*Building Taliesin* Ron McCrea, 2013-10-07 Through letters memoirs contemporary documents and a stunning assemblage of photographs many of which have never before been published author Ron McCrea tells the fascinating story of the building of Frank Lloyd Wright's Taliesin which would be the architect's principal residence for the rest of his life Photos taken by Wright's associates show rare views of Taliesin under construction and illustrate Wright's own recollections of the first summer there and the craftsmen who worked on the site The book also brings to life Wright's kindred spirit she for whom Taliesin had first taken form Mamah Borthwick Wright and Borthwick had each abandoned their families to be together causing a scandal that reverberated far beyond Wright's beloved Wisconsin valley The shocking murder and fire that took place at Taliesin in August 1914 brought this first phase of life at Taliesin to a tragic end

**Dwell**, 2002-10 At Dwell we're staging a minor revolution We think that it's possible to live in a house or apartment by a bold modern architect to own furniture and products that are exceptionally well designed and still be a regular human being We think that good design is an integral part of real life And that real life has been conspicuous by its absence in most design and architecture magazines

Nature Inside Penny Sparke, 2020-01-01 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th century British parlors to contemporary living walls in commercial spaces plants and flowers have long been incorporated into the design of public and private spaces Spanning two centuries Nature Inside explores the history and popularity of indoor plants revealing the close relationship between architecture interior design and nature Studying the international modern interior through the lens of plants in the human environment author Penny Sparke attributes a degree of the interest in indoor plants to urbanization and more recently the climate crisis which serve as ongoing reminders that people must maintain a connection to and respect for the natural world While architectural and interior design styles have

evolved alongside the popularity of various plant species the human need to bring nature indoors has remained constant
