Floridas Space Frontier:

Florida's Space Frontier P. E. James, 1979 *Ronald Reagan and the Space Frontier* John M. Logsdon, 2018-11-26 When Ronald Reagan was elected in 1980 limits on NASA funding and the lack of direction under the Nixon and Carter administrations had left the U S space program at a crossroads In contrast to his predecessors Reagan saw outer space as humanity s final frontier and as an opportunity for global leadership His optimism and belief in American exceptionalism guided a decade of U S activities in space including bringing the space shuttle into operation dealing with the 1986 Challenger accident and its aftermath committing to a permanently crewed space station encouraging private sector space efforts and fostering international space partnerships with both U S allies and with the Soviet Union Drawing from a trove of declassified primary source materials and oral history interviews John M Logsdon provides the first comprehensive account of Reagan s civilian and commercial space policies during his eight years in the White House Even as a fiscal conservative who was hesitant to increase NASA s budget Reagan s enthusiasm for the space program made him perhaps the most pro space president in American history **Frontiers for the American Century** James Spiller, 2016-04-29 This book compares the cultural politics of the U S space and Antarctic programs during the Cold War It analyzes how culturally salient terms especially the nationalist motif of the frontier were used to garner public support for these strategic initiatives and more generally United States internationalism during this period Explorer's Guide Cape Canaveral, Cocoa Beach & Florida's Space Coast: A Great Destination (Second Edition) (Explorer's Great Destinations) Dianne Marcum, 2011-02-07 Explore Brevard County with this updated edition of the definitive guidebook to the area Visitors and residents alike will enjoy exploring Brevard County a recreational paradise where the high tech space program exists alongside amazing natural areas like the Indian River Lagoon estuary the most diverse marine estuary in the U S Comprehensive listings make this your most informative and entertaining vacation planning tool Streamlining the Processing of Experimental Permit Applications , 2009 **Florida's Space Coast** William B. Faherty, 2024-03-05 An important interesting study of the relations between the Kennedy Space Center and the communities of Brevard County Florida Roger D Launius chief historian NASA Washington D C This outstanding book provides readers of Florida history our first insight into the impact that high technology has had on the state Brevard County is a veritable laboratory for understanding what happens when space science and engineering put down roots in a wilderness setting Faherty s writing is direct simple even folksy at times I devoured it Michael Gannon author of Pearl Harbor Betrayed and A Short History of Florida Florida s Space Coast tells the compelling story of America s half century in space exploration from the successful launch of the first two stage rocket in 1950 through the latest space shuttle missions of 2000 Told from the unique viewpoint of the people who built the Spaceport this book shows how the space program transformed the east central Florida coast from a traditional citrus production and tourist area to one of the most influential high tech centers in the nation Cape Canaveral was chosen as a missile launch site because of its many

geographical advantages However in the early years of the space program the area was far from an ideal place for NASA employees to raise their families NASA brought in thousands of space related workers who besides sending machines and men into space had to meet the challenge of moving their families from urban environs to a rural southern county This book engagingly recounts the parallel stories of the establishment of America s space program and its impact on the development of Brevard County William Barnaby Faherty is professor emeritus of history at St Louis University and director of the Museum of the Western Jesuit Missions in Hazelwood Missouri
