Palmer,2024-10-16 In 2018 while teaching her kids to swim and working on urban river restoration projects Hannah S Palmer began a journal of social encounters with water As she found herself dangling her feet in a seemingly all white swimming pool she started to

worry about how her young sons would learn to swim Would they grow up accustomed to the stubbornly segregated pools of Atlanta Was it safe for them to wade in creeks laced with urban runoff or dive into the ever warming man made swimming holes of the South Should they just join the Y But these weren't just parenting questions In the South how we swim and whether we have access to water at all is tied up in race and class As she took her sons pool hopping across Atlanta Palmer found an intimate lens through which to view the city's neighborhoods In *The Pool Is Closed* she documents the creeks behind fences the springs in the sewers the lakes that had all but vanished since her own parents learned to swim In the process she uncovers complex stories about environmental history water policy and the racial politics of public spaces Nothing prepared Palmer for the contamination sewage and bodies that appear when you look at water too long Her search for water became compulsive a way to make sense of the world *The Pool Is Closed* is a book about water where it flows and where it floods who owns it and what it costs It's also a story about embracing parenthood in a time of environmental catastrophe and political anxiety of dwindling public space and natural resources It chronicles a year long quest to find a place to swim and finding instead what makes shared water so threatening and wild **The Publishers Weekly**, 2005

Wolf Bells Leni Zumas, 2025-09-16 The acclaimed author of *Red Clocks* returns with a biting lyrical novel about an intergenerational group home run by an ex musician determined to make a place for those without one On a bluff above a river rises The House where elderly and disabled residents live alongside young people who help out in exchange for free rent The community is led by a former punk singer who never wanted to be responsible for anyone yet now finds herself the caretaker of this precarious collection of lives It's not a family exactly but it's got the complicated sometimes painful sometimes hilarious dynamics of kinship When two kids Nola and her little cousin James show up on The House's back porch in need of refuge the whole experiment is thrown into question All are welcome here or that was the idea But the authorities are looking for these children and The House's finances are teetering on the edge Zumas's long anticipated third novel wrestles with America's crisis of care in a taut aching polyphonic tale that moves as fast as the crackling comebacks that fly between The House's residents over breakfast As the rules of the outside world start to press in on this safe haven readers will find themselves asking what would the world look like if everyone had a place to belong *In Deep Terra* Elan
