## **Empowering Underachievers:**

**Empowering Underachievers** Peter Alexander Spevak, Maryann Karinch, 2000 Kids who are failing at school constantly use excuses and share three traits no persistence to completion lack of independent functioning and inability to work within time limits Parents and teachers often try tutoring force or logic to try to get these underachievers to perform at a higher level Most of the time they fail Now noted psychologist Dr Peter A Spevak reveals his dynamic method and gives important tips for parents and teachers He has motivated over 2000 failing students to perform at or near their full potential

Empowering Underachievers New Strategies To Guide Kids (8-18) To Personal Excellence, 2010 My child is so bright why isn't she doing better in school Does she want to fail parents ask Peter A Spevak Ph D who has brought 2000 students from failure to success and is an often called upon expert on Good Morning America and contributor to Parents Magazine and the New York Times explains that lack of emotional maturity is often the main problem in dealing with children who suffer from low self esteem poor self confidence and are labeled underachievers Parents and educators must actively engage underachievers in a transformation to become self motivated and happy individuals How can underachievers be motivated First you must understand the relationship between emotional maturity and chronological age Dr Spevak warns readers about accepting a diagnosis of ADD or ADHD being made too quickly He focuses on the four emotional developmental stages distant passive dependent and defiant explaining and demonstrating through examples how each type needs specific interventions and actions to get unstuck and stop the backsliding that results in failure He shows the reader how to encourage emotional growth in a child enabling him or her to become empowered and thus achieve Spevak skillfully blends theory explaining the problem with a practical doable action plan for solving the problem Motivational expert reveals action plan which has helped 2000 underachievers succeed New ways to understand and empower failing children How to guide an underachiever to personal excellence About the Authors Peter A Spevak Ph D Founder Director of the Center for Applied Motivation in Washington D C has appeared on Good Morning America and Dateline and has been featured in the New York Times Boston Globe Forbes Wall Street Journal Washington Post Newsweek and the LA Times He received his MA and Ph D in clinical psychology from the University of Missouri Columbia Maryann Karinch a communications consultant in San Mateo CA and author of Lessons From the Edge Boot Camp and Telemedicine holds an MA degree from Catholic University of America *Listening to Able Underachievers* Michael Pomerantz, Kathryn Ann Pomerantz, 2013-01-11 This book provides a new contribution to raising attainment in secondary schools with specific reference to able underachievers who are currently achieving C grades or less when they could be getting As Standards are depressed each time a single able underachiever demonstrates a competence that is below his or her real potential It lowers morale in that the progress of the whole school is reduced proportionately in line with the able pupils who aren't achieving their real potential and resources are wasted every time these pupils start misbehaving or creating problems in school This is a new and innovative approach

which is based on discussions with the pupils themselves and incorporates not just the usual basic subjects but also the creative areas of the curriculum and the wider community as a whole Head teachers senior managers teachers and students indeed all who are interested in raising standards and ensuring that pupils achieve their full potential will find this book to be an excellent resource     [Able Underachievers](#) Diane Montgomery,2000-10-30 This text is a discussion of how to deal with able underachievers in education It concludes that teaching and learning methods need to be modified to become learning oriented and centred rather than subject oriented and teacher centred     **Empowering Novice Academics for Student Success** Dr Johann Hugo,2021-04-26 This book is essential for academics that enter the field of higher education and training as it focuses on preparing teachers and trainers to respond appropriately to student success challenges Student success is a burning issue both globally and locally While student achievement is determined by a combination of factors teachers and their teaching practices do matter Higher education teachers are expected to fulfil different roles at different times such as planning for curriculum implementation mentorship and coaching facilitating learning resource development and student assessment Against this background the primary purpose of Empowering novice academics for student success Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughput     *How to Spot a Liar Volume 2 of 2 (EasyRead Super Large 24pt Edition)* ,     **Empowering Formal and Informal Leadership While Maintaining Teacher Identity** Zugelder, Bryan S.,2021-05-07 Teacher leadership remains at the forefront of conversations in teacher education with discussions on recruitment retention and effectiveness Teachers are at the core of schooling and the roles they assume and types of leadership they engage in are multi dimensional Teacher leadership comes in many shapes and definitions In this sense both opportunities and challenges exist in teacher leadership While national competencies continue to define dispositional and knowledge base for teacher leaders there is still work to be done to define and add to the body of scholarship on this topic Teacher leadership opportunities provide development for teachers as a key retention strategy however role ambiguity presents challenges in how to empower teachers for formal and informal roles of leadership while maintaining the teacher identity Empowering Formal and Informal Leadership While Maintaining Teacher Identity provides a comprehensive look at the opportunities and challenges of teacher leadership drawing on research and practice that add to the body of knowledge for teacher leadership which is a niche in education that differs from educational administration Highlighted topics within this book include models for teacher leadership teacher education types of leadership roles the development and retention of teacher leaders and leadership across different types of school districts This book is ideally designed for inservice and preservice teachers administrators teacher educators practitioners researchers academicians and students interested in teacher leadership roles and the way in which teacher identity is maintained in relation to these other leadership positions     **Refeathering the Empty Nest** Wendy Aronsson,2023-06-14 Finalist Books for a Better Life Award A terrific read that offers parents a new way of thinking

