by cooperating with God in building a faithful church Using personal stories and current statistics as well as numerous biblical examples the author sets forth ten basic principles that provide an eternal foundation for helping any church large or small achieve lasting vitality and growth **Winning Others For God: Effective Gospel Sharing** Carl Shank,2018-07-25

As the second book in the Explorations in Theological Field Education series Empower is a toolkit for supervisor mentors working with beginning ministers Chapters from ministry practitioners and field education program directors offer lessons gained through hundreds of hours of mentoring experience Seasoned practitioners reveal

how to do the work of mentoring in ways that fit particular needs of students with whom they have worked Guiding those who wish to deepen and expand their craft of mentoring Empower welcomes ministry mentors into a supportive community dedicated to making theological field education a rewarding experience for everyone involved The Importance of Inner Healing and Deliverance for Effective Discipleship Johnathan Lee Shoo Chiang, 2019-12-18 Personal encounters with God are vital for the current generation of believers the postmodern millennial generation who affirm truth through experience Instead of the traditional view of inner healing and deliverance IHD as a hospital unit of the church this dissertation turned book will explain the biblical theological and current relevance of incorporating IHD into the discipleship structure of the local church With field research based in Singapore and Taiwan a grounded theory based on empirical research attests to a framework that enables believers to personally and powerfully encounter God experience divine healing and wholeness and become equipped for ongoing sanctification *Empowering Leadership* Michael Fletcher, 2018-01-23 A major problem in the local church today is lack of leadership Simply put we have more needs than we have leaders to meet those needs So how do we train better leaders faster The truth is very few churches really have a well thought out leadership development plan Growth requires continually adding healthy new leaders who carry the church culture forward and embody its core values Everyone knows it but how do we achieve it In *Empowering Leadership* author and leadership consultant Michael Fletcher says leaders like this can't simply be bought nor can they be hired from someone else's leadership assembly line Developing leaders at every level to create an environment that attracts potential leaders and to build better leaders faster an organization needs more than a pipeline It needs a culture that develops leaders organically Finding the right kind of leaders to guide your church on a path of continual growth comes out of keeping the right focus and that focus is not just on the leaders In fact as Fletcher says It isn't about the leader It never was about the leader It will never be about the leader It will always and only be about Jesus and his people It's about the people True leadership development includes the often messy but necessary interaction of life upon life So hiring pastors and key staff roles from within the church is the very best policy people who breathe the culture of the church and who have helped create the culture you want to maintain If your church or organization needs a good leadership development structure then you're holding the right book *Empowering Leadership* details Michael's greatest insights on how to build better leaders faster by creating a leadership development culture in your church or organization naturally organically continually Empower your church or organization through great leadership This book will show you how **How to Break Growth Barriers** Carl F. George, Warren Bird, 2017-04-04 Some churches grow rapidly only to hit a ceiling Other churches have experienced declining or static attendance many of them for decades Frustrated pastors and church leaders want growth methods that work but without adding to pastoral fatigue *How to Break Growth Barriers* argues that growth comes when effective leadership and lay empowerment skills work hand in hand This requires a shift of focus from the shepherd as the primary caregiver to shepherd as developer and coach of many caregivers

The authors show pastors how to communicate a vision for the future and then how to lead the congregation into the paradigms necessary for potentially limitless growth. The strategies found in this book are not only tried and true and taken from a biblical perspective of a harvest vision. They are also newly updated to reflect our changing culture including helpful charts and checklists for self evaluation.
