Emerson In His Sermons A Man Made Self

James Perrin Warren

Emerson In His Sermons A Man Made Self:

Emerson in His Sermons Susan L. Roberson, 1995 Treating the sermons extensively as an autobiographical text Roberson establishes that Emerson's years in the pulpit were pivotal and that his sermons are key texts in revealing the essential development of his thought Central to Roberson's explication of the sermons is Emerson's conception of self-reliance his invention of a new hero for a new age and his merging of his own identity with that heroic ideal *Ralph Waldo Emerson* Prentiss Clark, 2023-01-05 In his 1837 speech *The American Scholar* Ralph Waldo Emerson noted life is our dictionary encapsulating a body of work that reached well beyond the American 19th century This comprehensive study explores Emerson as a preacher poet philosopher lecturer essayist and editor There are nearly 100 entries on individual texts and their personal historical and literary contexts Emerson's work is placed within his relationships with family members fellow Transcendentalists and transatlantic friends and his commitment to ethics self-culture and social change This book provides the fullest possible exploration of Emerson's writing and philosophy Far ahead of his own time the man enthusiastically questioned institutions communities friendships history individuality and contemporaneous approaches to environmental stewardship

Mr. Emerson's Revolution Jean McClure Mudge, 2015-09-11 This volume traces the life thought and work of Ralph Waldo Emerson a giant of American intellectual history whose transforming ideas greatly strengthened the two leading reform issues of his day abolition and women's rights A broad and deep yet cautious revolutionary he spoke about a spectrum of inner and outer realities personal philosophical theological and cultural all of which gave his mid-career turn to political and social issues their immediate and lasting power This multi-authored study frankly explores Emerson's private prejudices against blacks and women while he also publicly championed their causes Such a juxtaposition freshly charts the evolution of Emerson's slow but steady application of his early neo-idealism to emancipating blacks and freeing women from social bondage His shift from philosopher to active reformer had lasting effects not only in America but also abroad In the U S Emerson influenced such diverse figures as Thoreau Whitman Dickinson and William James and in Europe Mickiewicz Wilde Kipling Nietzsche and Camus as well as many leading followers in India and Japan The book includes over 170 illustrations among them eight custom-made maps of Emerson's haunts and wide-ranging lecture itineraries as well as a new four-part chronology of his life placed alongside both national and international events as well as major inventions Mr Emerson's Revolution provides essential reading for students and teachers of American intellectual history the abolitionist and women's rights movement and for anyone interested in the nineteenth-century roots of these seismic social changes

Selected Writings of Ralph Waldo Emerson Ralph Waldo Emerson, 2017-11-30 Essayist lecturer poet and America's first public intellectual Ralph Waldo Emerson 1803-82 is the central figure in nineteenth-century American letters and the leader albeit reluctantly of the Transcendental group A literary mover and shaker Emerson directed his unpopular early radicalism toward social institutions the Church education literary conventions by his death in 1882 however his reputation was already

solidifying as a national icon Somewhere between the iconic sage and the speculative idealist lies an Emerson that students don't often encounter a flesh and blood figure whose writings testify to his continuing exploration of the individual's place in an increasingly conformist and crowded world In its selections and its apparatus this Broadview edition bridges the gap between Emerson and students by stressing his real world engagements The collection contains a range of prose and poetry addressing some of Emerson's major concerns nature and the self imagination and the poet religion and social reform as he explores the enduring question How shall I live Historical appendices include primary materials on Transcendentalism the contemporary debate about the nature of biblical miracles other authors' responses to Emerson as a writer and thinker and the development of his complex reputation as a representative American Copy texts in this edition are the first published versions of each text restored here as Emerson's initial audience would have read them **On Leaving** Branka

Arsić,2010-04-15 Arsi unpacks Ralph Waldo Emerson's repeated assertion that our reality and our minds are in constant flux Her readings of a broad range of Emerson's writings are guided by a central question what does it really mean to maintain that everything fluctuates is relational and so changes its identity **Discovering a Sermon** Robert C. Dykstra,2001

The Philosophy of Ralph Waldo Emerson Joseph Urbas,2020-09-07 This study offers the first comprehensive account of Emerson's philosophy since his philosophical rehabilitation began in the late 1970s It builds on the historical reconstruction proposed in the author's previous book Emerson's Metaphysics and like that study draws on the entire Emerson corpus the poetry and sermons included The aim here is expository The overall though not exclusive emphasis is on identity as the first term of Emerson's metaphysics of identity and flowing or metamorphosis This metaphysics or general conception of the nature of reality is what grounds his epistemology and ethics as well as his esthetic religious and political thought Acknowledging its primacy enables a general account like this to avoid the anti-realist overemphasis on epistemology and language that has often characterized rehabilitation readings of his philosophy After an initial chapter on Emerson's metaphysics the subsequent chapters devoted to the other branches of his thought also begin with their necessary foundation in identity which is the law of things and the law of mind alike Perception of identity in metamorphosis is what characterizes the philosopher the poet the scientist the reformer and the man of faith and virtue Identity of mind and world is felt in what Emerson calls the moral sentiment Identity is Emerson's answer to the Sphinx riddle of life experienced as a puzzling succession of facts and events **A Philosophy of Sacred Nature** Leon Niemoczynski,Nam T. Nguyen,2014-11-12 A

