topic examines a passage of Scripture identifies and explains the theological principles of spiritual formation and offers personal application for continued spiritual growth

The Spiritual Formation of Leaders Chuck Miller, 2007-12 Why do the demands of leadership often draw leaders away from intimacy with God What can I do to become a more effective leader How can I keep from burning out and bailing out How can we develop effective leaders who are being spiritually transformed as they abide in Christ Key to answering these questions is the simple but profound truth that we must be the people of God before we do the work of God That's why The Spiritual Formation of Leaders invites you to deeper intimacy with Christ so in Him you will be empowered to enjoy rich community with one another and a life of fruitful ministry Spiritual leadership formation happens only in God's presence So come to Jesus Meet with Him in the Soul Room walk with Him into the Leadership Room and watch Him work in you and through you for His kingdom

The Leadership Jump Jimmy Long, 2010-02-04 Leadership is changing Not only are established leaders passing the baton to up and coming leaders the very nature of leadership is being transformed Veteran leader and cultural observer Jimmy Long has discerned how leadership positions and roles have changed in light of societal shifts Authority is no longer derived from positional status but is earned from relational credibility Leaders focus not only on tasks but on community And leadership is less about directing followers to a particular destination and more about empowering others on a shared journey Existing leaders cannot write off emerging leaders because they work differently Nor can younger leaders dismiss the contributions of those who have gone before Here is a book that offers a positive vision for intergenerational partnership and leadership transference rather than competition The practical tools outlined here will help existing and emerging leaders understand each others leadership styles and collaborate fruitfully for the sake of the kingdom

Crossing Boundaries, Redefining Faith Michael Clawson, April Stace, 2016-11-08 The Emerging Church Movement an eclectic conversation about how Christianity needs to evolve for our postmodern world has

been breaking traditional bounds and stirring up controversy for more than two decades This volume is the first academic work to adopt an interdisciplinary approach to understanding this complex and boundary crossing phenomenon Containing contributions by researchers from a diverse set of disciplines this book brings together historical sociological ethnographic anthropological and theological approaches to offer the most thorough and multifaceted description of the Emerging Church Movement to date Contributors Juan Jose Barreda Toscano Dee Yaccino Gerardo Marti Lloyd Chia Jason Wollschlegler James S Bielo Jon Bialecki Heather Josselyn Cranson Xochitl Alviso Chris James Tim Snyder **Organic Mentoring** Sue Edwards, Barbara Neumann, 2014 We are experiencing a mentoring crisis today One key reason is that too many women cling to an outdated formulaic idea of what mentoring is all about When we hear the word mentoring we conjure up a picture that fit our experience decades ago Then we look in the mirror and don't see an adequate mentor staring back at us Our preconceived ideas about what today's young women want in a mentor convince us we are not qualified to be mentors but we are wrong What we don't realize is that younger women today are far more likely to want a relationship with that woman in the mirror than the conjured up perfect mentor in our head Organic Mentoring explores foundational issues that explain why beloved but outdated mentoring methods are no longer effective The book looks at the cultural changes and fast paced digital advancements that shape young thought and behavior but weaken the link between generations It walks through the new values preferences ideas and problems of the next generation and how these issues impact mentoring Then the authors guide the reader through landmines to avoid and approaches that work today **The Theology of Dallas Willard** Gary Black, 2013-08-06 Evangelical Christianity in the United States is currently in a dramatic state of change Yet amidst this sometimes tumultuous religious environment a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians The Theology of Dallas Willard both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ Blending both a prophetic critique with pastoral encouragement Willard's unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith

Servantship Graham Joseph Hill, 2013-10-10 Servantship is essentially about following our Lord Jesus Christ the servant Lord and his mission it is a life of discipleship to him patterned after his self emptying humility sacrifice love values and mission Servantship is humbly valuing others more than yourself and looking out for the interests and wellbeing of others Servantship is the cultivation of the same attitude of mind Christ Jesus had making yourself nothing being a servant humbling yourself and submitting yourself to the will and purposes of the triune God Since servantship is the imitation of Christ it involves an unreserved participation in the missio Dei the Trinitarian mission of God In this pioneering work sixteen servants describe the four movements of radical servantship Servantship is the movement 1 from leadership to radical servantship 2 from shallowness to dynamic theological reflection 3 from theories to courageous practices and 4 from

forgetfulness to transforming memory Servantship recognizes in word thought and deed that whoever wants to become great among you must be your servant and whoever wants to be first must be your slave just as the Son of Man did not come to be served but to serve and to give his life as a ransom for many

Leading in Disorienting Times Gary V Nelson, Peter Dickens, 2015-05-05 Jack Mezirow a leader in education theory suggests that all transformative learning begins with a disorienting dilemma an idea or experience that challenges or shifts fundamental values and assumptions Gary Nelson and Peter Dickens pastors and teachers with vast experience working with congregations and organizations believe it is time for Christian leaders to be disoriented for the fundamental values and assumptions of Christian leadership to be reframed and broken down so they can see the leadership task in new ways Blending current literature from both Christian and secular scholarship with individual and organizational examples Leading in Disorienting Times provides support for the concept of servant leadership that may be initially disorienting but is ultimately liberating

Borderland Churches Gary V Nelson, 2009-01-01 Borderland Churches is a call to embrace the pluralistic post Christian and postmodern culture with a sense of opportunity and hope The author uses the image of the church crossing over into an in between time a place where faith is lived outside the walls of the church engaging the community in incarnational ways To live in that precarious but exhilarating place where faith and other faiths and no faith

on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisions explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious significance The Hero Who Restores J.