and being after their last child leaves home Guy Winch PhD author of Emotional First Aid Parents make an enormous emotional and financial investment in raising their children But children grow up They move out They create their own lives and their own homes and the role of the parent changes diminishes and evolves This life phase has no official name yet it represents a profound shift from the rigors of daily parenting to a period of self reflection and reorientation In this book Wendy Aronsson centers on that experience capturing the realities of the emotions and life changes that come on gradually and sometimes proceed in fits and starts Refeathering the Empty Nest is for any parent preparing for a grown child s departure from home and wanting to move forward productively both in their changed parenting role and in their roles as spouse employee friend neighbor and self Using real stories throughout Aronsson shows how people have managed these changes how they ve reignited the passion in their marriages or moved on from bad matches how they ve rediscovered old interests and talents and how they ve reinvented their relationships with their children as well These stories provide hope and guidance to anyone whose nest is about to empty as well as those whose nests already are *Get People to Do What You Want* Gregory Hartley, Maryann Karinch, 2008-08-15 In business school romance or your neighborhood it is valuable to know what attracts people what repels them and what makes them tick How do people see you And how do you see others In *Get People to Do What You Want* you ll find the practical answers to these questions and in the process discover how to win people over You will gain an upper hand in your interaction with others that translates into higher starting salaries greater productivity and better relationships in which you are never the victim You ll learn about One on one interaction Group dynamics The projection of leadership Instinctual trust and mistrust of others Other elements of human behavior that must be understood to win people over for more than a few moments *Get People to Do What You Want* is the perfect modern complement to Dale Carnegie s 1937 classic work on the topic In fact you might think of them as the Old and New Testaments of interpersonal skills Interrogation is about getting people who do not like you the enemy to side with you long enough to get your desired outcome It means motivating human behavior to create a bond that allows someone who may dislike you to feel obliged to cooperate with you This book teaches you skills honed in years of interrogation and expanded by use in the business world By combining these skills with your unique background you will easily attract the people you want and get rid of the ones you don t *I CAN READ YOU LIKE A BOOK (EasyRead Super Large 24pt Edition)* , *I Can Read You Like a Book* Gregory Hartley, Maryann Karinch, 2007-01-01 Presents an efficient method for reading body language in first encounters daily encounters and even watching the news explaining how the messages and emotions that people are really sending can be spotted and interpreted *How to Spot a Liar* Gregory Hartley, Maryann Karinch, 2012-07-22 From a US Army interrogator expert advice on how to ask questions assess body language and facial expressions to extract the truth from anyone Have you ever been lied to Of course you have whether you knew it or not Ever caught a spouse business partner parent boss or child brazenly lying right to your face What if you could tell someone was lying just by listening to

them and observing their action and behavior How to Spot a Liar is the first book that gives you the tools to figure out what is really going on to gain the upper hand in salary negotiation move a prospective client toward the outcome you desire and find out why you need to end a business or personal relationship Who needs How to Spot a Liar Anyone with a cheating spouse or manipulative boss Anyone conducting job interviews or cold calling prospective customers Lawyers who need to read witnesses or jurors Anyone trying to survive the dating scene or faced with a string of business meetings with clients Anyone who has teenagers at home or works on Capitol Hill Anyone whose success and happiness depends on clear interaction with others And anyone who wants to become just a bit more inscrutable in business life even at the poker table

**Underachievers in Secondary School** Robert S. Griffin, 1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company *Underachievers in Secondary Schools* Robert S. Griffin, 2012-11-12 Underachievement is approached from a broad integrated perspective in this insightful look at the talented adolescent who always performs below his or her optimum level of achievement Professor Griffin examines the psychological social and scholastic reasons behind the phenomenon of the distracted and disengaged high school student The result of this in depth study A unique volume describing effective student learning behavior providing curricular and instructional proposals for motivating underachievers and offering a construct that provides the basis for understanding the various factors that account for academic achievement
