Emotions From The Soul:

The Cry of the Soul Dan Allender, Tremper Longman, 2015-09-14 An excerpt from the foreword by Joni Eareckson Tada With the book you are holding you have stumbled upon the best of guides I should know I first read The Cry of the Soul decades ago when I was still sorting through a lot of hurt and frustration connected with my quadriplegia yes I read it on that music stand holding a mouth stick The Cry of the Soul showed me what to do with my anger and hurt not stuff it under the carpet of my conscience or minimize it but actually do something good with it All emotion whether positive or negative can give us a glimpse of the true nature of God We want to control our negative emotions and dark desires God wants us to recognize them as the cry of our soul to be made right with Him Beginning with the Psalms Cry of the Soul explores what Scripture says about our darker emotions and points us to ways of honoring God as we faithfully embrace the full range of our emotional life

The Psychology of the Spirit: a Contemporary System of Biblical Psychology J. Christopher Garrison, 2001-12-05 From the FOREWORD by Dan G Blazer M D Ph D Professor of Psychiatry Duke University Medical Center Occasionally a writer on psychology and biblical faith comes along who can work from the center J Christopher Garrison is such a writer Let me explain what I mean by working from the center No person who is thoroughly committed to his or her religious faith can really put that faith aside and work with scientific objectivity in blending the essence of that faith with the subject matter of empirical science Even if someone could I doubt that the project would be of great interest Such a person would not be someone I would define as working from the center A person who can work from the center in blending psychology and biblical faith is a person who can work not so much from the center of extremes as from the center of their being from their spirit if you will This ability shows itself when one has opened his or her innermost being to the Spirit of God and his or her mind and reason to modern psychology and truly grasped as a result the principles and concepts of what psychology is really about This is what Garrison has achieved In Garrison s Psychology of the Spirit psychology is not so much integrated as it is enriched Reading the end product deepens one s faith and one s understanding Such a psychology is not the mere providing of formulas for meeting daily life crises It is instead the total unfolding and renewal of one s inner being

The Soul's Alliance Bridget Canales, 2016-08-15 In a world that promotes denial of individuality we seem to have lost ourselves among the chaos forgetting about what lies deep within our core Some call it the soul others call it the spirit or the higher self Regardless of the label it is something we all possess and have had access to since the beginning of time The Souls Alliance takes you on a journey of discovery providing insights into understanding the illusion of control and decision making The book offers practical exercises to guide you on the path of assessing the self slowing down making changes and finding a balance between the mind body and spirit Whether the change you want to make is big or small or you just feel like something is missing The Souls Alliance will provide you with the guidance to find that missing piece and to make the change successful

Then in SOUL STORIES he revealed how such concepts as intuition harmony sharing and forgiveness actually express themselves in other people's lives. And now in THE HEART OF THE SOUL Zukav together with his coauthor and spiritual partner Linda Francis takes the next important step in showing us how to actually apply these crucial concepts in our daily lives. Zukav reveals how true emotional awareness can transform the human experience. Although it is challenging and difficult because it means becoming aware of suppressed pain it is also enormously rewarding. But first the determination to explore every aspect of consciousness and to cultivate those that contribute the most to life must replace the desire to bury painful emotions. Ultimately emotional awareness can free us from the compulsions fixations obsessions and addictions that block our spiritual development among them anger workaholism perfectionism obsessive eating alcohol drugs sex and allow us to live a fulfilling and meaningful life. THE HEART OF THE SOUL will be a revelation for readers a soul tool with which we can forge a greater emotional awareness to enable us to use our emotions in the creation of authentic power.
