Flowering Lotus Oxford Paperbacks:

Flowers, Dragons & Pine Trees Mary M. Dusenbury, 2004 This beautifully illustrated volume introduces a little known but outstanding collection of Asian textiles in the Spencer Museum of Art at the University of Kansas Indonesia Taufik Abdullah, 2009 This book traces the beginning of the process of nation formation the struggle for independence the hopeful beginning of the new nation state of Indonesia only to be followed by hard and difficult ways to remain true to the ideals of independence In the process Indonesia with its sprawling archipelago and its multi ethnic and multi religious nation has to undergo various types of crisis and internal conflicts but the ideals that have been nurtured since the beginning when a new nation began to be visualized remain intact Some changes in the interpretation may have taken place and some deviations here and there can be noticed but the literal meaning of the ideals continues to be the guiding light In short this is a history of a nation in the continuing effort to retain the ideals of its existence *Death in the Iron Age II and in First Isaiah* Christopher B. Hays, 2011 Death is one of the major themes of First Isaiah although it has not generally been recognized as such Images of death are repeatedly used by the prophet and his earliest tradents The book begins by concisely summarizing what is known about death in the Ancient Near East during the Iron Age II covering beliefs and practices in Mesopotamia Egypt Syria Palestine and Judah Israel Incorporating both textual and archeological data Christopher B Hays surveys and analyzes existing scholarly literature on these topics from multiple fields Focusing on the text s meaning for its producers and its initial audiences he describes the ways in which the rhetoric of death functioned in its historical context and offers fresh interpretations of more than a dozen passages in Isa 5 38 He shows how they employ the imagery of death that was part of their cultural contexts and also identifies ways in which they break new creative ground This holistic approach to questions that have attracted much scholarly attention in recent decades produces new insights not only for the interpretation of specific biblical passages but also for the formation of the book of Isaiah and for the history of ancient Near Eastern religions **Meeting the Myriad Things** Shinshu Roberts, 2025-08-19 A guide to awakening buddha mind for the contemporary Zen practitioner In the words of Eihei Dogen the thirteenth century Buddhist monk who introduced the S t school of Zen to Japan To study the Buddha way is to study the self To study the self is to forget the self To forget the self is to be actualized by myriad things Centuries later these enigmatic words from his seminal Genj k an Actualizing the Fundamental Point are still studied in Zen communities the world over But what did Dogen really mean when he encouraged studying the self to forget the self In this clarifying new commentary esteemed Zen teacher Shinshu Roberts takes readers on a journey to understand Japan s great Buddhist philosopher Roberts applies her deep familiarity with Dogen s work to illuminate the text as a unified story in which Dogen reveals the nondual nature of reality In addition to a full translation of Dogen s Genj k an this book includes the commentary Okikigakish Notes of What Was Heard and Extracted written by two of Dogen s direct students the first time an English translation of this highly influential work has appeared in print **A**

Covenant with Death Christopher B. Hays, 2015 Shows how ancient Near Eastern attitudes toward death illumine the Hebrew Bible Death is one of the major themes of First Isaiah although it has not generally been recognized as such In this work Christopher Hays offers fresh interpretations of more than a dozen passages in Isaiah 53 in light of ancient beliefs about death What especially distinguishes Hays's study is its holistic approach as he brilliantly synthesizes both literary and archaeological evidence resulting in new insights Hays first summarizes what is known about death in the ancient Near East during the Second Iron Age covering beliefs and practices in Mesopotamia Egypt Syria Palestine and Judah Israel He then shows how select passages in the first part of Isaiah employ the rhetorical imagery of death that was part of their cultural context further he identifies ways in which these texts break new creative ground Blooming Flowers Kasia Boddy, 2020-04-09 An evocative and richly illustrated exploration of flowers and how over the centuries they have given us so much sustenance meaning and pleasure The bright yellow of a marigold and the cheerful red of a geranium the evocative fragrance of a lotus or a saffron infused paella there is no end of reasons to love flowers Ranging through the centuries and across the globe Kasia Boddy looks at the wealth of floral associations that has been passed down in perfumes poems and paintings in the design of buildings clothes and jewelry in songs TV shows and children's names and in nearly every religious social and political ritual Exploring the first daffodils of spring and the last chrysanthemums of autumn this is also a book about seasons In vibrant detail and drawing on a rich array of illustrations Boddy considers how the sunflower poppy rose lily and many others have given rise to meaning value and inspiration throughout history and why they are integral to so many different cultures **The Pillars of the First Temple (1 Kgs 7,15-22)** Daniel Prokop, 2020-04-27 In this work Daniel Prokop examines the description of the pillars in 1 Kgs 7:15-22 He analyzes extrabiblical parallels Greek and Hebrew textual witnesses as well as iconography and archaeological finds and asks about the symbolic meaning of the columns Expert Laws of War Anton O. Petrov, 2020-06-26 Over recent decades international humanitarian law has been shaped by the omnipresence of so called expert manuals Astute and engaging this discerning book provides a comprehensive account of these black letter rules and commentaries produced by private expert groups and demonstrates why the general acceptance of these expert manuals is largely unjustified The author innovatively links interdisciplinary insights to the needs of military lawyers in practice showing the pitfalls of relying on private manuals as arguable restatements and interpretations of the law as it is *A Prince in a Republic* John Monfries, 2015-01-14 Hamengku Buwono IX the late Sultan of Yogyakarta Special Province is revered by Indonesians as one of the great founders of the modern Indonesian state He leaves a positive but in some ways ambiguous legacy in political terms His most conspicuous achievement was the survival of hereditary Yogyakarta kingship and he provided rare stability and continuity in Indonesia's highly fractured modern history Under the New Order Hamengku Buwono also helped to launch the Indonesian economy on a much stronger growth path Although remembered as the epitome of political decency he faded from power and influence as Vice President in the 1970s and the

