Francisco Umbral:

The Moderns Paul Julian Smith, 2000 This book offers a radically new account of the rich and varied culture of contemporary Spain It focuses on three intellectuals who chronicle contemporary life including journalist Francisco Umbral three filmmakers who engage with the many nationalisms of the Spanish state Victor Erice Bigas Luna and Julio Medem and three crucial topics that are expressed in many media the replaying of history the rise and fall of the city and the practice of everyday life Ranging from the ethnographic photography of Cristina Garcia Roderio to the high tech architecture of Santiago Calatrava and from the hyperrealist painting of Antonio Lopez to the neo flamenco dance of Joaquin Cortes this book is also the first to draw on theorists of the intellectual field the production of space and the arts of bricolage Pierre Bourdieu Henri Lefebvre and Michel de Certeau Refuting the charge that contemporary Spanish culture is trivial or superficial this book argues that it is fully engaged in the aesthetic and historical project of modernity

Modernism, Rubén Darío, and the Poetics of Despair Alberto Acereda, Rigoberto Guevara, 2004 Modernism Ruben Dar o and the Poetics of Despair presents a detailed study of a neglected facet of Ruben Dar o and in general of Hispanic Modernism metaphysical and existential dimensions as preludes to Modernity Alberto Acereda and J Rigoberto Guevara approach the life and death issues in Dar o works with special emphasis on his poetry The authors demonstrate how the Nicaraguan poet takes the first steps towards poetic modernity The tragic component of Dar o works are examined in the light of Nineteenth Century philosophy especially the work of Arthur Schopenhauer Various thematic proposals are also formulated for the study of the works of Ruben Dar o

The Op-Ed Novel Bécquer Seguí, 2024-01-09 The Op Ed Novel follows a clutch of globally renowned Spanish novelists who swept into the political sphere via the pages of El País Their literary sensibility transformed opinion journalism and their weekly columns changed their novels which became venues for speculative historical claims partisan political projects and intellectual argument

The Nomadic Subject Jean Ryan Hakizimana, 2009-10-02 This volume is an exploration of the image that is the Traveller Gypsy the nomad the migrant and the outsider Other within the frames of articulation that are the present day flows of cultural diaspora and mass globalisation Mass media dissemination and the combination of a range of complex social and cultural forces and movements have all served to rupture and blur the borders of the post Enlightenment modern nation state Nowhere is this more evident than in the case of postcolonial diasporas such as Travellers Roma and other traditionally nomadic groups groups whose migrations have served to accelerate the reconfiguring of hitherto dominant cultural narratives This book explores the manner whereby the migrant experience as relating to Ireland and as relating to Irish Travellers and Roma has been analysed and represented While the essays in this volume have a particular focus on the experiences of Irish migrants and the people sometimes referred to as the old Irish or the new Irish they also have a strong resonance with other recent explorations of the hybrid and diverse discourses that are the narratives of many Western countries today

Postmodernity in Spanish Fiction and Culture Yaw Agawu-Kakraba, 2010-10-15 Postmodernity in Spanish Fiction and Culture is a compelling study that combines elements of cultural studies and literary studies in order to present an integrated cultural representation of the emergence of a postmodern social constitution of contemporary Spain Marking a sweeping reposition from earlier works about postmodernity and postmodernism in Spain Postmodernity in Spanish Fiction and Culture makes a strong connection between postmodernity as social and economic conditions that are the result of unique features of a Spain of the 20th and 21st century and postmodernism as life style experiences that manifest new cultural and artistic practices of the 1980s and beyond The study examines postmodernity by relating it to those exclusive social and cultural experiences that are patently Spanish the movida desencanto immigration globalization and terrorism and concludes that by virtue of Spain's unique socio cultural economic and political history not only does the country emerge as one of the most postmodern of all European nations but also that the conditions that define the country's evolution from the mid 1980s to the present constitute a distinctively authentic postmodernity

The Culture of Cursilería Noël Valis, 2002 Similar to the term kitsch but evoking pretensions to elegance cursilería and its role in the cultural life of modern Spain and the subjects of this work

Retórica, literatura y periodismo José Antonio Hernández Guerrero, 2006 En este volumen se recogen las propuestas que se presentaron en el V Seminario Emilio Castelar en el que se analizaron las relaciones que se establecen entre el lenguaje oratorio los textos literarios y los periodísticos Los trabajos que se debatieron estaban apoyados en dos supuestos teóricos la literatura crea un mundo de ficción que parte de un mundo real y este queda transformado por la acción literaria

