Franz Kafka An Anthology Of Marxist Criticism:

Franz Kafka Kenneth Hughes, Kenneth Robert Hughes, 1981 Franz Kafka Neil Heins, Portia Williams Weiskel, Neil Helms, 2009 Provides a biography of Franz Kafka along with critical views of his work **Franz Kafka, The Jewish Patient** Sander Gilman, 2023-01-06 This is the first book about Kafka that uses the writer's medical records Gillman explores the relation of the body to cultural myths and brings a unique and fascinating perspective to Kafka's life and writings

Kafka's Zoopoetics Naama Harel, 2020-05-04 Nonhuman figures are ubiquitous in the work of Franz Kafka from his early stories down to his very last one Despite their prominence throughout his oeuvre Kafka's animal representations have been considered first and foremost as mere allegories of intrahuman matters In recent years the allegorization of Kafka's animals has been poetically dismissed by Kafka's commentators and politically rejected by posthumanist scholars Such critique however has yet to inspire either an overarching or an interdiscursive account This book aims to fill this lacuna Positing animal stories as a distinct and significant corpus within Kafka's entire poetics and closely examining them in dialogue with both literary and posthumanist analysis Kafka's Zoopoetics critically revisits animality interspecies relations and the very human animal contradistinction in the writings of Franz Kafka Kafka's animals typically stand at the threshold between humanity and animality fusing together human and nonhuman features Among his liminal creatures we find a human transformed into vermin in *The Metamorphosis* an ape turned into a human being in *A Report to an Academy* talking jackals in *Jackals and Arabs* a philosophical dog in *Researches of a Dog* a contemplative mole like creature in *The Burrow* and indiscernible beings in *Josefine the Singer or the Mouse People* Depicting species boundaries as mutable and obscure Kafka creates a fluid human animal space which can be described as humanimal The constitution of a humanimal space radically undermines the stark barrier between human and other animals dictated by the anthropocentric paradigm Through denying animalistic elements in humans and disavowing the agency of nonhuman animals excluding them from social life and neutralizing compassion for them this barrier has been designed to regularize both humanity and animality The contextualization of Kafka's animals within posthumanist theory engenders a post anthropocentric arena which is simultaneously both imagined and very real **Marxism and African Literature** Georg M. Gugelberger, 1986 **Kafka's Architectures** Ayad B. Rahmani, 2015-01-02 Adopting Kafka as a lens to examine modern concepts in architecture this book pries open new interpretations in Kafka scholarship Each of eight chapters takes up an architectural element with which to explore meanings central to both literature and architecture Stairs function as vertical access but in Kafka's hands become an instrument of science testing the merit of natural selection Kafka's doors open and close less to allow passage than to reconcile one psychological interior with the next Notions of plumbing and hygiene begin to acquire new meaning The architecture of Mies van der Rohe begins to make more sense especially his tabula rasa approach to design signifying less a harsh disdain for site and more a response to a reality in which the ceremony of the stairs had died and was replaced by the

pervasive flatness of the modern floor **Franz Kafka** Stanley Corngold,2018-03-15 In Stanley Corngold's view the themes and strategies of Kafka's fiction are generated by a tension between his concern for writing and his growing sense of its arbitrary character Analyzing Kafka's work in light of the necessity of form which is also a merely formal necessity Corngold uncovers the fundamental paradox of Kafka's art and life The first section of the book shows how Kafka's rhetoric may be understood as the daring project of a man compelled to live his life as literature In the central part of the book Corngold reflects on the place of Kafka within the modern tradition discussing such influential precursors of Cervantes Flaubert and Nietzsche whose works display a comparable narrative disruption Kafka's distinctive narrative strategies Corngold points out demand interpretation at the same time they resist it Critics of Kafka he says must be aware that their approaches are guided by the principles that Kafka's fiction identifies dramatizes and rejects **FRANZ KAFKA AND HIS WORKS**

Franz Kafka Michael Lowy,2016-08-25 Franz Kafka Subversive Dreamer is an attempt to identify and properly

contextualize the social critique in Kafka's biography and work that links father-son antagonisms, heterodox Jewish religious thinking and anti-authoritarian or anarchist protest against the rising power of bureaucratic modernity. The book proceeds chronologically, starting with biographical facts often neglected or denied, relating to Kafka's relations with the Anarchist circles in Prague, followed by an analysis of the three great unfinished novels: *Amerika*, *The Trial*, *The Castle*, as well as some of his most important short stories. Fragments, parables, correspondence and his diaries are also used in order to better understand the major literary works. Lwy's book grapples with the critical and subversive dimension of Kafka's writings, which is often hidden or masked by the fabulistic character of the work. Lwy's reading has already generated controversy because of its distance from the usual canon of literary criticism about the Prague writer, but the book has been well received in its original French edition and has been translated into Spanish, Italian, Portuguese, Greek and Turkish.

