Front-Line Workers in the Global Service Economy Giovanna Fullin,2021-06-17 Walking around the commercial streets of New York San Francisco Milan London or Paris and looking at the succession of multinational chain stores windows you can easily forget what country you are in However if you hear the small talk among the employees you hear very different stories In New York a 30 year old woman is worried because she does not know if she will work enough hours to make a living the following week whereas in Milan a mother of the same age knows she will work 20 hours a week but is concerned about whether her contract will be renewed at the end of the following month Following three years of fieldwork which included 100 in depth interviews with front line retail workers and unionists in New York City and Milan *Front Line Workers in the Global Service Economy* investigates both the lived experiences of salespersons in the fast fashion industry a retail sector made of large chains of stores selling fashion garments at low prices and the possibilities of collective action and structured forms of resistance to these global trends In the face of economic globalization and vigorous managerial efforts to minimize labor costs and to standardize the retail experience mass fashion workers stories tell us how strong the pressure toward work devaluation in low skilled service sectors can be and how devastating its effects are on the workers themselves

*Precarious Work, Women, and the New Economy* Judy Fudge,Rosemary Owens,2006-04-26 Globalisation the shift from manufacturing to services as a source of employment and the spread of information based systems and technologies have given birth to a new economy which emphasises flexibility in the labour market and in employment relations These changes have led to the erosion of the standard industrial employment relationship and an increase in precarious work work which is poorly paid and insecure Women perform a disproportionate amount of precarious work This collection of original essays by leading scholars on labour law and women s work explores the relationship

between precarious work and gender and evaluates the extent to which the growth and spread of precarious work challenges traditional norms of labour law and conventional forms of legal regulation The book provides a comparative perspective by furnishing case studies from Australia Canada the Netherlands Quebec Sweden the UK and the US as well as the international and supranational context through essays that focus on the IMF the ILO and the EU Common themes and concepts thread throughout the essays which grapple with the legal and public policy challenges posed by women s precarious work

*Vicarious Language* Miyako Inoue, 2006-04-05 This highly original study provides an entirely new critical perspective on the central importance of ideas about language in the reproduction of gender class and race divisions in modern Japan Focusing on a phenomenon commonly called women s language in modern Japanese society Miyako Inoue considers the history and social effects of this language form Drawing on ethnographic fieldwork in a contemporary Tokyo corporation to study the everyday linguistic experience of white collar females office workers and on historical research from the late nineteenth century to 1930 she calls into question the claim that women s language is a Japanese cultural tradition of ancient origin and offers a critical genealogy showing the extent to which this language form is in fact a cultural construct linked with Japan s national and capitalist modernity Her theoretically sophisticated empirically grounded interdisciplinary work brilliantly illuminates the relationship between culture and language the nature of power and subject formation in modernity and how the complex nexus of gender language and political economy are experienced in everyday life

**Journal of Economic Literature**, 1988      **Key Issues in Women's Work** Catherine Hakim, 2016-09-17 Women s employment is one of the most widely discussed and often misunderstood issues of modern society Are women today oppressed or do they have the best of both worlds Do women have to go out to work to gain equality with men or do they already do more than their share of domestic work caring work and voluntary work as well as work in the informal economy Do women seek careers on the same terms as men or are they content to be dependent wives or secondary earners taking jobs on a short term basis How important is job segregation in explaining the 20% pay gap between men and women Have equal opportunities laws had any real impact Are women in Europe lagging behind or are they at the forefront of developments in modern societies This new updated edition of Catherine Hakim s classic text addresses all the key issues currently debated in relation to women s work in the domestic sphere as well as paid employment Dr Hakim tests the power of patriarchy theory and preference theory against economic theories Sex discrimination work life balance part time work flexible hours homeworking career patterns across the life cycle labour mobility labour turnover the returns to education occupational segregation the pay gap the glass ceiling and the impact of European Union policies are all considered Analysis of historical developments over the twentieth century based on censuses is complemented by case studies of people working in occupations undergoing dramatic change Throughout the book comparisons are drawn between the USA Britain other European countries Canada Australia and also China Japan and other Far Eastern societies The analysis draws on sociology

economics psychology labour law history and social anthropology to conclude that the diversity of women's life goals and lifestyle preferences is increasing. This explains the growing polarisation of women's employment and many contradictory recent research results.

**Empirical Law and Economics** Atsushi Maki, 2024-07-05 Maki provides an empirical analysis of law and economics by reevaluating Myrdal's value premises and Weber's separation of analysis and policy In modern civil society individuals and businesses conduct economic activities through markets The mainstream economic theory is the general equilibrium theory which assumes a perfectly competitive market The upshot is that transactions through competitive markets maximize the economic welfare of society with policies such as deregulation and privatization being implemented with the backing of the law However in the real economy legal transactions do not always take place and this book analyzes

price fixing and bid rigging cases These cases show that there is a gap between competition philosophy and legislation Using the real economy as data this book conducts an empirical analysis of law and economics and illustrates issues related to the ideals of economics and the proper application of law Accumulating empirical results will provide the means to form a healthy civil society A useful reference for graduate students and researchers in economics and legal research and an interesting read for those who consider economics to be an empirical science      *Multinational Human Resource Management and the Law* Matthew W. Finkin,Joel Cutcher-Gershenfeld,Takashi Araki,Roberto Fragale Filho,Andrew Stewart,Bernd Waas,2013-09-30 Multinational corporations face considerable complexity in setting the terms and conditions of employment Differing national laws prevent firms from developing consistent sets of employment policies but at the same time employees are often expected      **The World Trade Organization** International Trade Law Center,Arthur E. Appleton,Michael G. Plummer,2007-12-31 The editors have succeeded in bringing together an excellent mix of leading scholars and practitioners No book on the WTO has had this wide a scope before or covered the legal framework economic and political issues current and would be countries and a outlook to the future like these three volumes do 3000 pages 80 chapters in 3 volumes cover a very interdisciplinary field that touches upon law economics and politics      **Issues for Debate in American Public Policy** The CQ Researcher,2017-03-20 This collection of non partisan reports written by award winning CQ Researcher journalists focuses on provocative current policy issues As an annual publication that comes together just months before it goes to press the volume is all new and as up to date as possible And because it s CQ Researcher the policy reports are expertly researched and written showing all sides of an issue Chapters follow a consistent organization exploring three issue questions then offering background current context and a look ahead and feature a pro con debate box All issues include a chronology bibliography photos charts and figures
