## **Franklin D Roosevelt And The Transformation Of The Supreme Court:**

Franklin D. Roosevelt and the Transformation of the Supreme Court Stephen K. Shaw, William D. Pederson, Michael R Williams, 2015-04-08 Franklin D Roosevelt appointed 10 justices to the U S Supreme Court more than any president except Washington and during his presidency from 1933 to 1945 the Court gained more visibility underwent greater change and made more landmark decisions than it had in its previous 150 years of existence This collection examines FDR s influence on the Supreme Court and the Court s growing influence on American life *Supreme Power: Franklin Roosevelt vs. the Supreme Court* Jeff Shesol, 2011-03-14 A stunning work of history Doris Kearns Goodwin author of No Ordinary Time and Team of Rivals Beginning in 1935 the Supreme Court s conservative majority left much of FDR s agenda in ruins The pillars of the New Deal fell in short succession It was not just the New Deal but democracy itself that stood on trial In February 1937 Roosevelt struck back with an audacious plan to expand the Court to fifteen justices and to pack the new seats with liberals who shared his belief in a living Constitution *A Companion to Franklin D. Roosevelt* William D. Pederson, 2011-03-21 A Companion to Franklin D Roosevelt presents a collection of historiographical essays by leading scholars that provides a comprehensive review of the scholarship on the president who led the United States through the tumultuous period from the Great Depression to the waning days of World War II Represents a state of the art assessment of current scholarship on FDR the only president elected to four terms of office and the central figure in key events of the first half of the 20th century Covers all aspects of FDR s life and times from his health relationships and Supreme Court packing to New Deal policies institutional issues and international relations Features 35 essays by leading FDR scholars *White House Studies Compendium* Robert W. Watson, 2007 brings together piercing analyses of the American presidency dealing with both current issues and historical events The compendia consists of the combined and rearranged issues of the journal White House Studies with the addition of a comprehensive subject index Preface **Liberty and Union** Edgar J. McManus, Tara Helfman, 2013-12-04 This the second of two volumes of Liberty and Union is a comprehensive constitutional history of the United States from the Progressive Era of the early twentieth century to the most recent decisions of the Supreme Court on contemporary constitutional issues Written in a clear and engaging narrative style it successfully unites thorough chronological coverage with a thematic approach offering critical analysis of core constitutional history topics set in the political social and economic context that made them constitutional issues in the first place Combining a thoughtful and balanced narrative with an authoritative stance on key issues the authors deliberately explain the past in the light of the past without imposing upon it the standards of later generations Authored by two experienced professors in the field this textbook has been thoughtfully constructed to offer an accessible alternative to dense scholarly works avoiding unnecessary technical jargon defining legal terms and historical personalities where appropriate and making explicit connections between constitutional themes and historical events For students in an undergraduate or postgraduate constitutional history course or

anyone with a general interest in constitutional developments this book will be essential reading Useful features include Full glossary of legal terminology Recommended reading A table of cases Extracts from primary documents Companion website Useful documents provided Declaration of Independence Articles of Confederation Constitution of the United States of America Chronological list of Supreme Court justices Charles Evans Hughes and the Dawning of Modern America Joanne Reitano, 2025-07-15 In the first full life biographical study of Charles Evans Hughes in over seventy years Joanne Reitano provides a fresh assessment of Hughes's distinguished multifaceted public service during the first half of the twentieth century His exceptional career includes the roles of governor of New York 1906 1910 associate justice and presidential candidate 1910 1916 secretary of state 1921 1925 and chief justice of the Supreme Court 1930 1941 A household name in his own time Hughes challenged bossism in New York politics championed post World War I internationalism and brokered the world's first arms limitation agreement On the Supreme Court he was instrumental in modernizing legal doctrines concerning the interstate commerce clause substantive due process and civil liberties Reitano unpacks the seemingly paradoxical nature of Hughes's political and legal careers arguing that he was neither radical nor reactionary but a structural reformer and a practical idealist who significantly impacted the nation's transition into the twentieth century Drawing on a wealth of sources Reitano's work will be the definitive account of Charles Evans Hughes for years to come