Philosophy of Sacred Nature introduces Robert Corrington's philosophical thought ecstatic naturalism which seeks to recognize nature's self-transforming potential Ecstatic naturalism is a philosophical theological perspective deeply seated in a semiotic cosmology and psychosemiosis and it radically and profoundly probes into the mystery of nature's perennial self-fissuring of nature natured and nature naturing Edited by Leon Niemoczynski and Nam T. Nguyen this collection aims to allow readers to see what can be done with ecstatic naturalism and what directions interpretations and creative uses that

doing can take A thorough exploration of the prospects of ecstatic naturalism this book will appeal to scholars of Continental philosophy religious naturalism and American pragmatism *The Transcendentalists* Barbara L. Packer, 2007 Barbara L. Packer's long essay *The Transcendentalists* is widely acknowledged by scholars of nineteenth century American literary history as the best written most comprehensive treatment to date of Transcendentalism Previously existing only as part of a volume in the magisterial Cambridge History of American Literature it will now be available for the first time in a stand alone edition Packer presents Transcendentalism as a living movement evolving out of such origins as New England Unitarianism and finding early inspiration in European Romanticism Transcendentalism changed religious beliefs philosophical ideas literary styles and political allegiances In addition it was a social movement whose members collaborated on projects and formed close personal ties Transcendentalism contains vigorous thought and expression throughout says Packer only a study of the entire movement can explain its continuing sway over American thought Through fresh readings of both the essential Transcendentalist texts and the best current scholarship Packer conveys the movement's genuine expectations that its radical spirituality not only would lead to personal perfection but also would inspire solutions to such national problems as slavery and disfranchisement Here is Transcendentalism in whole with Emerson Thoreau and Fuller restored to their place alongside such contemporaries as Bronson Alcott George Ripley Jones Very Theodore Parker James Freeman Clarke Orestes Brownson and Frederick Henry Hedge **The Company of the Creative** David L. Larsen, Great works and authors of the world are introduced and reviewed artistically intellectually and theologically Persons discussed include Plato Milton Dickens Shakespeare Charlotte Bronte Mark Twain and C S Lewis *Writers of the American Renaissance* Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies **Culture of Eloquence** James Perrin Warren, 2010-11-01 **Varieties of Transcendental Experience** Donald L. Gelpi, 2007-08-15 This study traces the critique of Enlightenment modernism that began with Ralph Waldo Emerson and culminated in the thought of Charles Sanders Peirce and the mature Josiah Royce Varieties of Transcendental Experience argues that these thinkers provide a constructive alternative to deconstructionist postmodernism that is compatible with the

Christian faith *The Concord Saunterer* ,2003 **The Oxford Handbook of Transcendentalism** Joel Myerson,Sandra Harbert Petrulionis,Laura Dassow Walls,2010-04-16 The Oxford Handbook of Transcendentalism offers an eclectic comprehensive interdisciplinary approach to the immense cultural impact of the movement that encompassed literature art architecture science and politics **The Mind of the Master Class** Elizabeth Fox-Genovese,Eugene D. Genovese,2005-10-17 The Mind of the Master Class tells of America s greatest historical tragedy It presents the slaveholders as men and women a great many of whom were intelligent honorable and pious It asks how people who were admirable in so many ways could have presided over a social system that proved itself an enormity and inflicted horrors on their slaves The South had formidable proslavery intellectuals who participated fully in transatlantic debates and boldly challenged an ascendant capitalist free labor society Blending classical and Christian traditions they forged a moral and political philosophy designed to sustain conservative principles in history political economy social theory and theology while translating them into political action Even those who judge their way of life most harshly have much to learn from their probing moral and political reflections on their times and ours beginning with the virtues and failings of their own society and culture *Authority and Reform* Mark G. Vásquez,2003 As a reformatory force the literary text encouraged activism among all its readers but affected and was affected by women more profoundly than and differently from men *The Oxford Encyclopedia of American Literature* Jay Parini,2004 The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present At the core of the Encyclopedia lie 250 essays on poets playwrights essayists and novelists Figures such as Whitman Melville Faulkner Frost and Morrison are discussed in detail with each examined in the context of his or her times an assessment of the writer s current reputation a bibliography of major works and a list of major critical and biographical works about the writer Fifty entries on major works such as Moby Dick Song of Myself Walden The Great Gatsby The Waste Land Their Eyes Were Watching God Death of a Salesman and Beloved place the work in its historical context and offer a range of possibilities with regard to critical approach The Encyclopedia also contains essays on literary movements periods and themes pulling together a broad range of information and making connections between them Each entry has its own primary and annotated secondary bibliography and a system of cross references helps readers locate information with ease The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature libraries looking for one comprehensive source and readers interested in American literature its authors and its connection with various areas of study **American Literary Scholarship** ,1995 **The ^AOxford Handbook of Transcendentalism** Joel Myerson,Sandra Harbert Petrulionis,Laura Dassow Walls,2010-04-16 The Oxford Handbook of Transcendentalism offers an eclectic comprehensive interdisciplinary approach to the immense cultural impact of the movement that encompassed literature art architecture science and politics