Phenomenology of Broken Habits Line Ryberg Ingerslev, Karl Mertens, 2024-07-12 This volume explores the phenomenology of broken habits and their affective social and involuntary dimensions It shows how disruptive experiences impact self understanding and social embeddedness The chapters in this volume investigate the epistemic and existential relevance of breakdown of habits and the corresponding kinds of self understanding available to the agent The first part focuses on the double sidedness of habitual life On the one hand habits allow us to arrange and navigate in a familiar home world on the other hand habits can take hold of us in such a way that we lose our sense of autonomy The contributors argue that habitual agency is structurally carried by a dynamic that entails both freedom and necessity As habits enable us to inhabit and thus acquire a world they also affectively provide a texture and a background for our feeling at home in the world The chapters in Part 2 focus on the breakdowns of our habitual social and technological life forms and the phenomenology of their affective texture History and habitual learning are sedimented in our body memory and in our language and these sedimented layers are partly out of our direct control Part 3 focuses on the structural openness of habits in relating to one's past and one's traumatic experiences Part 4 reflects on the ways in which we might become aware of and thus transform or appropriate our culturally given habits Phenomenology of Broken Habits will appeal to researchers and advanced students working in phenomenology philosophy of mind and philosophy of psychology

Popular Spanish Film Under Franco S. Marsh, 2005-12-15 *Popular Spanish Film Under Franco* is the first book of its kind to analyze cinematic comedy during the initial two decades of Francisco Franco s dictatorship Focusing on the intersection between popular culture and political populism it breaks new theoretical ground in re evaluating the policies of the regime and the tactics employed by those who sought to undermine it Its cultural studies approach combining Gramsci de Certeau and Bakhtin interrogates the ambiguous nature of subversion and challenges common assumptions concerning post war Spanish film

Traces of Contamination Eloy E. Merino, H. Rosi Song, 2005 Exposing two general perspectives both manifestations of an authoritarian past that still holds a relationship with the present this collection reveals the ideological legacy of the past and its experience as a distressing conditioner of the present The dissonant elements of post Franco discourse critically analyzed by our contributors challenge the seamless narrative that tells the successful story of the Spanish transition to democracy **BOOK JACKET** *Stars and Masculinities in Spanish Cinema* Christopher Perriam, 2003 *Stars and Masculinities in Spanish Cinema* focuses on the careers of ten contemporary Spanish film stars including Antonio Banderas Javier Bardem and Eduardo Noriega Set in the double context of new approaches to Star Studies and current debates around masculinity this is a key contribution to the growing fields of Spanish Cultural and Film Studies [A Companion to Pedro Almodóvar](#) Marvin D'Lugo, Kathleen M. Vernon, 2013-02-22 *A Companion to Pedro Almodóvar* Marvin D Lugo and Kathleen M Vernon give us the ideal companion to Pedro Almodóvar s films Established and emerging writers offer a rainbow of insights for fans as well as academics Jerry W Carlson Professor of Film Studies The City College Graduate Center CUNY Rarely has a contemporary film artist been treated to the kind of broad rich discussion of their work that can be found in *A Companion to Pedro Almodóvar* Richard Pea Professor of Film Studies Columbia University Once the enfant terrible of Spain s youth culture explosion the Movida Pedro Almodóvar s distinctive film style and career longevity have made him one of the most successful and internationally known filmmakers of his generation Offering a state of the art appraisal of Almodóvar s cinema this original collection is a searching analysis of his technique and cultural significance that includes work by leading

authorities on Almodóvar as well as talented young scholars. Crucially included here are contributions by film historians from Almodóvar's native Spain where he has been undervalued by the academic and critical establishment. With a balance between textual and contextual approaches the book expands the scope of previous work on the director to explore his fruitful collaborations with fellow professionals in the areas of art design fashion and music as well as the growing reach of a global Almodóvar brand beyond Europe and the United States to Latin America and Asia. It also proposes a reevaluation of the political meanings and engagement of his cinema from the perspective of the profound cultural and historical upheavals that have transformed Spain since the 1970s.

The Rise of Euroskepticism Luis Martín-Estudillo, 2018-03-26 Electronic open access edition funded by the National Endowment for the Humanities. Covering from 1915 to the present this book deals with the role that artists and intellectuals have played regarding projects of European integration. Consciously or not they partake of a tradition of Euroskepticism. Because Euroskepticism is often associated with the discourse of political elites its literary and artistic expressions have gone largely unnoticed. This book addresses that gap. Taking Spain as a case study author Luis Martín-Estudillo analyzes its conflict over its own Europeanness or exceptionalism as well as the European view of Spain. He ranges from canonical writers like Unamuno, Ortega y Gasset and Zambrano to new media artists like Valeriano López Carlos Spottorno and Santiago Sierra. Martín-Estudillo provides a new context for the current refugee crisis, the North-South divide among EU countries and the generalized disaffection toward the project of European integration. The eclipsed critical tradition he discusses contributes to a deeper understanding of the notion of Europe and its institutional embodiments. It gives resonance to the intellectual and cultural history of Europe's peripheries and re-evaluates Euroskeptic contributions as one of the few hopes left to imagine ways to renew the promise of a union of the European nations.