The Encyclopedia of Civil Liberties in America David Schultz, John R. Vile, 2015-04-10 Driven by the growing reality of international terrorism the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s At this critical time when individual freedoms are being weighed against the need for increased security this exhaustive three volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties It provides detailed history of court cases events Constitutional amendments and rights personalities and themes that have had an impact on our freedoms in America The Encyclopedia appraises the state of civil liberties in America today and examines growing concerns over the limiting of personal freedoms for the common good Complete with selected relevant documents and a chronology of civil liberties developments and arranged in A Z format with multiple indexes for quick reference The Encyclopedia of Civil Liberties in America includes in depth coverage of freedom of speech religion press and assembly as outlined in the first amendment protection against unreasonable search and seizure as outlined in the fourth amendment criminal due process rights as outlined in the fifth sixth seventh and eighth amendments property rights economic liberties and other rights found within the text of the United States Constitution Supreme Court justices presidents and other personalities focusing specifically on their contributions to or effect on civil liberties concepts themes and events related to civil liberties both practical and theoretical court cases and their impact on civil liberties **The FDR Years** William D. Pederson, 2009 Born in

1882 in New York Franklin Delano Roosevelt entered public service through the encouragement of the Democratic Party and won the election to the New York Senate in 1910 This book details his administration at the height of the Great Depression as he valiantly led the nation with the phrase The only thing we have to fear is fear itself      **The Chief Justiceship of Charles Evans Hughes, 1930-1941** William G. Ross,2007 During the 1930s the U S Supreme Court abandoned its longtime function as an arbiter of economic regulation and assumed its modern role as a guardian of personal liberties William G Ross analyzes this turbulent period of constitutional transition and the leadership of one of its central participants in The Chief Justiceship of Charles Evans Hughes 1930 1941 Tapping into a broad array of primary and secondary sources Ross explores the complex interaction between the court and the political economic and cultural forces that transformed the nation during the Great Depression Written with an appreciation for both the legal and historical contexts this comprehensive volume explores how the Hughes Court removed constitutional impediments to the development of the administrative state by relaxing restrictions previously invoked to nullify federal and state economic regulatory legislation Ross maps the expansion of safeguards for freedoms of speech press and religion and the extension of rights of criminal defendants and racial minorities of African Americans helped to lay the legal foundations for the civil rights movement Throughout his study Ross emphasizes how Chief Justice Hughes brilliant administrative abilities and political acumen helped to preserve the Court s power and prestige during a period when the body s rulings were viewed as intensely controversial Ross concludes that on balance the Hughes Court s decisions were more evolutionary than revolutionary but that the court also reflected the influence of the social changes of the era especially after the appointment of justices who espoused the New Deal values of President Franklin Delano Roosevelt      *Human Body Size and the Laws of Scaling* Thomas T. Samaras, Frank J. Williams,2006 This book is an exploration not only of the lessons that Abraham Lincoln America s sixteenth president drew from the founders of the United States especially George Washington and Thomas Jefferson but also how others abroad have interpreted and incorporated his legacy Because Lincoln occupied the presidency during democracy s first great civil war he set a precedent for other leaders at home and abroad Liberal leaders tend to identify with his roles as the Great Emancipator and magnanimous Great Reconciler who eschewed ethnic cleansing in favour of restoring the Union as soon as possible after secession      **United States Academic Decathlon Curriculum ,      Leo Strauss and His Legacy** John Albert Murley,2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss s students and their students students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss s own complete bibliography and that of one of his most revered students George Anastaplo      **Lincoln's Way** Richard Striner,2010-09-16 The debate is as old as the American Republic and as current as this morning s headlines Should a president employ the powers of the federal government to advance our national development and increase the influence and power of the United States around the world Under what circumstances What sort of balance should the president achieve

between competing visions and values on the path to change Over the course of American history why have some presidents succeeded brilliantly in applying their power and influence while others have failed miserably In Lincoln s Way historian Richard Striner tells the story of America s rise to global power and the presidential leaders who envisioned it and made it happen From Abraham Lincoln to Theodore Roosevelt within the Republican Party the legacy was passed along to FDR the Democratic Roosevelt who bequeathed it to Harry S Truman Dwight D Eisenhower and John F Kennedy Six presidents three from each party helped America fulfill its great potential Their leadership spanned the huge gulf that exists between our ideological cultures they drew from both conservative and liberal ideas thus consolidating powerful centrist governance No creed of mere government for government s sake their program was judicious it used government for national necessities But it also brought inspiring results thus refuting the age old American ultra libertarian notion that the government that governs best governs least In a forceful narrative blending intellectual history and presidential biography Striner presents the legacy in full An important challenge to conventional wisdom Lincoln s Way offers both an intriguing way of looking at the past and a much needed lens through which to view the present As a result the book could change the way we think about the future

