Breaking Boundaries Follow the path that Barbie took from teenage fashion model to over 200 different careers, including trailblazing roles like astronaut in 1965, beating the first American woman Sally Ride into space by nearly 20 years, to surgeon in 1973 at a time when the total number of women physicians in the US was around 5 percent, to other male-dominated roles like Marine Corps sergeant, a business executive, and President of the United States. Reflecting Diversity See how a doll that started with a choice of either blonde or brunette hair now boasts 35 skin tones, 97 hair styles, and 9 body types, with those numbers growing each year.
