## **Empires In Balance Japanese And Allied Pacific Strategies To April 194:**

*Empires in the Balance* H. P. Willmott, 1982 The respected British military historian H P Willmott presents the first of a three volume appraisal of the strategic policies of the countries involved in the Pacific War Remarkable in its scope and depth of research his thoughtful analysis covers the whole range of political economic military and naval activity in the Pacific This first volume comprehensively covers events between December 1941 and April 1942 concluding with the Doolittle Raid on April 18 When published in hardcover in 1982 the book was hailed as an eloquent portrayal of great empires on trial that no one should miss Willmott s stimulating and original approach to the subject remains unmatched even today **Empires in**

**the Balance** H. P Willmott, 2008-09-01 The respected British military historian H P Willmott presents the first of a three volume appraisal of the strategic policies of the countries involved in the Pacific War Remarkable in its scope and depth of research his thoughtful analysis covers the whole range of political economic military and naval activity in the Pacific This first volume comprehensively covers events between December 1941 and April 1942 concluding with the Doolittle Raid on April 18 When published in hardcover in 1982 the book was hailed as an eloquent portrayal of great empires on trial that no one should miss Willmott s stimulating and original approach to the subject remains unmatched even today The Second

World War Jeremy Black, 2017-05-15 World War II defined the 20th century and shaped the contemporary world from the decolonization of Africa to the rise and fall of the Berlin Wall This comprehensive series edited by one of the worlds leading military historians offers a focused overview of this complex and volatile era taking into account the political economic and social factors as well as military circumstances of the road to war and its consequences Augmented by a full length and detailed introduction by the editor each volume gathers together the seminal articles on specific arenas of the war providing a convenient and essential resource for researchers and general readers alike **Showdown in the Pacific War** Ronald E. Martell, 2015-03-06 Showdown in the Pacific War Nimitz and Yamamoto This unique book combines a carefully researched history with an easy to read analysis of the war in a fictional meeting between staff officers close to Admirals Chester Nimitz and Isoroku Yamamoto They trace the events leading to the Pacific War and the heroic struggles following the attack on Pearl Harbor to the eclipse of the Japanese war machine at Coral Sea Midway Guadalcanal and beyond Showdown reveals Yamamotos opposition to Japans waging a war it could not win along with his planning of her early successes and Admiral Nimitzs patient and careful reversal of the Empires offensives Showdown presents an even handed view of the nations that waged combat in the early stages of historys most famous naval war Ron Martell has given us a new and very interesting look at World War II in the Pacific Instead of simply retelling history he puts the reader in a fictitious yet plausible latter day conference between two of the conflicts high ranking adversaries key staff officers of the American and Japanese navies Its a genuine page turner for any fan of World War II history Ronald Russell author of No Right to Win A Continuing Dialogue with Veterans of the Battle of Midway Showdown in the Pacific is a thoroughly enjoyable read If someone asks me for a single

