Columbia in the mid 1800s Among them were ambitious easterners who accepted the challenge of the shorter but more
arduous overland route across the prairies and the Rockies One such man determined to find his fortune in the West was
Thomas McMicking destined to lead the largest and best organized group of Overlanders into British Columbia His record of
their epic journey is a valuable historical document that possesses the universal appeal of an adventure story McMicking
presents a vivid image of the hardships of the overland route the dangers both real and imagined like the apparently
threatening Plains Indians who turned out to be our best friends facts about important officials and settlements and scientific
observations of the physical environment But this is also a very human document that describes a journey of self discovery
revealing a sensitive man s encounter with a bountiful and beautiful yet hostile and alien land The journal is augmented by a
valuable introduction appendices on the Overlanders trail and the McMicking family and biographical sketches of many of
the men who later played prominent roles in British Columbia s development and whose descendants became some of the
province s best known leaders and families It is also enriched by the pictorial records of William Hind a major Canadian
painter who became known as the expedition artist Drawing on much previously unavailable material as well as on traditional
sources the editor has created a comprehensive historical framework for this unique document All The Things He Loved