repressive and anti democratic features of Suharto s New Order seemed to contradict much of what Hamengku Buwono originally stood for This biography seeks to explain his political standpoint motivations and achievements and set his career in the context of his times Flowering Lotus Harold Forster,1989 As the first lecturer in English at the growing Gadjja Mada University Harold Forster spent four years in Jojakarta the sanctuary of Java s ancient traditions the capital of her sultans and the cradle of Indonesia s newly gained independence This colourful commentary on the political cultural and social life of early 1950s Java studies the institutions of its mixed heritage as well as delighting in its towns and cities temples and palaces crafts and countryside dance forms and puppet drama Performance in Java and Bali B. Arps,2005-06-27 The studies in this book examine traditional performance genres in the Indonesian islands of Java and Bali They cover puppet and human theatre dance sung narrative narrative temple reliefs and vocal and instrumental music span a period of more than a thousand years and range over four cultural complexes Sundanese in western Java Javanese in central and eastern Java Chinese in eastern Java and Balinese in Bali **Instrumental Intimacy** Melissa M. Littlefield,2018-03-01 A critical examination of the rise of wearable EEG monitors From Fitbits to GPS trackers wearables promise to help us understand and improve ourselves in quantified ways We count our steps track our location and even monitor our brain waves as we strive to achieve better fitness clearer direction or a more focused mind But why do we rely on wearables to learn about ourselves In Instrumental Intimacy Melissa M Littlefield questions our desire for mechanistic guidance by examining brain based EEG wearables that promise to improve sleep relationships self knowledge and learning Littlefield focuses specifically on EEGs transition out of the laboratory and into the hands of consumers While other brain imaging technologies such as MRI PET and MEG are used only in specialized laboratories human electroencephalography a k a EEG is embedded in portable user friendly devices These direct to consumer wearables visualize brain activity as accessible data and many offer the promise of self optimization Littlefield s illuminating book brings the histories of EEG to bear on the contemporary development of EEG wearables via case studies of EEG based sleep aids bio mapping instruments fashionable surveillance tools and athletic training devices The author argues that over the past century applied uses of EEG helped to create new states of mind to be monitored and manipulated as well as discourses about the existence of brain waves and their viability as a tool for brain optimization By contextualizing and analyzing EEG wearables Instrumental Intimacy provides a crucial intervention in an emergent consumer market and in the scholarly fields of STS critical neuroscience and the history of technology

Corporate Character Eddy Kent,2014-01-01 Eddy Kent examines novels short stories poems essays memoirs private correspondence and parliamentary speeches related to the East India Company and the Indian Civil Service to explain the origins of the imperial ethos of virtuous service *The Middle Way* Lou Marinoff,2007 The human world is wobbly wildly off balance Everywhere you look from the halls of Congress to the deserts of the Middle East institutions and societies are riven by discord To his crisis laden situation one that globalization cannot correct by economic means alone philosopher Lou

Marinoff brings a much needed antidote to extremism offering hope and guidance to everyone who feels powerless frustrated or frightened in a world that flirts daily with disaster Drawing inspiration from three of humankind s greatest philosophers Aristotle Buddha and Confucius Marinoff maps a route from chaos to order a path whose signposts can be read in the perennial wisdom of these ABCs Marinoff offers us a way to travel into a less violent more cooperative and most fulfilling future The Middle Way From publisher s description When Victims Become Killers Mahmood

Mamdani,2020-01-28 An incisive look at the causes and consequences of the Rwandan genocide When we captured Kigali we thought we would face criminals in the state instead we faced a criminal population So a political commissar in the Rwanda Patriotic Front reflected after the 1994 massacre of as many as one million Tutsis in Rwanda Underlying his statement was the realization that though ordered by a minority of state functionaries the slaughter was performed by hundreds of thousands of ordinary citizens including judges doctors priests and friends Rejecting easy explanations of the Rwandan genocide as a mysterious evil force that was bizarrely unleashed When Victims Become Killers situates the tragedy in its proper context Mahmood Mamdani coaxes to the surface the historical geographical and political forces that made it possible for so many Hutus to turn so brutally on their neighbors In so doing Mamdani usefully broadens understandings of citizenship and political identity in postcolonial Africa and provides a direction for preventing similar future tragedies

volume is on management study and research tools and techniques **The Oxford Companion to the Decorative Arts**

Harding,Alexander Soucy,Victor Sōgen Hori,2014-06-01 When Sasaki Sokei an founded his First Zen Institute of North
America in 1930 he suggested that bringing Zen Buddhism to America was like holding a lotus against a rock and waiting for
it to set down roots Today Buddhism is part of the cultural and religious mainstream Flowers on the Rock examines the
dramatic growth of Buddhism in Canada and questions some of the underlying assumptions about how this tradition has
changed in the West Using historical ethnographic and biographical approaches contributors illuminate local expressions of
Buddhism found throughout Canada and relate the growth of Buddhism in Canada to global networks A global perspective
allows the volume to overcome the stereotype that Asia and the West are in opposition to each other and recognizes the
continuities between Buddhist movements in Asia and the West that are shaped by the same influences of modernity and
globalization Flowers on the Rock studies the fascinating and ingenious changes inflections and adaptations that Buddhists
make when they set down roots in a local culture It is essential reading for anyone interested in Buddhism religious life in
