Fred Cumberland Building The Victorian Dream:

Fred Cumberland Geoffrey Simmins, Frederic William Cumberland, 1997-01-01 Fred Cumberland 1821 81 a Canadian Renaissance man an architect railway manager and politician whose life and work changed Victorian Toronto s urban Osgoode Hall John David Honsberger, John Honsberger, 2004-09 Osgoode Hall is a national monument and one of Canada's architectural treasures Of the many public buildings erected in pre Confederation Canada it best encapsulates the diverse stylistic forces that shaped public buildings of its era. The gated lawns the grandly Venetian rotunda the ornate courtroom the portrait lined walls and the stained glass windows evoke a venerable dignity to which few Canadian institutions can aspire It has been the seat of the Law Society of Upper Canada since 1832 and of several of the Superior Courts of the province for almost as long It has become a symbol of the legal tradition not only in Ontario but throughout Canada and beyond University of Toronto: An Architectural Tour (The Campus Guide) 2nd Edition Larry Wayne Richards, 2019-04-02 University of Toronto The Campus Guide second edition portrays the dramatic growth and development of Canada's largest university while it showcases some of the finest architecture and landscapes in eleven curated walking tours Founded in 1850 and built in a pastoral setting outside the city limits the renowned university now has more than 90 000 students at three distinguished campuses the downtown Toronto St George campus the University of Toronto Mississauga and the University of Toronto Scarborough Extraordinary new photographs and beautifully illustrated maps bring to life the university s historical evolution from the nineteenth century to the present University of Toronto is the newest addition in the acclaimed Campus Guide series of leading colleges and universities in North America *Notes to the* University of Toronto Martin L. Friedland, 2002-12-15 Two histories of the University of Toronto have been published one in 1906 and one in 1927 Since the latter volume appeared no comprehensive history of the University has been published Given the size of the University and the complexity of the task this is not entirely surprising But after sixty six years this gap in the intellectual history of Canada has been filled and we are delighted to announce publication in March of 2002 of Martin Friedland's new history of one of Canada's most important educational and cultural institutions. The author of several books on legal history Professor Friedland brings to this task an accomplished eye and ear and a status as a long time member of the University community Professor Friedland's text is accompanied by over 200 maps drawings and photographs Published to coincide with the University s 175th anniversary The University of Toronto A History tells the story of the university in the context of the history of the nation of which it is a part weaving the stories of the people who have been a part of this institution people who make up a who s who in the history of Canada Anyone who attended the University or who is interested in the growth of Canada's intellectual heritage will enjoy this compelling and magisterial history Challenging Frontiers Lorry W. Felske, Beverly Jean Rasporich, 2004 Challenging Frontiers The Canadian West is a multidisciplinary study using critical essays as well as creative writing to explore the conceptions of the West both past and present

Considering topics such as ranching immigration art and architecture as well as globalization and the spread of technology these articles inform the reader of the historical frontier and its mythology while also challenging and reassessing conventional analysis Visibly Canadian Karen Stanworth, 2014-11-01 Spectacular scientific and educational cultural practices were used to establish and define public identities in the British colonies of nineteenth century Canada In Visibly Canadian Karen Stanworth argues that visual representations were the era's primary mode of expressing identity and shows how the citizenry of Quebec and Ontario was or was not represented in the visual culture of the time Through nine case studies each representing key moments of identity formation and contestation Stanworth investigates how a broad range of cultural phenomena from fine arts to institutional histories to public spectacles were used to order resist and articulate identities within specific social and economic contexts. The negotiation and planning underpinning civic culture are evident in rare moments of compromise such as the surprising proposal from the Saint Jean Baptiste Society to merge their annual parade with the celebration of Queen Victoria's Diamond Jubilee in 1897 Equally astounding is the scale of nineteenth century public spectacles reenactments of Victorian scenes of war often attracted crowds of upwards of 10 000 people Illustrated with over fifty images many unseen for over a century Visibly Canadian establishes the extraordinary significance of artwork and public spectacles in cutting across language religion and class to tell stories of nationhood belonging and **Commerce of Taste** Barry Magrill,2012 How books of church drawings marketed taste and status alongside difference social change **University of Toronto**, The Many Rooms of this House Roberto Perin, 2017-05-08 Places of worship are the true building blocks of communities where people of various genders age and class interact with each other on a regular basis These places are also rallying points for immigrants helping them make the transition to a new and often hostile environment The Many Rooms of this House is a story about the rise and decline of religion in Toronto over the past 160 years Unlike other studies that concentrate on specific denominations or ecclesiastical politics Roberto Perin s ecumenical approach focuses on the physical places of worship and the local clergy and congregants that gather there Perin's timely and nuanced analysis reveals how the growing wealth of the city stimulated congregations to compete with one another over the size style materials and decoration of their places of worship However the rise of individualism has negatively affected these same congregations leading to multiple church closings communal breakdown and redevelopments Perin s fascinating work is a lens to understanding how this once overwhelmingly Protestant city became a symbol of diversity Sir Sandford Fleming Jean Murray Cole, 2009-10-12 Sandford Fleming knew fame and many honours later in life but the path was not always easy His beginnings are revealed in these early diaries that record his thoughts as an eighteen year old leaving his family home in Scotland for Canada After unsuccessful attempts to get work as a surveyor he finally made important contacts in Toronto and through involvement with the Mechanics Institute and the Royal Canadian Institute became connected to the leading architects and engineers in the community His work on major projects including an ambitious plan for the Toronto

Harbour and The Esplanade ultimately led to his first big railway appointment in 1852 Best known for his role in mapping the Canadian Pacific Railway he also designed Canada's first adhesive postage stamp the three penny Beaver was an early promoter of the Pacific cable and is recognized around the world as the inventor of Standard Time The recipient of many honours Fleming was knighted by Queen Victoria in 1897 The University of Toronto Martin L.
