Altieri, 2016-11-25

Contemporary agriculture is often criticized for its industrial scale adverse effects on nutrition rural employment and the environment and its disconnectedness from nature and culture Yet there are many examples of traditional smaller scale systems that have survived the test of time and provide more sustainable solutions while still maintaining food security in an era of climate change This book provides a unique compilation of this forgotten agricultural heritage and is based on objective scientific evaluation and evidence of the value of these systems for present and future generations The authors refer to many of these systems as Globally Important Agricultural Heritage Systems GIAHS and show how they are related to the concepts of heritage and the World Heritage Convention They demonstrate how GIAHS based on family farms traditional indigenous knowledge and agroecological principles can contribute to food and nutrition security and the maintenance of agro biodiversity and environmental resilience as well as sustain local cultures economies and societies Two substantial chapters are devoted to descriptions and assessments of some 50 examples of designated and potential GIAHS from around the world including rice fish culture in China mountain terrace systems in Asia coffee agroforestry in Latin America irrigation systems

and land and water management in Iran and India pastoralism in East Africa and the dehesa agrosilvopastoral system of Spain and Portugal The book concludes by providing policy and technical solutions for sustainable agriculture and rural development through the enhancement of these systems      **Sunset** ,1899      **Traditional Ecological Knowledge of Resource Management in Asia** Suresh Chand Rai,Prabuddh Kumar Mishra,2023-01-01 This book highlights the different ways of traditional ecological knowledge TEK practices that conserve natural resources sustainably Traditional ecological knowledge TEK along with synonymous or closely related terms like indigenous knowledge and native science originates in the literature on international development and adaptive management Against the backdrop of unprecedented global degradation and reduction in ecosystem services with impacts on human well being over the last 50 years there is a growing interest in the role of traditional ecological knowledge TEK practices and systems of local communities in ensuring the sustainable utilization and management of resources In this context this book comprehensively analyzes the important aspects of natural resources in Asia This book covers a detailed study of the different aspects of natural resources It is divided into three sections which deal with varying dimensions of indigenous ecological knowledge of resource management in Asia The first part reflects upon the concept of traditional ecological knowledge the second part analyzes the systematic documentation of TEK practices and the third part deals with policy for governance This book critically describes and explains the indigenous knowledge about resource management This book is the ideal text for undergraduate postgraduate and research scholars in India and abroad This book is designed in such a manner that it covers all the aspects of natural resources It also helps the administrator and policymakers use indigenous knowledge in resource management      **Disaster Risk Reduction and Rural Resilience** Sudip Mitra,Rajib Shaw,2024-10-30 Even though frequent disaster losses occur in rural and agricultural areas a substantial number of the prevailing disaster research has focused on urban areas often failing to notice rural populations communities and rural development as a whole It is critical to assess how the needs and vulnerabilities in rural communities impact the creation of resilience especially in countries with a large area under rural regions For disaster managers rural areas present different opportunities and challenges from their urban counterparts Rural communities position after a disaster is different from that of urban communities Efficient DRR disaster risk reduction is the key to sustainable rural development Disasters can cause human and animal life loss field crops stored seeds agricultural equipment materials supply systems e g infrastructure livelihood and associated indigenous knowledge Such impacts have its short term repercussions and affect the long term sustainability of the rural sector Rural regions of the developing world can be remote with high concentrations of mass poverty food insecurity and illiteracy hence access to food shelter and communication related to relief and recovery is a challenge after a disaster In rural areas farmers strongly rely on natural resources and have no alternative source of income or employment making them more vulnerable to a crisis Role of women in rural development and agricultural activities is of paramount importance Yet they are the most affected ones

during any disaster Vulnerabilities of children and especially abled people in the rural sector are untouched areas that require more attention in days to come This book deliberates on the aspects as mentioned above related to disaster risk reduction preparedness and management Apart from the introduction the book has four parts 1 Food and Agriculture 2 Water and Sanitation 3 Gender and Social Issues and 4 Technology Overall this book is a valuable resource material for students researchers academia policymakers and development practitioners *United Editors Encyclopedia and Dictionary*, 1907 **The Sunset**, 1899 **Botanical Culture of Mughal India** Versha Gupta, 2018-07-27 Trees have been an intrinsic part of human lives since the times immemorial In the Indian context due importance has been attributed towards the preservation of precious flora and fauna resources which this land has been bestowed with an ample measure The present work introduces the readers to the culture of environmental protection which had been initiated and sustained starting from ancient and traversing through Sultanate and Mughal Period It minutely details the initiatives undertaken for the development of horticulture during the Mughal period The work enumerates the contribution of the Mughal kings and nobility in laying out gardens on an exquisite scale It also focuses on the activities initiated by general public for the preservation of ecology in the geographical areas inhabited by them Various botanical products and the scientific inventions made in this field find due mention regarding their role in upkeep of the economy and general prosperity of the society The notable role played by the religious elements of various hues and institutions established by them are the highlights of this work Terrariums: Gardens Under Glass Maria Colletti, 2015-09-18 Bring the natural world indoors with designs for more than twenty stylish modern mini gardens includes step by step photos Create your own garden under glass with expert advice step by step photos plant suggestions and over twenty terrarium designs Growing adorable miniature plants in glass vessels is a great way to stay in touch with nature all year round and add compelling modern elements to your home decor Whether you reside in a tiny apartment spend hours at an office desk or just want to be better connected to green living things terrariums are the ticket Now terrarium expert and teacher Maria Colletti makes designing and caring for your very own interior gardens easy with Step by step photo illustrated instructions for making over twenty of her own terrarium designs All the information you need about popular terrarium plants such as tillandsias air plants orchids mosses cacti succulents and ferns Ideas and tips for choosing your glass vessels with choices including vases lidded jars fish bowls vertical planters hanging globes tabletop greenhouses and more Maintenance troubleshooting and watering tips including vessel specific advice A wondrous combination of nature gardening and interior design terrarium building and tending is both therapeutic and inspirational and once you know the basics the plants the vessels and a basic understanding of soil water and humidity you can mix and match for an endless exploration of your own creativity **Tropical and subtropical Vegetables** EduGorilla Prep Experts, 2024-06-21 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic
