## **Francis Of Assisi's Cantic Of The Creatures A New Spiritual Path:**

**Francis of Assisi's Cantic of the Creatures** Paul Marshall Allen, Joan deRis Allen, 1996 Francis love of the natural world and its creatures has inspired generations His Cantic of the Creatures explores the organic relationships between the elements as an expression of the Divine In their profound exploration of this hymn to the universe the authors examine the brief but fascinating life of Francis and show how The Cantic of the Creatures can be used as a spiritual tool in today's meditative practices They also look at the cantic and its relationship to the spiritual hierarchies described by Dionysius the ninefold path the sublime music of Bach and Beethoven the work of Rudolf Steiner and Kabbalah All God's Creatures Daniel P. Horan, 2020-07-07 The predominant stewardship model of creation is the result of an intentional effort to correct approaches that reinforce human sovereignty and the resulting environmental degradation However as All God's Creatures argues the stewardship model actually does not offer a correction but rather reinscribes many of the very same pitfalls After close analysis of the stewardship model this book identifies scriptural theological and philosophical sources to support the adoption of a community of creation paradigm Drawing on postcolonial theory this book proposes the concept of planetarity as a framework for conceiving the relationship between human and nonhuman creation and the Creator in a new way This theoretical framework is grounded by a retrieval of the medieval Franciscan theological and philosophical tradition The result is what can be called a postcolonial Franciscan theology of creation imagined in terms of planetarity providing a constructive and nonanthropocentric response to the need for a new conceptualization of the doctrine of creation

**Theological Foundations for Environmental Ethics** Jame Schaefer, 2009 This book asks whether religion can make a positive contribution to preventing further destruction of biological diversity and ecosystems and threats to our earth The author reconstructs the teachings of Augustine Thomas Aquinas and other classic thinkers to reflect our current scientific understanding of the world **Franciscan Prayer** Ilia Delio, 2022-03-08 Masterfully written and intensely enlightening Franciscan Prayer could very well be considered the essential handbook for all those seeking to pray and live the Franciscan way With exquisite execution Franciscan theologian Ilia Delio clearly outlines what it means to pray as a Franciscan Through her experience as a discalced Carmelite nun and then her transformation into Franciscan scholar Sister Delio brings to light the contemplative cosmic and evangelizing aspects of Franciscan prayer Everyone says Delio seems to know about Francis life his miracles his devotion to evangelization and his dedication to living a simple and humble life yet few know about his prayer life which seemed over the centuries to get lost in the paper shuffle between theologians followers and historical biographers It is through Clare of Assisi Delio asserts that we have insights into the Franciscan path of prayer Clare provides the road map of prayer for evangelical life she was able to do this because she lived under monastic rule while ardently desiring evangelical life Through Clare's letters and actions we find the rudiments of Franciscan prayer Gaze Consider Contemplate Imitate Delio also uses the insights of Saint Bonaventure as well as Saint Francis to fully show the meaning and

purpose of prayer in the Franciscan tradition      *The Christian Mystery* Rudolf Steiner,1998 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner s early interpretations of St John s gospel and the sermon on the mount All of Steiner s lectures on the Lord s Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner s approach to Christianity as a spiritual practice      **The Mystery of Christ** Thomas Keating,2023-01-19 Following upon Open Mind Open Heart which presents a profound formation in Christian prayer this book demonstrates the contemplative dimension of Christian worship Here Father Keating recovers the deeper sense of the liturgical year and shares a theological and mystical perspective on the major feasts of the annual cycle The reader is immersed in the wonder of faith in the mystery of Christ and of the unique nature of God s action and presence in and through the liturgy of our lives      Routledge Revivals: Medieval Italy (2004).
