[xvii]-xliv Mellen Chamberlain, 1908      Grasping at Independence Robert S. Weise, 2001 By closely studying the strategic blend of land ownership subsistence agriculture and commerce Weise reveals how white male farmers in Floyd County attempted to achieve and preserve patriarchal authority and independence and how this household localism laid the foundation for the region's development during the industrial era By shifting attention from the actions of industrialists to those of local residents he reconciles contradictory views of antebellum Appalachia and offers a new understanding of the region's history and its people Jacket      **The Farm Credit Crisis** United States.
