

THE GOOD AND BAD NEWS

About Employer Health Plan Costs

The cost of health plans offered by employers has risen more slowly since the Affordable Care Act took effect.

But growth in U.S. household incomes hasn't kept up.

The Toyota Way to Healthcare Excellence: Increase Efficiency and Improve Quality with Lean, Second Edition John Black, David Miller, Joni Sensel, 2016-04-05 The Toyota Production System model or Lean originated in manufacturing but has since emerged as a powerful tool for providing safe compassionate error free healthcare This book examines trailblazing work in several organizations that committed to applying Lean principles and processes in a new environment and it shares the insights of leaders who credit Lean with dramatically improving their operations and outcomes This book explains what Lean is how it works and how it can benefit your organization The implementation of Lean can increase patient and staff satisfaction improve patient care cut waste clutter and confusion eliminate errors that result in patient and staff harm lower costs raise profitability and enhance your operation s reputation This new edition explores how Lean can transform healthcare at any

level Four new chapters describe the implementation of Lean in the healthcare system of Saskatchewan Canada a province that employs more than 40 000 healthcare workers to serve a population of 1 13 million people scattered over 251 900 square miles The authors share numerous lessons learned from launching such a large scale improvement effort addressing such issues as overcoming resistance to change and engaging patients and care providers in the implementation No organization is too big to tackle a Lean transformation The bigger the system being improved the larger the potential gains In addition a new epilogue presents an update on previous cases and shares the perspectives of three leaders looking back on their implementations considering long term success and offering their most seasoned advice Today 14 years into our journey the answer is still clear Lean is the management system Virginia Mason needed We re past the tipping point and the results continue to be powerful in their positive impact for our patients and staff Gary Kaplan CEO Virginia Mason Medical Center

Health Insurance and Managed Care Peter R. Kongstvedt, 2019-02-14 Health Insurance and Managed Care What They Are and How They Work is a concise introduction to the workings of health insurance and managed care within the American health care system Written in clear and accessible language this text offers an historical overview of managed care before walking the reader through the organizational structures concepts and practices of the health insurance and managed care industry The Fifth Edition is a thorough update that addresses the current status of The Patient Protection and Affordable Care Act ACA including political pressures that have been partially successful in implementing changes This new edition also explores the changes in provider payment models and medical management methodologies that can affect managed care plans and health insurer

Redefining Health Care Michael E. Porter, Elizabeth Olmsted Teisberg, 2006 The U S health care system is in crisis At stake are the quality of care for millions of Americans and the financial well being of individuals and employers squeezed by skyrocketing premiums not to mention the stability of state and federal government budgets In *Redefining Health Care* internationally renowned strategy expert Michael Porter and innovation expert Elizabeth Teisberg reveal the underlying and largely overlooked causes of the problem and provide a powerful prescription for change The authors argue that participants in the health care system have competed to shift costs accumulate bargaining power and restrict services rather than create value for patients This zero sum competition takes place at the wrong level among health plans networks and hospitals rather than where it matters most in the diagnosis treatment and prevention of specific health conditions *Redefining Health Care* lays out a breakthrough framework for redefining health care competition based on patient value With specific recommendations for hospitals doctors health plans employers and policy makers this book shows how to move to a positive sum competition that will unleash stunning improvements in quality and efficiency
