Douthwaite, 2010-11-15 This study looks at the lives of the most famous wild children of eighteenth century Europe showing how they open a window onto European ideas about the potential and perfectibility of mankind Julia V Douthwaite recounts reports of feral children such as the wild girl of Champagne captured in 1731 and baptized as Marie Anglique Leblanc offering a fascinating glimpse into beliefs about the difference between man and beast and the means once used to civilize the uncivilized A variety of educational experiments failed to tame these feral children by the standards of the day After telling their stories Douthwaite turns to literature that reflects on similar experiments to perfect human subjects Her examples range from utopian schemes for progressive childrearing to philosophical tales of animated statues from revolutionary theories of regenerated men to Gothic tales of scientists run amok Encompassing thinkers such as Rousseau Sade Defoe and Mary Shelley Douthwaite shows how the Enlightenment conceived of mankind as an infinitely malleable entity first with optimism then with apprehension Exposing the darker side of eighteenth century thought she demonstrates how advances in science gave rise to troubling ethical concerns as parents scientists and politicians tried to perfect mankind with disastrous results *Performative Polemic* Kathrina Ann LaPorta, 2021-06-21 Performative Polemic is the first literary historical study to analyze the war of words unleashed in the pamphlets denouncing Louis XIV's absolute monarchy between 1667 and 1715 As conflict erupted between the French ruler and his political enemies pamphlet writers across Europe penned scathing assaults on the Sun King's bellicose impulses and expansionist policies This book investigates how pamphlet writers challenged the monarchy's monopoly over the performance of sovereignty by contesting the very mechanisms through which the crown legitimized its authority at home and abroad Author Kathrina LaPorta offers a new conceptual framework for reading pamphlets as political interventions asserting that an analysis of the pamphlet's form is crucial to understanding how pamphleteers seduced readers by capitalizing on existing markets in literature legal writing and journalism Pamphlet writers appeal to the theater going public that would have been attending plays by Molière and Racine
