Burlington Magazine for Connoisseurs Robert Edward Dell, Charles John Holmes, Harold Child, Lionel Cust, Roger Fry, 1905 **Sleepwalking into a New World** Chris Wickham, 2015-01-25 A bold new history of the rise of the medieval Italian commune Amid the disintegration of the Kingdom of Italy in the eleventh and twelfth centuries a new form of collective government the commune arose in the cities of northern and central Italy Sleepwalking into a New World takes a bold new look at how these autonomous city states came about and fundamentally alters our understanding of one of the most important political and cultural innovations of the medieval world Chris Wickham provides richly textured portraits of three cities Milan Pisa and Rome and sets them against a vibrant backcloth of other towns He argues that in all but a few cases the elites of these cities and towns developed one of the first nonmonarchical forms of government in medieval Europe unaware that they were creating something altogether new Wickham makes clear that the Italian city commune was by no means a democracy in the modern sense but that it was so novel that outsiders did not know what to make of it He describes how as the old order unraveled the communes emerged governed by consular elites chosen by the people and subject to neither emperor nor king They regularly fought each other yet they grew organized and confident enough to ally together to defeat Frederick Barbarossa the German emperor at the Battle of Legnano in 1176 Sleepwalking into a New World reveals how the development of the autonomous city state took place which would in the end make possible the robust civic culture of the Renaissance *The Annual American Catalog, 1900-1909* , 1906 *Italy in the Nineteenth Century* James Whiteside, 1851 **Italy in the Nineteenth Century** , 1849 **The Florentine florin** Stefano Locatelli, 2025-03-18 Minted in Florence around November 1252 the florin became one of the leading gold currencies of the Middle Ages Historians agree that its success was mainly due to the need for a stable means of payment in the networks of international trade The Florentine Florin investigates the florin as a medium with hitherto neglected political social and cultural dimensions By bringing human agents and political institutions more prominently into the history of the coin this book enhances our understanding of money and its nature from a historical perspective and provides an original framework for the integrated study of material culture and economic practices *Italy in the Nineteenth Century, Contrasted with Its Past Condition ; In Three Volumes* James Whiteside, 1848 **Italy in the Nineteenth Century, Contrasted with Its Past Condition** James Whiteside, 1848