book to read on how the Pacific War started and then was fought for the first 18 months I will heartily recommend this one Thom Walla Editor and Host of The Battle of Midway RoundTable *The Practice of Strategy* John Andreas Olsen, Colin S. Gray, 2011-10-27 The Practice of Strategy focuses on grand strategy and military strategy as practiced over an extended period of time and under very different circumstances from the campaigns of Alexander the Great to insurgencies and counter insurgencies in present day Afghanistan and Iraq It presents strategy as it pertained not only to wars campaigns and battles but also to times of peace that were over shadowed by the threat of war The book is intended to deepen understanding of the phenomena and logic of strategy by reconstructing the considerations and factors that shaped imperial and nation state policies Through historical case studies the book sheds light on a fundamental question is there a unity to all strategic experience Adopting the working definition of strategy as the art of winning by purposely matching ends ways and means these chapters deal with the intrinsic nature of war and strategy and the characteristics of a particular strategy in a given conflict They show that a specific convergence of political objectives operational schemes of manoeuvre tactical moves and countermoves technological innovations and limitations geographic settings transient emotions and more made each conflict studied unique Yet despite the extraordinary variety of the people circumstances and motives discussed in this book there is a strong case for continuity in the application of strategy from the olden days to the present Together these chapters reveal that grand strategy and military strategy have elements of continuity and change art and science They further suggest that the element of continuity lies in the essential nature of strategy and war while the element of change lies in the character of individual strategies and wars **A Military History of Japan** John T. Kuehn, 2014-01-15 This comprehensive volume traces the evolution of Japanese military history from 300 AD to present day foreign relations and reveals how the country s cultural views of power violence and politics helped shape Japan s long and turbulent history of war The legacy of Japanese warfare is steeped in honor duty and valor Yet some of the more violent episodes in this country s military history have tainted foreign attitudes toward Japan oftentimes threatening the economic stability of the Pacific region This book documents Japan s long and stormy history of war and military action provides a thorough analysis of the social and political changes that have contributed to the evolution of Japan s foreign policy and security decisions and reveals the truth behind the common myths and misconceptions of this nation s iconic war symbols and events including samurais warlords and kamikaze attacks Written by an author with military experience and insight into modern day Japanese culture gained from living in Japan **A Military History of Japan From the Age of the Samurai to the 21st Century** examines how Japan s history of having warrior based leaderships imperialist governments and dictators has shaped the country s concepts of war It provides a complete military history of Japan from the beginning of the Imperial institution to the post Cold War era in a single volume This thoughtful resource also contains photos maps and a glossary of key Japanese terms to support learning [From Axis Victories to the Turn of the Tide](#) Alan Levine, 2012-06 The battles that changed the course of the war **Indomitable Will**

Charles Kupfer,2012-04-05 Some of the worst military disasters in U S history occurred between Pearl Harbor on December 7 1941 and the Battle of Midway in June 1942 During this period the American people faced a barrage of bad news and accounts of defeats and retreats Yet if they were shocked and dismayed they showed little panic Indomitable Will resurrects the legacy of this first half year of American combat during WWII a legacy of pain but not of woe Historian Charles Kupfer recounts the story of the war s early defeats Bataan Corregidor Wake Island and the Java Sea Some of these battles remain evocative today others are obscure all were catastrophes for American arms Kupfer asserts however that later victories were made inevitable by the steeling effect of those initial disasters Weaving together military journalistic political and cultural histories this engaging book shows that by setting their collective will on victory Americans in and out of uniform gained strength from their setbacks Indomitable Will spells out how the nation turned early defeat into ultimate victory **A**

**Gathering Darkness** Haruo Tohmatsu,H. P. Willmott,2004-09-14 The United States involvement in World War II began with the Japanese bombing of Pearl Harbor on December 7 1941 But for Japan the conflict began at a much earlier date This book focuses on Japan and the events in its military history leading up to and including Pearl Harbor Unique in its perspective A Gathering Darkness shows how historical events in the 1920s and 1930s steered the country into war with America and its allies A Gathering Darkness looks at what happened inside Japan in the 1920s to change its outlook on the West There was a general repudiation of western values by Japanese society and Japan turned its back on the outside world and an international order that were making life difficult for the country The treaties made in Washington in the 1920s left Japan with a local supremacy that no other power including Britain and the United States could challenge on the account of their lack of forward bases and their commitments that precluded full deployment of forces in the western Pacific A Gathering Darkness shows why Japan became increasingly militant in the 1930s The authors look at Japanese military involvement in Manchuria beginning in September 1931 They cover the beginning of Japan s involvement in China in 1937 a conflict in which Japan would up in a deadlock with the China theater of operations in the period 1939 1941 The book then analyzes the first five months of the Pacific War including the Pearl Harbor strike and the synchronization of offensive operations across more than four thousand miles of ocean It also investigates the dilemma Japan faced as it realized in early 1942 that the United States was not going to collapse A Gathering Darkness is the first volume in SR Books trilogy on the Pacific War This book offers a fascinating look at the prelude to the Pacific War and the early stages of the conflict that no one interested in World War II military history or Japanese history will want to miss **A War of Empires** Robert Lyman,2021-11-11

