Words on Cassette, 2002 R R Bowker Publishing, 2002

**The Original Frankenstein** Mary Shelley, 2011-10-12

Working from the earliest surviving draft of Frankenstein Charles E Robinson presents two versions of the classic novel as Mary Shelley originally wrote it and a subsequent version clearly indicating Percy Shelley's amendments and contributions For the first time we can hear Mary's sole voice which is colloquial fast paced and sounds more modern to a contemporary reader We can also see for the first time the extent of Percy Shelley's contribution some 5 000 words out of 72 000 and his stylistic and thematic changes His occasionally florid prose is in marked contrast to the directness of Mary's writing Interesting too are Percy's suggestions which humanize the monster thus shaping many of the major themes of the novel as we read it today In these two versions of Frankenstein we have an exciting new view of one of literature's greatest works
