**Susanna Partsch, Franz Marc**

## **Franz Marc The Retrospective:**

**Franz Marc** Franz Marc, Annegret Hoberg, Helmut Friedel, Barbara Eschenburg, Isabelle Jansen, 2005 Contains a biography of nineteenth century German Expressionist painter Franz Marc and provides critical analyses along with over three hundred reproductions and photographs of his works

**Marc** Susanna Partsch, Franz Marc, 2001 Animal expressions Franz Marc's search for a universal art Franz Marc 1880 1916 became known principally for his images of animals blue horses yellow tigers red fawns What was it that led him to concentrate on painting animals Marc himself explained his choice of subject matter in these words From an early date I felt humankind to be ugly animals seemed to me possessed of a greater beauty and purity Seeing Marc merely as a painter of animals proves however premature Marc cofounder of the Blaue Reiter group of Expressionist artists was deeply dissatisfied with the impurity of the world and was on a quest for a universal art which would resolve the contrarities of life in the harmony of creation Using pure colors highly charged with symbolic values adopting crystalline shapes and absorbing the influence of Cubism he moved steadily towards an abstract order of image coming closer to his own understanding of a better world At the age of 36 Franz Marc's life was cut short when he died in the Battle of Verdun About the Series Each book in TASCHEN's Basic Art series features a detailed chronological summary of the life and oeuvre of the artist covering his or her cultural and historical importance a concise biography approximately 100 illustrations with explanatory captions

*The Handbook of Art and Design Librarianship* Amanda Gluibizzi, Paul Glassman, 2010 While much attention has been paid to art librarianship as it exists in museum settings comparatively less notice has been taken of academic and art and design school art librarianship as a distinct focus However the skills of subject specialists in the arts and their advocacy on behalf of their users are fundamental elements in vital art libraries that fully support and anticipate the needs of artists designers architects and the historians who study these disciplines Put together by an international team of contributors this essential handbook examines methods of innovative librarianship in academic and art school libraries throughout the world With a focus on the intersection of best practice and best opportunities the book brings together the philosophies and realities of the most creative librarians working in the field of art librarianship today and serves as a field guide to academic art libraries in the twenty first century Key discussions include the role of liaison to the visual arts visual literacy for highly literate viewers art history pedagogy and special collections technology in an art and design library collection management renewal and de accession new forms of scholarly communication and their impact on art librarianship the making of the 21st century art library Readership This timely book is essential reading for all information professionals working in art and design environments It will also be of interest to students of librarianship interested in the challenges currently facing professionals working in this specialized area

*Rilke, Modernism and Poetic Tradition* Judith Ryan, 1999-11-25 If the rise of modernism is the story of a struggle between the burden of tradition and a desire to break free of it then Rilke's poetic development is a key example of this tension at work

Taking a sceptical view of Rilke's own myth of himself as a solitary genius Judith Ryan reveals how deeply his writing is embedded in the culture of its day She traces his often desperate attempts to grapple with problems of fashion influence and originality as he shaped his career during the crucial decades in which modernism was born This 1999 book was the first systematic study of Rilke's trajectory from aestheticism to modernism as seen through the lens of his engagement with poetic tradition and the visual arts It is full of surprising discoveries about individual poems Above all it shifts the terms of the debate about Rilke's place in modern literary history German Expressionism Museum of Modern Art (New York, N.Y.), Starr Figura, Peter Jelavich, 2011 Catalog of an exhibition held at the Museum of Modern Art New York Mar 27 July 11 2011 Gentleman of Leisure Susan Hall, 2006 A facsimile edition of the first 1972 edition that followed Silky a pimp and his women through an entire year of life on the streets of New York City Bob Adelman dives headlong onto the world of the original Macks and players the Big City Pimps in this in depth photographic exploration of the underworld figures that populated the streets of New York City Armed with only a camera Adelman entered the lives of Silky and his women This facsimile edition re introduces this classic of the times and makes available once more this compelling and hugely popular book Movement, Manifesto, Melee Milton A. Cohen, 2004-09-14 The years before World War I were a fertile period for artists in Europe and the United States who were challenging aesthetic convention in music writing and the visual arts These early pioneers of modernism sometimes preferred to work alone but just as often they were associated with groups whose boundaries were permeable and freely changing While these individual groups including the Futurists Imagists Blue Rider and the Second Vienna School have been thoroughly studied scholars of the period have often neglected the formative and pervasive interactions of these groups across geographic and artistic boundaries Providing a historical taxonomy of this influential milieu Milton Cohen demonstrates how these groups were largely responsible for the artistic innovation and nearly all the avant garde agitation and major events of these years With concluding appendices intended for scholars and specialists this engagingly written book will be useful not only for classroom use and scholarly research but will appeal to anyone interested in reading a fresh approach to the history of early modernism **Franz Marc and artworks** Franz Marc, Klaus H. Carl, 2022-12-06 Condemned by the Nazis as a degenerate artist Franz Marc 1880 1916 was a German painter whose stark linearity and emotive use of color eloquently expressed the pain and trauma of war In work such as his celebrated Fate of the Animals Marc created a raw emotional expression of primitive violence which he called a premonition of the war which would eventually be the cause of his own untimely death at the age of 36 **Concise Dictionary of Women Artists** Delia Gaze, 2001 The Concise Dictionary of Women Artists provides an alternative history of Western art from the Middle Ages to the present day In 200 entries it examines the lives working conditions and most of all the work of a remarkable group of artists Bookforum , 2006 **Annual Report** National Endowment for the Arts, 1976 Reports for 1980 19 also include the Annual report of the National Council on the Arts **Expressionism and Poster Design in**