Destination

Dictatorship Justin Crumbaugh, 2010-07-02 When the right wing military dictatorship of Francisco Franco decided in 1959 to devalue the Spanish currency and liberalize the economy the country's already steadily growing tourist industry suddenly ballooned to astounding proportions. Throughout the 1960s glossy images of high rise hotels, crowded beaches and blondes in bikinis flooded public space in Spain as the Franco regime showcased its success. In *Destination Dictatorship* Justin Crumbaugh argues that the spectacle of the tourist boom took on a sociopolitical life of its own, allowing the Franco regime to change in radical and profound ways to symbolize those changes in a self-serving way and to mobilize new reactionary social logics that might square with the structural and cultural transformations that came with economic liberalization. Crumbaugh's illuminating analysis of the representation of tourism in Spanish commercial cinema, newsreels, political essays and other cultural products overturns dominant assumptions about both the local impact of tourism development and the Franco regime's final years.

Right-Wing Spain in the Civil War Era Alejandro Quiroga, Miguel Ángel del Arco

during the last years of the Restoration the Dictatorship of Primo de Rivera the Second Republic the Civil War and the early years of the Franco regime This book brings together a number of leading historians of twentieth century Spain By adopting a biographical approach the volume aims at providing a new insight of the origins development and aftermath of the Spanish Civil War Contrary to the traditional view Right Wing Spain in the Civil War Era shows a diverse and fragmented Spanish right which far from being isolated was profoundly influenced by German Nazism Italian Fascism and French Traditionalism This remarkable and innovative collection of essays will be welcomed by students and lecturers of Spanish history alike A *Book of European Writers* Dr. Badal W. Kariye, 2014-06-12 A Book of European Writers A Z By Country Published on June 12 2014 in USA Iberian Crime Fiction Nancy Vosburg, 2011-02-15 Iberian Crime Fiction is the first volume in English to provide an extensive overview of crime fiction in Spain and Portugal While the origins of peninsular crime fiction are traced in Nancy Vosburg's introductory chapter to the volume the essays focus on specific topics that provide readers with a sense of the development of the genre in the second half of the 20th century and current trends in the 21st century Patty Hart whose *The Spanish Sleuth* introduced English speaking readers to early crime fiction in Spain provides a summary account of the development of the crime novel from the 1950s through the 1980s highlighting the major authors and works that set the stage for the boom that followed the establishment of the novela negra tradition in the 1970s This tradition spearheaded by Manuel Vazquez Montalban is the subject of a separate essay by Maria Balibrea that analyzes the socio political conditions that gave rise to the novela negra Nancy Vosburg studies the emergence of a feminine feminist crime novel in the 1980s and 1990s and the subversion of masculine codes associated with crime fiction while Stewart King analyzes crime fiction from the Catalan Basque and Galician autonomous regions of Spain focusing on the political realities that resulted in a different use of the genre as a vehicle of regional nationalism David Knutson traces contemporary trends in Spanish crime fiction beginning in the 1990s and up to the present Paul Castro's essay documents the emergence of crime fiction in Portugal and the major works authors through to the present **Otherness in Hispanic Culture** Teresa Fernandez Ulloa, 2014-06-26 This book addresses contemporary discourses on a wide variety of topics related to the ideological and epistemological changes of the 19th 20th and 21st centuries and the ways in which they have shaped the Spanish language and cultural manifestations in both Spain and Hispanic America The majority of the chapters are concerned with otherness in its various dimensions the alien Other foreign immigrant ethnically different disempowered female or minor as well as the Other of different sexual orientation and or ideology Following Octavio Paz otherness is expressed as the attempt to find the lost object of desire the frustrating endeavour of the androgynous Plato wishing to embrace the other half of Zeus who in his wrath tore off from him Otherness compels human beings to search for the complement from which they were severed Thus a male joins a female his other half the only half that not only fills him but which allows him to return to the unity and reconciliation which is restored in its own perfection formerly altered by divine will As a result of this transformation one can annul the distance that keeps

us away from that which not being our own turns into a source of anguish The clashing diversity of all things requires the human predisposition to accept that which is different Such a predisposition is an expression of epistemological ethical and political aperture The disposition to co exist with the different is imagined in the de anthropocentricization of the bonds with all living realms And otherness is in some way the reflection of sameness mismidad The other is closely related to the self because the vision of the other implies a reflection about the self it implies consciously or not a relationship with the self These topics are addressed in this book from an interdisciplinary perspective encompassing arts humanities and social sciences