SHORTLISTED FOR THE RUSI DUKE OF WELLINGTON MEDAL FOR MILITARY HISTORY 2022 This is a superb book James Holland In 1941 and 1942 the British and Indian Armies were brutally defeated and Japan reigned supreme in its newly conquered territories throughout Asia But change was coming New commanders were appointed significant training together with restructuring took place and new tactics were developed A War of Empires by acclaimed historian Robert

Lyman expertly records these coordinated efforts and describes how a new volunteer Indian Army rising from the ashes of defeat would ferociously fight to turn the tide of war But victory did not come immediately It wasn't until March 1944 when the Japanese staged their famed March on Delhi that the years of rebuilding paid off and after bitter fighting the Japanese were finally defeated at Kohima and Imphal This was followed by a series of extraordinary victories culminating in Mandalay in May 1945 and the collapse of all Japanese forces in Burma Until now the Indian Army's contribution has been consistently forgotten and ignored by many Western historians but Robert Lyman proves how vital this hard fought campaign was in securing Allied victory in the east Detailing the defeat of Japanese militarism he recounts how the map of the region was ultimately redrawn guaranteeing the rise of an independent India free from the shackles of empire **Important**

**Differences Between Successful And Unsuccessful Senior Allied Army Combat Leaders** F. Earl Morrison, 2015-11-06 Two successful and two unsuccessful senior Allied Army combat leaders are studied to discern whether there are important differences in the qualities and abilities they demonstrated in combat The methodology used was to examine materials on the leaders for examples demonstrating courage determination coup d'etat presence of mind strength of will and sense of locality qualities and abilities which Carl von Clausewitz thought important Any other qualities or abilities which appeared important in the cases studied were also noted The study however represents an initial exploratory look It is qualitative and judgmental not quantitative and empirical It was found that the successful leaders demonstrated a balance of qualities and abilities while the unsuccessful ones either lacked a balance or demonstrated some fatal flaw Further study by other researchers is recommended **Thailand And The Fall Of Singapore** Nigel J Brailey, 2019-07-11 Focusing on the period between 1932 and 1968 this comprehensive study bridges the gap between recent political studies and available historiography which generally conclude with the 1932 revolution Dr Brailey discusses the 1942 Japanese capture of Singapore that dragged a reluctant Thailand into World War II a war Thai leaders believed was irrelevant to their national interests He argues that this country which had launched one of the East's earliest nationalist revolutions had its political development reversed for a quarter century by the arrival of Japanese troops Ironically the Japanese presence in the region enabled most of Thailand's neighbors to promote their own development through decolonization Dr Brailey demonstrates that Thailand once freed from post war trauma achieved a level of political freedom unsurpassed in Asia without seriously compromising its stability □□

□□□□, 1986 *Singapore Periodicals Index*, 1983 □□□□□□□□, 1986-07 *List of Titles Added to the Catalogue* University of London. School of Oriental and African Studies. Library, 1983 **The Battle of the Coral Sea 1942** Gavin Fry, 1993 **The British Character, Studied and Revealed** Pont, 1982 *National Union Catalog*, 1983 Includes entries for maps and atlases **Quiet Cataclysm** John E. Mueller, 1995 Quiet Cataclysm examines how in the last few years the world has undergone the fundamental equivalent of World War III A major empire was dismembered important political boundaries in Europe were reorganized and several nations were politically transformed Yet unlike its predecessors this

world war ended with scarcely a shot fired

## **Empires In Balance Japanese And Allied Pacific Strategies To April 194** Book Review: Unveiling the Power of Words
