Lawlor, 2005-05-20 The coverage of this book ranges from Jack Kerouac s tales of freedom seeking Bohemian youth to the frenetic paintings of Jackson Pollock including 60 years of the Beat Generation and the artists of the Age of Spontaneity Beat Culture captures in a single volume six decades of cultural and countercultural expression in the arts and society It goes beyond other works which are often limited to Beat writers like William Burroughs Charles Bukowski and Michael McClure to cover a wide range of musicians painters dramatists filmmakers and dancers who found expression in the Bohemian movement known as the Beat Generation Top scholars from the United States England Holland Italy and China analyze a vast array of topics including sexism misogyny alcoholism and drug abuse within Beat circles the arrest of poet Lawrence Ferlinghetti on obscenity charges Beat dress and speech and the Beat pad Through more than 250 entries which travel from New York to New Orleans from San Francisco to Mexico City students scholars and those interested in popular culture will taste the era s rampant freedom and experimentation explore the impact of jazz on Beat writings and discover how Beat behavior signaled events such as the sexual revolution the peace movement and environmental awareness **The**

**Rhizomatic West** Neil Campbell, 2008-12-01 Is the American West in Sergio Leone s spaghetti westerns the same American West we find in Douglas Coupland s Generation X In Jim Jarmusch s movies In Calexico s music Or is the American West as this book tells us a constantly moving mutating idea within a complex global culture And what precisely or better yet imprecisely does it mean Using Gilles Deleuze and Felix Guattari s concept of the rhizome Neil Campbell shows how the West or west ness continually breaks away from a mainstream notion of American rootedness and renews and transforms itself in various cultural forms A region long traversed by various transient peoples from tribes and conquerors to immigrants traders and trappers the West reflects a mythic quest for settlement permanence and synthesis even notions of a national or global identity at odds with its rootless history culture and nature Crossing the concept of roots with routes this book shows how notions of the West in representations ranging from literature and film to photography music and architectural theory give expression to ideas about identity nationhood and belonging in a world increasingly defined by movement across time and borders The Rhizomatic West offers a new vision of the American West as a hybrid performative space a staging place for myriad intersecting and constantly changing identities **The Grove Encyclopedia of American Art** Joan M. Marter, 2011

**Awakening the Eye** George Kouvaros,2015 Until now celebrated photographer Robert Frank's daring and unconventional work as a filmmaker has not been awarded the critical notice it deserves In this timely volume George Kouvaros surveys Frank's films and videos and places them in the larger context of experimentation in American art and literature since World War II Born in 1924 Frank emigrated from Switzerland to the United States in 1947 and quickly made his mark as a photojournalist A 1955 Guggenheim Foundation fellowship allowed him to travel across the country photographing aspects of American life that had previously received little attention The resulting book *The Americans* with an Introduction by Jack Kerouac is generally considered a landmark in the history of postwar photography During the same period Frank befriended other artists and writers among them Allen Ginsberg Peter Orlovsky and Gregory Corso all of whom are featured in his first film *Pull My Daisy* which is narrated by Kerouac This film set the terms for a new era of experimental filmmaking By examining Frank's films and videos including *Pull My Daisy* *Me and My Brother* and *Cocksucker Blues* in the framework of his more widely recognized photographic achievements Kouvaros develops a model of cross media history in which photography film and video are complicit in the search for fresh forms of visual expression *Awakening the Eye* is an insightful compelling and at times moving account of Frank's determination to forge a personal connection between the circumstances of his life and the media in which he works Publisher's description

**American Culture in the 1950s** Martin Halliwell,2007-03-13 This book provides a stimulating account of the dominant cultural forms of 1950s America fiction and poetry theatre and performance film and television music and radio and the visual arts Through detailed commentary and focused case studies of influential texts and events from *Invisible Man* to *West Side Story* from Disneyland to the Seattle World's Fair from *Rear Window* to *The Americans* the book examines the way in which modernism and the cold war offer two frames of reference for understanding the trajectory of postwar culture The two core aims of this volume are to chart the changing complexion of American culture in the years following World War II and to provide readers with a critical investigation of the 1950s The book provides an intellectual context for approaching 1950s American culture and considers the historical impact of the decade on recent social and cultural developments

**The Typewriter Is Holy** Bill Morgan,2011-05-01 Anyone who cares to understand the cultural ferment of America in the later twentieth century must know of the writings and lives of those scruffy bohemians known as the Beats In this highly entertaining work Bill Morgan the country's leading authority on the movement and a man who personally knew most of the Beat writers narrates their history tracing their origins in the 1940s to their influence on the social upheaval of the 1960s The Beats through their words and nonconformist lives challenged staid postwar America They believed in free expression dabbled in free love and condemned the increasing influence of military and corporate culture in our national life But the Beats were not saints They did too many drugs and consumed too much booze The fervent belief in spontaneity that characterized their lives and

writings destroyed some friendships As we watch their peripatetic lives and sexual misadventures we are reminded above all that while their personal lives may not have been holy their typewriters and their lasting words very much were **Feast of Excess** George Cotkin,2016 Feast of Excess is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment **Encyclopedia of Jewish American Artists** Samantha Baskind,2007 Encyclopedia of Jewish American Artists presents over 80 19th and 20 century Jewish American artists ranging from the critically neglected Theresa Bernstein Ruth Gikow and Jennings Tofel to the well known Eva Hesse Roy Lichtenstein and Larry Rivers The subject matter of some of these artists may surprise readers Adolph Gottlieb designed and supervised the fabrication of a 35 foot wide four story high stained glass facade for a synagogue Louise Nevelson sculpted a Holocaust memorial and Philip Pearlstein painted a version of Moses with the Tablets of the Law early in his career Covering painters sculptors printmakers and photographers as well as artists who engage in newer forms of visual expression such as video conceptual and performance art the book is in part intended to stimulate further scholarship on these artists When appropriate entries reveal the influence of the Jewish American encounter on the artists work along with other factors such as gender and the immigrant experience In many cases the artists own words are employed to flesh out perspectives on their art as well as on their Jewish identity To that end the volume contains excerpts from recent interviews conducted by the author with some of the artists including Judy Chicago Audrey Flack Jack Levine and Sol LeWitt Illustrations accompanying each artist s entry some in color aid this invaluable look at Jewish American art *Rewriting Indie Cinema* J. J. Murphy,2019-04-16 Most films rely on a script developed in pre production Yet beginning in the 1950s and continuing through the recent mumblecore movement key independent filmmakers have broken with the traditional screenplay Instead they have turned to new approaches to scripting that allow for more complex characterization and shift the emphasis from the page to performance In *Rewriting Indie Cinema* J J Murphy explores these alternative forms of scripting and how they have shaped American film from the 1950s to the present He traces a strain of indie cinema that used improvisation and psychodrama a therapeutic form of improvised acting based on a performer s own life experiences Murphy begins in the 1950s and 1960s with John Cassavetes Shirley Clarke Barbara Loden Andy Warhol Norman Mailer William Greaves and other independent directors who sought to create a new type of narrative cinema In the twenty first century filmmakers such as Gus Van Sant the Safdie brothers Joe Swanberg and Sean Baker developed similar strategies sometimes benefitting from the freedom of digital technology In reading key films and analyzing their techniques *Rewriting Indie Cinema* demonstrates how divergence from the script has blurred the divide between fiction and nonfiction Showing the