Encyclopedia of the United States Congress Robert E. Dewhirst, John David Rausch, 2014-05-14 Presents an A to Z reference guide to individuals events and terms of importance to the United States Congress      **The Campaign to Impeach Justice William O. Douglas** Joshua E. Kastenber, 2019-10-21 The politics of division and distraction conservatives claims of liberalism s dangers the wisdom of amoral foreign policy a partisan challenge to a Supreme Court justice and threats to the constitutionally mandated balance between the three branches of government however of the moment these matters might seem they are clearly presaged in events chronicled by Joshua E Kastenber in this book the first in depth account of a campaign to impeach Supreme Court justice William O Douglas nearly fifty years ago On April 15 1970 at President Richard Nixon s behest Republican House Minority Leader Gerald Ford brazenly called for the impeachment of Douglas the nation s leading liberal judge and the House Judiciary Committee responded with a six month investigation while the Senate awaited a potential trial that never occurred Ford s actions against Douglas mirrored the anger that millions of Americans then as now harbored toward changing social economic and moral norms and a federal government seemingly unconcerned with the lives of everyday working white Americans Those actions also reflected as this book reveals what came to be known as the Republicans southern strategy a cynical attempt to exploit the hostility of white southern voters toward the civil rights movement Kastenber describes the political actors ambitions alliances and maneuvers behind the move to impeach Douglas including the Nixon administration s vain hope of deflecting attention from a surprisingly unpopular invasion of Cambodia and follows the ill advised effort to its ignominious conclusion with consequences that resonate to this day Marking a turning point in American politics The Campaign to Impeach Justice William O Douglas is a sobering cautionary tale a critical chapter in the history of constitutional malfeasance and a reminder

of the importance of judicial independence in a politically polarized age     Justices and Journalists Richard Davis,2011-02-14 Justices and Journalists examines whether justices are becoming more publicity conscious and why that might be happening The book discusses the motives of justices going public and details their recent increased number of television and print interviews and amount of press coverage of their speeches The book describes the interactions justices have with the journalists who cover them These interactions typically are not discussed publicly by justices or journalists The book explains why justices care about press and public relations how they employ external strategies to affect press portrayals of themselves and their institution and how and why journalists participate in that interaction Drawing on the papers of Supreme Court justices in the nineteenth and twentieth centuries the book examines these interactions over the history of the Court It includes a content analysis of print and broadcast media coverage of Supreme Court justices covering a 40 year period from 1968 to 2007     Focus On: 100 Most Popular 20Th-century American Politicians Wikipedia contributors,

**FDR** Iwan Morgan,2022-07-14 One of the greatest American presidents Franklin Delano Roosevelt built a coalition of labour ethnic urban low income and African American voters that underwrote the Democratic Party s national ascendancy from the 1930s to the 1980s Over his four terms he promoted the New Deal the greatest reform programme in US history to meet the challenges of the Great Depression led the United States to the brink of victory in the Second World War and established the modern presidency as the driving force of American politics and government Iwan Morgan takes a fresh look at FDR showing how his leadership enabled the United States of America to become the most successful country of the twentieth century This astute and original assessment of a highly consequential presidency explains how Roosevelt enhanced the governing capacity of his office promoted a constitutional revolution through his dealings with the Supreme Court and forged a new intimacy between the president and the American people through his genius for political communication It also demonstrates the significance of his organizational and strategic leadership as commander in chief in America s greatest foreign war his role in holding together the US British Soviet Grand Alliance against the Axis powers and his pioneering development of the national security presidency that sought to promote a lasting post war peace for the world In fluid immensely readable prose Morgan focuses on the ways in which FDR transformed the presidency into an institution of domestic and international leadership to establish the modern ideal of the office as an assertive democratic executive charged with meeting the challenges facing the US at home and abroad     *Book Reviews on Presidents and the Presidency* Frank H. Columbus,2008 This new book presents 245 in depth and incisive book reviews about presidents and the presidency of the United States This book is a must reference in political science current affairs and sociology     **Great American Judges** John R. Vile,2003-06-23 Inspiring and instructive biographies of the 100 most influential judges from state and federal courts in one easy to access volume Great American Judges profiles 100 outstanding judges and justices in a full sweep of U S history Chosen by lawyers historians and political scientists these men and women laid the foundation of U S

law A complement to Great American Lawyers together these two volumes create a complete picture of our nation's top legal minds from colonial times to today Following an introduction on the role of judges in American history are A Z biographical entries portraying this diverse group from extraordinarily different backgrounds Students and history enthusiasts will appreciate the accomplishments of these role models and the connections between their inspiring lives and their far reaching legal decisions William Rehnquist Oliver Wendell Holmes Jr and 12 other Supreme Court justices are found alongside federal judges like Skelly Wright who ordered school desegregation in 1960 Influential state judges such as Rose Elizabeth Bird California's first woman Supreme Court Chief Justice are also featured