**Germany 1905-1922** Kathleen G. Chapman, 2019-01-21 In *Expressionism and Poster Design in Germany 1905 1925* Kathleen Chapman re defines Expressionism by situating it in relation to the most common type of picture in public space during the Wilhelmine twentieth century the commercial poster Focusing equally on visual material and contemporaneous debates surrounding art posters and the image in general this study reveals that conceptions of a modern image were characterized not so much by style or mode of production and distribution but by a visual rhetoric designed to communicate more directly than words As instances of such rhetoric Expressionist art and posters emerge as equally significant examples of this modern image demonstrating the interconnectedness of the aesthetic the utilitarian and the commercial in European modernism *ARTnews*, 2006 *Twentieth-century European Painting* Ann-Marie Cutul, 1980 **Marginal to Mainstream** Toby Norris, 2023-10-30 *Marginal to Mainstream French Modernism Between the Wars* traces the near miraculous progress of modern art in France in the first half of the twentieth century Before World War I it was a marginal phenomenon largely absent from the museums and bought and sold by a handful of second string dealers by the early 1950s it had been canonized as the representative form of the epoch The triumph of modernism and the simultaneous establishment of Paris as the crucible of modern art were not the products of a coherent policy but of a stumbling and spasmodic process France was the leading democratic nation in Europe and it wanted its art to reinforce its prestige on the international stage but no one could agree how best to achieve this Toby Norris shows how amidst the policy squabbles and in fighting of representative government France fumbled its way toward an art of democracy and in the process helped install modern art as the house style of democratic capitalism **Gallery Notes** Buffalo Fine Arts Academy, 1958 **Art in a Turbulent Era** Peter Selz, 1985 **The Blue Rider** Matthias Mühling, Annegret Hoberg, Anna Straetmans, 2021-01-01 *Das ganze Werk Kunst genannt kennt keine Grenzen und V lker sondern die Menschheit* So schrieben es Franz Marc und Wassily Kandinsky 1911 fu r ihren Almanach *Der Blaue Reiter* Dieses programmatische Jahrbuch etablierte den Blauen Reiter ca 1911 1914 als einen der ersten transnationalen Ku nstler innenkreise Und dieses Credo inspirierte das Lenbachhaus dazu das Werk der beteiligten Ku nstler innen unter ihnen Gabriele Mu nter Alfred Kubin Maria Marc und Elisabeth Epstein nicht nur sthetisch und historisch sondern in seinen geistigen sozio konomischen sowie politischen Zusammenh ngen zu betrachten Denn nicht nur mit Worten sondern auch mit Bildern und Taten setzte sich der Kreis des Blauen Reiter fu r ein globales gleichberechtigtes Kunstverst ndnis ein Gefangen in der Zeit der kolonialen Weltordnung vor dem Ersten Weltkrieg gelang es allerdings auch ihnen nicht eine emanzipatorische Praxis von Kunst jenseits nationaler Zugeh rigkeit sowie tradiert Hierarchien und Gattungen umzusetzen *Feminism And Art History* Norma Broude, 2018-02-23 A long needed corrective and alternative view of Western art history these seventeen essays by respected scholars are arranged chronologically and cover every major period from the ancient Egyptian to the present While several of the essays deal with major women artists the book is essentially about Western art history and the extent to which it has been distorted in every period by sexual bias

With 306 illustrations      **Civil War and the Collapse of the Social Bond** Michèle Lowrie, Barbara Vinken, 2022-10-13 The  
Roman tradition represents civil war as a political matter that cuts to the heart of family sexuality and society
