author of *GETTING THE LOVE YOU WANT*

Emotional Clearing The Handbook Of Integrative Processing

May Ivette Ray

Emotional Clearing The Handbook Of Integrative Processing:

Emotional Clearing John Ruskan,2011-12 In this ground breaking work John Ruskan focuses on the vital but often misunderstood issue of emotional healing and growth on the path to higher consciousness He presents a revolutionary synthesis of Eastern and Western psychological principles that will empower the reader to release negative suppressed feelings and end the havoc they can cause transforming all levels of their being Emotional Clearing John Ruskan,2000 Turning Western psychology inside out this groundbreaking book shows you how to release negative feelings once and for all After years of teaching his Integrative Processing Therapy technique John Ruskan explains his revolutionary and highly successful self therapy designed to enable personal happiness and fulfillment improved health and relationships and growth on the path to enlightenment With an emphasis on feelings as they are happening right now Emotional Clearing presents a guide to inner work for experiencing and accepting feelings and finally releasing them Contrary to the Western philosophy in which the expression of feelings is the route to their clearing Ruskan shows how talking about and acting out negative feelings do not ultimately provide relief In fact these activities can reinforce the very feelings you wish to resolve Emotional Clearing teaches you how to get past incessant thinking and reframing of emotions and get to the core feelings underneath It presents an enlightened program for taking responsibility for feelings opening to them and experiencing them fully in order to have them cleared from the subconscious where they have been building and causing havoc Combining the Eastern spiritual healing principle of acceptance with the Western idea of the subconscious Ruskan s theory is a radical departure from the Western paradigm that negative feelings must be disposed of actively Covering topics such as feeling through the body the centers of consciousness and addiction direct experience transformation practical inner work and breath work Emotional Clearing will help you integrate your emotions and achieve the functional and spiritual goals you ve only wished you could attain

Emotional Clearing John Ruskan,2003 In this ground breaking work John Ruskan focuses on the vital but often misunderstood issue of emotional healing and growth on the path to higher consciousness He presents a revolutionary synthesis of Eastern and Western psychological principles resulting in a profound system of spiritual self therapy that can touch and transform all levels of your being **Handbook of Self-Regulatory Processes in**

Development Karen Caplovitz Barrett,Nathan A. Fox,George A. Morgan,Deborah J. Fidler,Lisa A. Daunhauer,2013-05-02 The development of self and emotional regulatory processes helps children to regulate their behavior based on their cultural context and to develop positive social relationships This handbook brings together heretofore disparate literatures on self and emotional regulation brain and physiological processes mastery motivation and atypical development to highlight how mastery motivation is related to self regulation and to clarify the relation between these various processes Authors from a variety of countries and backgrounds provide an integrated up to date review of the research and the key theoretical models to demonstrate how these processes relate to cultural and individual differences in both typical and atypical development The

renowned editors all experts in a particular domain of self regulation provide section opening chapters that review the literature provide a perspective that explains the findings and suggest directions for future research Although the focus is on quantitative studies some qualitative findings and research using brain imaging methodologies are included Outstanding features include Reviews the development of self and emotional regulation from infancy through adolescence Contributors from various countries and backgrounds provide an integrative review of the literature to guide the direction of future research Features contributions from those who have had a strong impact on self regulation research Reviews research on developmental disorders that have implications for self regulation There are four sections Section one introduces the development of self and emotional regulation This section reviews how self regulation adapts based on personal and culturally based goals and how individual differences predispose some to behavior disorders Socialization influences are examined including a look at when typical regulation processes go awry Section 2 examines physiological and brain processes as they relate to the development of typical and atypical processes along with neurocognitive development of performance monitoring and how these processes change over time cortical activation differences and behavioral and electrocortical measures of attentional bias Section 3 reviews the development of self regulation and mastery motivation including a review of the Dimensions of Mastery Questionnaire DMQ cross national comparisons and what the DMQ can tell us about self regulation The section concludes with a look at the development of self regulation and mastery motivation in individuals with a developmental disability Section 4 examines self regulation in atypical development and evidence based treatment approaches in children with ADHD autism and Down syndrome This book is intended for researchers graduate students and practitioners in psychology neuroscience human development and education interested in the development of self and emotional regulatory processes