Kafka's Social Discourse Mark E. Blum, 2011-05-12 Franz Kafka is among the most significant 20th-century voices to examine the absurdity and terror posed for the individual by what his contemporary Max Weber termed the iron cage of society. Ferdinand Tönnies had defined the problem of finding community within society for Kafka and his peers in his 1887 book *Gemeinschaft und Gesellschaft*. Kafka took up this issue by focusing upon the social discourse of human relationships. In this book Mark E. Blum examines Kafka's three novels: *Amerika*, *The Trial*, and *The Castle* in their exploration of how community is formed or eroded in the interpersonal relations of its protagonists. Critical literature has recognized Kafka's ability to narrate the gestural moment of alienation or communion. This social discourse was augmented, however, by a dimension virtually no commentator has recognized: Kafka's conversation with past and present authors. Kafka encoded authors and their texts, representing every century of the evolution of modernism and its societal problems, from Bunyan and Defoe through Pope and Lessing to Fontane and Thomas Mann. The inter-textual conversation Kafka conducted can enable us to appreciate the profound human problem of realizing community within society. Cultural historians as well as literary critics will be enriched by the evidence of these encoded cultural conversations. Kafka's *Imperial Messenger* may finally be heard in the full history of his emanations. Kafka encoded not only past authors but painters as well. Kafka had been known as a graphic artist in his youth and was informed by expressionism and cubism. As he matured, Kafka's encodings of literature as well as fine art are not solely of the work to which he refers but the community of authors or painters and their success or failure of community. Kafka's encodings were meant as an extra-textual reading for astute readers but also as a lesson to his fellow authors whom he held accountable in his correspondence as cultural messengers.

Labyrinths of the Mind Daniel R. White, Gert Hellerich, 1998-04-30 *Labyrinths of the Mind* critically engages and creatively transforms the patterns of postmodern culture. It envisions strategies of self-discovery emerging in our era as a labyrinth whose design evolves as we explore it. Nietzsche serves as our guide throughout the book as we wander the shopping mall, travel on an odyssey with Franz Kafka, critically explore the disorders of psychiatry and psychotherapy, attend a Nine Inch Nails concert during the Gulf War, wake on a

medical examination table and contemplate ourselves in the mirror of the biosphere

Redemption and Utopia Michael Lowy, 2017-03-28 Classic study of Jewish libertarian thought from Walter Benjamin to Franz Kafka Towards the end of the nineteenth century there appeared in Central Europe a generation of Jewish intellectuals whose work was to transform modern culture Drawing at once on the traditions of German Romanticism and Jewish messianism their thought was organized around the cabalistic idea of the tikkoun redemption Redemption and Utopia uses the concept of elective affinity to explain the surprising community of spirit that existed between redemptive messianic religious thought and the wide variety of radical secular utopian beliefs held by this important group of intellectuals The author outlines the circumstances that produced this unusual combination of religious and non religious thought and illuminates the common assumptions that united such seemingly disparate figures as Martin Buber Franz Kafka Walter Benjamin and Georg Lukács

The Deserts of Bohemia Peter Steiner, 2002-01-01 Czech fiction in the twentieth century has been deeply enmeshed in the nation's political life and often serves as a conduit for its authors social ideas Through a series of brilliant and powerful readings of major Czech texts in both literature and history Peter Steiner challenges the view that literary works can be treated as aesthetically distinct from historical events Instead he gives evidence again and again of the inevitable connection between literature and politics Steiner engages six central works ranging from novels to government documents all in his view purvey ideological fictions that have exerted significant social influence He begins with Jaroslav Hasek's 1920s novel The Good Soldier Svejk whose anti authoritarian protagonist was widely emulated during the Nazi and Communist regimes and ends with Vclav Havel's play The Beggar's Opera through which Steiner explores the social role of Czech writing in the 1970s He also considers Reportage by Julius Fucík which announces itself as a documentary of the Communist Party's heroic struggle against the Germans but is for Steiner a fiction arising out of Marxist Leninist ideology Karel Capek's Apocryphal Stories Milan Kundera's novel The Joke and the 1952 show trial of Rudolf Slánský the general secretary of the Communist Party

Modern Languages and Literatures, 1981 Zygmunt Bauman Shaun Best, 2016-02-11 In this ground breaking book Shaun Best analyses the intellectual knowledge production of Zygmunt Bauman and his rise to academic stardom in the English speaking world by evaluating the relation between his biography the contexts in which he found himself and why his intellectual creativity is admired by so many people Bauman has an interesting contested biography and underwent a number of intellectual shifts from the early stages of his academic career as Marxist Bauman moved on and for almost ten years he was associated with postmodernity from 1989 1997 but in 2000 he decided to distance himself from postmodernism and rebrand his approach to understanding the contemporary world as liquid modernity Best shows how Bauman developed his canonised status becoming an intellectual guru in the UK and in Australia despite being largely ignored by the academic community in the United States and Central Europe Rather than investigating Bauman s academic output as a demonstration of his creative genius Best argues that most academic output involves the interplay of multiple factors and this book evaluates the influences on both intellectual choices and the social factors or contexts that led Bauman to attach himself to different sets of ideas during his academic career *The Landscapes of Alienation* Jack Murray, 1991-06-01 **Ethics and Aesthetics in European Modernist Literature** David Ellison, 2001-09-27 David Ellison s book is an investigation into the historical origins and textual practice of European literary Modernism Ellison s study traces the origins of Modernism to the emergence of early German Romanticism from the philosophy of Immanuel Kant and emphasizes how the passage from Romanticism to Modernism can be followed in the gradual transition from the sublime to the uncanny Arguing that what we call High Modernism cannot be reduced to a religion of beauty an experimentation with narrative form or even a reflection on time and consciousness Ellison demonstrates that Modernist textuality is characterized by the intersection overlapping and crossing of aesthetic and ethical issues Beauty and morality relate to each other as antagonists struggling for dominance within the related fields of philosophy and theory on the one hand Kant Kierkegaard Nietzsche Freud and imaginative literature on the other Baudelaire Proust Gide Conrad Woolf Kafka
