Florence Pierce Lucy R. Lippard, Florence Pierce, 1998 **The Natalie and Irving Forman Collection** Albright-Knox Art Gallery, Karen Lee Spaulding, 2005 The gift of Natalie and Irving Forman of their stellar art collection of monochrome works of art 161 paintings and sculpture and 127 works on paper constitutes a remarkable contribution to the permanent collection of the Albright Knox Art Gallery It is the single largest gift to be donated at one time to the museum and is particularly noteworthy for its relevance and significance to the Gallery's collection of abstract art This volume celebrates that magnificent gift documents the painting and sculpture collection and marks the exhibition that honors the Formans generosity on view at the Albright Knox Art Gallery May 6 July 3 2005 Book jacket *Women Artists of the American West* Susan R. unpretentious and or dematerialized Lucy R Lippard Six Years In 1973 the critic and curator Lucy R Lippard published Six Years a book with possibly the longest subtitle in the bibliography of art The dematerialization of the art object from 1966 to 1972 a cross reference book of information on some esthetic boundaries consisting of a bibliography into which are inserted a fragmented text art works documents interviews and symposia arranged chronologically and focused on so called conceptual or information or idea art with mentions of such vaguely designated areas as minimal anti form systems earth or process art occurring now in the Americas Europe England Australia and Asia with occasional political overtones edited and annotated by Lucy R Lippard Six Years sometimes referred to as a conceptual art object itself not only described and embodied the new type of art making that Lippard was intent on identifying and cataloging it also exemplified a new way of criticizing and curating art Nearly forty years later the Brooklyn Museum takes Lippard s celebrated experiment in curated concatenation as a template turning a book that resembled an exhibition into an exhibition materializing the ideas in her book The artworks and essays featured in this publication recall the thrill that was tangible in Lippard s original documentation reminding us that during the late sixties and early seventies all possible social and material parameters of art making were played with worked over inverted reduced expanded and rejected By tracing Lippard s own activities in those years the book also documents the early blurring of boundaries among critical curatorial and artistic practices With more than 200 images of work by dozens of artists printed in color throughout this book brings Lippard s curatorial experiment full circle
